MAINTAINING FOOTPATHS FOR ALL TO ENJOY

The Merriott Footpath Group has been set up as a result of the updated Village Plan. We are a small group of villagers whose aim is to keep the parish footpaths maintained in good condition for all to enjoy. We work closely with the Parish Council and Somerset County Council as different aspects of maintenance come under the auspices of separate authorities. We have commenced our own survey of the footpaths and an interim report was passed to the Parish Council. Subsequently we have met with the Somerset County Council Rights of Way Maintenance and Development Team. Our aim is to work at some of the smaller and routine jobs as a group whilst liaising with the rights of way team on the larger issues.

By the time this article is published it is hoped that a Parish Path Liaison Officer will be appointed.

Merriott has approximately 35 footpaths of varying length which cross the parish, many of which join up and form longer routes through neighbouring parishes. We are fortunate to have this asset in the parish and a number of the paths are well used. Some are used less frequently and these tend to become overgrown in the summer unless some attention is paid to them. It is important that all the paths are used as often as possible in order to keep them open. One way of helping to keep the paths clear, particularly in the summer months when vegetation grows rapidly, is to consider carrying a pair of secateurs when walking and cut away any offending brambles along the way. Many

people are doing this already and it really does help. If you do come across any major obstruction, broken gate or stile, please alert the group by emailing details of location and the nature of the problem to merriott.fg@gmail.com.

Please be respectful of landowners and keep to the designated footpath routes. We would ask landowners to check that footpaths that cross and border their land are kept free from obstruction and overgrowth and are reinstated after ploughing and seeding. We can all, then, enjoy the countryside that surrounds us.

Finally, one of our group is working on a local footpath guide and map which we hope to publish sometime in the future. It may also be possible to organise a 'village walk' from time to time. We will keep you posted.

CHRISTMAS COLOURING COMPETITION

The editors are pleased to announce that Maddie Eaton, aged 4 (entry below left) and Alanna Jacobs aged 10 (entry below right) are the winners of the colouring competition in the December issue of Messenger. Well done to them and they will each receive a £10 Amazon gift voucher in recognition of their efforts.

TOY PROJECT KICKS OFF THE NEW YEAR FOR CHILDREN AT MERRIOTT FIRST SCHOOL

At the time of writing the children have already settled back happily into the school routine (we have been back for two days!)

By the time this goes to press we will be nearing the end of our project for the first half of the Spring Term - Toys. We will have looked at their history, tried designing and making our own and played with modern and traditional toys.

The second half of the Spring Term is "Lights, Camera, Action" where we will explore animation, followed by "Move it" and "Invader and Settlers" in the Summer Term.

As always we welcome anyone who would like to come in to support children throughout the school with "Reading, Writing and Mathematics" for half an hour at the beginning or the end of the school day.

NEWS FROM ALL SAINTS CHURCH

Warm greetings and best wishes from all of us at All Saints to you and your families for this new year of 2015. Christmas already seems like a distant memory, but I do want to say that we had a wonderful time as a church celebrating the gift of God's own Son with many different local groups and people; including Merriott First School, Merriott Pre-School, the Minnows toddler group, Merriott Youth Football Club, Wessex Young Farmers, Careford Lodge, Moorlands Residential Home and the Women's Fellowship. This was alongside many other special seasonal services held in church. It was lovely to meet lots of new people, both young and not so young! Thank you all for making Christmas 2014 so special.

Easter is quite early this year, so Lent gets underway this month! (I can't quite believe I have said that, straight after talking about Christmas!) We hold a very special service on Ash Wednesday to begin this season of reflection and preparation. It includes receiving the sign of the cross in ash on our foreheads; as a

symbol of our earthly nature and as a mark of our need to seek forgiveness. It's a powerful and moving service, and this year we hold it in Lopen. Please come down if you can. If you need a lift, please get in touch.

We are still finalising plans for our 'Lent Course', but hope to hear from a range of speakers and organisations on the subject of 'Faith in Action'. Look out for posters and flyers with more details.

There will also be a simple and reflective midweek Communion service at Merriott Church throughout Lent, at 10am on Thursdays. The first one is on the 26th February.

Did you know that we now have a Facebook page? You can keep up with services, events and activities by navigating your way to:- www.facebook.com/pages/All-Saints-Church-Merriott/187259404716212 and clicking on the 'Like' button.

MOORLANDS FARM DEVELOPMENT AND A SURGERY FOR MERRIOTT

Clipper Developments have completed the stripping of the existing buildings on the site and have now begun to reconstruct, refurbish and alter them to the existing planning approval.

The Village Plan Group has received a letter from Dr Balian, the Managing Partner of the Crewkerne Health Centre to say that it does not wish to be involved in the development of the surgery at Moorlands Farm. This is very disappointing news to all concerned. However, as a result, Clipper Developments, which has the surgery site, together with Merriott Pharmacy and Merriott Parish Council are collaborating to produce a deliverable solution for the construction and staffing of a surgery in Merriott. The case for a surgery in the village is stronger than ever.

Dr Balian's letter, setting out the reasons why Crewkerne Health Centre do not wish to be involved in the Merriott Surgery, is available to read on the Merriott Village website.

'HAPPINESS... SHARE A THOUGHT'

In the March edition of The Messenger, Merriott Pharmacy would like to write an article on depression and the positive steps we can take to help ourselves and those around us.

The Pharmacy would like to hear your thoughts if you would like to share them with the community. It could be anything from the things that inspire you and make you happy, to the ways in which you combat negativity.

A suggestion box and clipboard entitled 'share a thought' will be placed in the Pharmacy for the next few weeks; it can be as

little as a word or a few lines expressing your view, and of course all posts shall be anonymous.

Depression is a common mental disorder, which can affect many of us at some time in our life, and can be treated in many different ways. The Pharmacy is on hand to listen, offer advice and can signpost you to a selection of organisations and support networks, as can your GP, and there is also a range of support and advice available online. Being able to talk to someone about how you are feeling is a great way to start feeling better. A problem shared really can be a problem halved! Merriott Pharmacy looks forward to sharing your thoughts and wish you a happy 2015.

ANOTHER BRILLIANT EVENING - CAROLS & CLASSICS 6

On a cold and frosty Saturday evening, on the 13th December, an audience of over 170 waited in anticipation of the annual event of Carols & Classics performed by Joseph Fisher and his friends in All Saints Church, Merriott.

The audience was not disappointed - a full programme of Carols, serious Classical and fun Christmas arrangements were performed to their delight. Suling King, who had only just arrived back from an appearance in Doha, Qatar, played beautifully Mozart's Piano Concerto No 9. It was her first time in Merriott, while Nuno Carapina, a now regular at Merriott, played an

extremely unusual version by Schnittke of Silent Night on the violin, full of purposeful wrong notes and had the audience in shouts of laughter and amazement at his skill. A great evening was had by all musicians - 7 players and "singers" this year, who came from around the country to be in Merriott for which their skill and performance is now legendary in the village and surrounding areas. The evening raised over £700 towards Church projects and thanks go to all those who helped selling raffle tickets, serving the mince pies and mulled wine, raffle donations and of course the audience who made this another memorable evening.

NEWS FROM THE SWAN

We would like to wish all our customers a happy New Year. Your village Pub held several events over the festive season and would like to offer special thanks to Nick & Dave who created a super atmosphere and party mood on New Year's Eve again to the delight of a packed house. We started with catering for numerous Xmas meals and Cathy and her team produced superb food with excellent service. We also had a great party night on the 20th with Simon Rees casting his spell with a great range of music, song and revelry.

During January we will be taking a well-earned rest (our first in 3 1/2 years) and we apologise for any inconvenience this

may cause for catering during the month.

We look forward again to the 6 Nations Rugby which commences on Friday 6th Feb with Wales v England. We follow that with a party of 26 going to Twickenham for England v Italy but retaining our involvement in the Pub as usual. Please watch out for further notices of events posted outside the Pub & around the village.

Dates for your Diary

Sat Feb 28th - Steak Night £22 per couple and free bottle of wine

Sat May 9th -70th Anniversary V E Day celebration with a 25 piece Swing band in the garden. 1940's dress if you can! Watch out for more information.

Saturday June 27th - Barn Dance

A SAFER WALK TO CREWKERNE

We were delighted that the Highways Agency responded quickly to a request sent in the autumn, for improvements to the pavement (footway) from

Merriott to Crewkerne.

The hedge and bank have been cut back, the surface swept and inspected and a bench will be in place soon. The funding for the bench will be provided by our County Councillor's small grant fund. It will replace a bench long since removed but remembered by village residents as a welcome stopping place on the route.

We hope that completion of this project will encourage more people to walk this way, as it is wide enough to use a push-chair or go side by side. In addition, there are also dropped curbs being put in Higher Street and we have requested that the pavement should also be resurfaced.

GARDENING CLUB NEWS

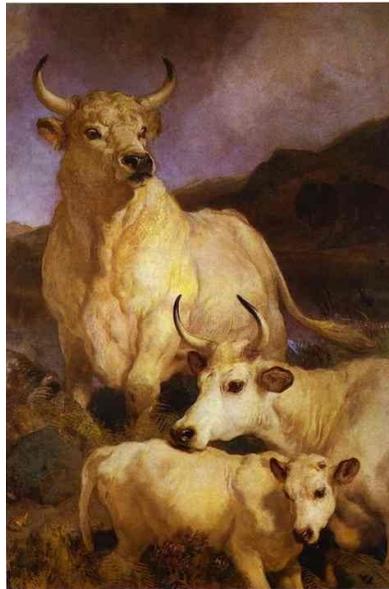

Chillingham Park (365 acres), which was enclosed in the 13th century and close to Alnwick and Bamburgh in Northumberland, is home to the only herd of feral (semi wild) cattle in the UK. Chillingham cattle are thought to be descended from 'Forest' cattle which roamed the ancient woodlands covering much of the country and were here well before the Romans arrived. They are to be found nowhere else in the world.

These horned animals are largely white but with black tips on the muzzle and ears. They are small compared to modern farm cattle. The bulls in the herd fight among themselves to establish a hierarchy and the right to breed. There has been no introduction of animals from other herds and the animals are genetically identical. This is because the herd has been down to very few animals (perhaps only 10) in earlier years even though the herd is now over 100 strong. Normally highly inbred animals suffer ill health and lack vigour, but Chillingham cattle seem to be able to withstand leading an outdoor life all the year round with minimal human intervention.

The cattle were in the care of the Earls of Tankerville for hundreds of years until 1971, when Lord Tankerville bequeathed them to the Chillingham Wild Cattle Association (CWCA). In 2005 the CWCA was able to purchase the Park.

As these animals are so rare and there is a risk the whole herd might be lost by a disease outbreak, the Rare Breeds Survival Trust has established a second herd at a secret location in Scotland.

In 1867, the then Earl of Tankerville commissioned the renowned animal artist, Sir Edwin Landseer, to paint the 'Wild Cattle of Chillingham' which now hangs in the Laing Art Gallery in Newcastle upon Tyne.

On Tuesday 24th February Malcolm Mills of the Gardens Group will give a talk and demonstration on Pruning Shrubs and Fruit Trees. At Sherborne last year this proved to be a very popular talk. Meet at the Tythe Barn at 7.30pm. Refreshments, raffle, sales of plants and seeds. A warm welcome to everyone. Non-members £2.

A reminder that during February, the Gardens Group "Gold Club" discount scheme operates for garden club members only. They issue a voucher which gives 25% off a very wide range of goods. There is also an order form and you can telephone your order through. All orders, including composts and fertilisers, are delivered free of charge. An excellent service if you find handling heavy bags of compost a bit of an effort. The Gardens Group garden centres are Brimsmore Gardens near Yeovil, Castle Gardens in Sherborne or Poundbury Gardens in Dorchester. If you weren't at the meeting in November when the vouchers and order forms were given out you should have received yours by now.

We are a small and very friendly gardening club - why don't you join us or perhaps come to one of our meetings as a guest? We look forward to meeting you.

STAYING SAFE ON THE INTERNET

Be aware that there are a lot of people out there who want your personal details for fraudulent reasons.

Some of the ones we have heard of recently are calls from 'Windows' telling you that your computer has a virus, Fed Ex saying you have a parcel that needs delivery, or a bank saying that you need to follow the link to go to their website. REMEMBER, never trust a link that then asks for any personal details. Before you open it, think, do I actually have an account with that bank? If in doubt delete the email without opening and go through the normal channels to speak to that company. In general, your bank or Microsoft will never call you asking for personal details.

A VIEW ON THIS YEARS' GENERAL ELECTION BY SAM WYCHERLEY

May 7th this year will mark another general election, an election that should be “democratic”. But will it be? Compared to our European counterparts, our electoral system seems out-dated and fairly undemocratic.

The most obvious aspect of our electoral system skewing its results is the way we vote. The UK uses First-Past-The-Post, where candidates within local constituencies compete for votes at election time and the candidate with the most votes in the constituency is elected MP. This system is designed to tie MPs to a local area, so that they can represent that area and are accountable to those constituents. First-Past-The-Post (FPTP) is also supposed to create a strong single-party government that will be able to carry out its manifesto without compromise. FPTP has some extremely significant drawbacks, however. Firstly, it does not distribute seats based on votes. Labour and the Conservatives together received only 67% of votes but gained 87% of the seats in the 2010 election. In this sense, FPTP clearly undermines the principle of democratic representation. Take the US Presidential election in 2000 as an example, which is also based on FPTP. George W. Bush became President

but came second in terms of votes to Al Gore, clearly demonstrating just how undemocratic FPTP is. Secondly, FPTP has failed to create strong single party governments. Our current government is a coalition and the government of 2015-2020 will probably be as well. Not that there is anything inherently wrong with coalitions – Denmark, Germany and many other European states almost always have coalition governments, and the compromise involved allows the government to represent the interests of most of the electorate. This is because these countries use proportional representation, where the number of votes nationally equates to the number of seats, arguably a far fairer system than FPTP.

The UK's electoral system is unfair in that the voting age is 18, denying future generations an opportunity to vote. The Scottish independence referendum, where the voting age was 16, proved young people are willing to engage in elections if they are given the opportunity. Perhaps lowering the voting age will also boost future election turnouts (which are currently around 65% mark) by engaging people in elections earlier, they will, continue to vote throughout their lives.
