

Roadworks: Telham Lane/Forewood Lane, Battle

29 November 2017

Dear resident,

The current roadworks taking place on Telham Lane/Forewood Lane are more extensive than we originally planned. As such, the road will be closed 24 hours a day until 10 December. This is because we are carrying out road reconstruction on Forewood Road, near the junction of Telham Lane, as shown below. When carrying out works like this, we need to fully close the road to ensure the area is safe for our workers and for you, local residents and road users.

The road will be closed to through traffic 24 hours a day until the 10 December. Our team on site will try and give access to residents as best they can. This may sometimes involve taking the diversion or waiting for equipment to be moved out of the way. A suitable diversion route will be signed on site.

On Monday 11 December until Friday 15 December the road will be closed between 9:30am and 4pm whilst we carry out resurfacing works on Forewood Lane and Telham Lane.

We apologise for any inconvenience that this causes. If you do have any questions then please contact us on 0345 60 80 193.

Thank you,

East Sussex Highways
