

Notes on Brownie Adventure Handbook

The new Brownie Adventure book combines the old Brownie Adventure and Adventure On books. A new section has been added: more Adventures. The activities in each section are designed for the following age groups:

| | |
|---------------------------------------------------------|---------------|
| Adventure activities | Brownies 7-8 |
| Adventure On activities | Brownies 8-9 |
| More Adventure activities Brownies <i>Go for It!</i> | Brownies 9-10 |

Older Brownies can do activities designed for younger girls, but it is hoped that they would have more of a leadership role, or be involved in the planning or preparation.

A girl does not have to finish all the clauses in the Adventure section before moving up to the Adventure On section, or Adventure On to more Adventures. The guideline is age.

I hope that makes the changes in the book clear.
