

## **Grassroots engagement funding opportunity**

The NHS are offering funding to local organisations and groups to run an activity or event, enjoyable to their local community, that they can attend and speak to people about their experiences of using local health and care services.

Example events include tea dances; pottery classes; pizza and movie afternoons, cultural activities etc.

A maximum of £750 per event is available.

Colleagues from the **NHS** will attend these events/activities and spend part of the time talking to local people about their experience of using local health and care services. When making an application please make sure you tell us how your event will help us to do this.
