

Question on flexible guiding

In your group, please discuss the situation below. How could it be resolved? Choose one person to report your ideas back to the whole group.

Petersbridge Division is a small one, with two Districts; Petersbridge Town and Coppard's Heath. The latter is the larger of the two Districts. Petersbridge Town leaders have always felt 'the poor cousins' as Coppard's Heath is a wealthier residential area. Coppard's Heath leaders feel that Petersbridge Town leaders don't support Division events, and won't come up with ideas to support the Division.

Petersbridge Town District has a Commissioner, but the Commissioner for Coppard's Heath District is coming to the end of her time of office, and there is no-one able or willing to take on the role.

If you were the Commissioner for Petersbridge Division, what would you do, and how would you go about it?
