

Eastwell Lodge People

Complete lists of known residents and carers

- Below is a list of all past residents that we currently know of. Where possible pictures have been added from various sources over the last three years. Special thanks to Aunty Frances, Aunty Liz Leake, Aunty Sue Stalmach & Aunty Pat for providing a wealth of info / pictures.
- They are generally sorted into separate decades starting with the year entered the homes (where known). Although some of the 60's and 70's have been merged.
- I apologise if your picture is used without your permission and if it is not too flattering. Facebook members will now know why I have been pestering them for "old & current" pics. My only motive is to help others try to recall what we looked like in the homes & an idea of how we look now for reunion recognition. Feel free to offer replacement & new pictures or inform Nigel if there are any errors.
- Naturally like our picture & memory archive there will be constant additions / changes over the forthcoming years. It is our intention to update this on an annual basis in advance of future reunions & with our contact master database of which you all have the latest copy.
- If you remember any names that are currently not listed, or have any suggestions on how this section can be improved then do let us know. **THANK YOU**
