What is the Dalry Neighbourhood?

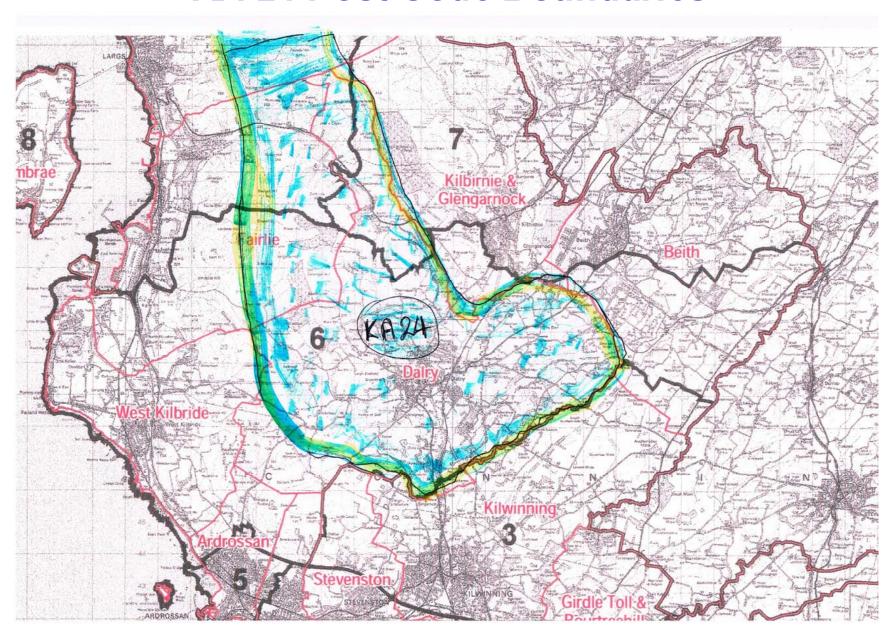

Your Neighbourhood could be any one, or a combination of the following:

- Your Electoral Ward boundaries?
- Your Post Code boundaries?
- Your Civil Parish boundaries?
- Your Fire, Police, Health, Social Work and Education boundaries?
- Your Community Council boundaries?
- The boundaries used by Scottish Government for the reporting of statistics?
- Being part of a community that historically you and past generations have considered to be Dalry?
- The boundaries, defined from demographic area statistics, currently being proposed for the Neighbourhood Planning definition of our Community?

NAC BRIEFING NOTE - "NEIGHBOURHOOD PLANNING APPROACH" January 9, 2015 - extract

- **New Boundaries** Options for establishing new Neighbourhood Planning boundaries based on the most robust criteria, presented to CPP Board with six neighbourhood boundaries approved (2012). These were *Arran; Irvine; Kilwinning; Three Towns; Garnock Valley; North Coast, West Kilbride & Cumbrae.*
- First series of six **Neighbourhood Planning Forums** organised and delivered Winter 2013/14. Over 24 speakers & up to 200 delegates including key CPP Partners, elected members, community council chairs, representatives of local associations and schools attended venues across each of the six neighbourhoods.
- Series of **pre-engagement workshops** held with elected members, CPP Board members and the Community Engagement Reference Group on Neighbourhood Planning issues providing a mandate for further consultation (Nov 2014).

With three pre-engagement discussions completed with stakeholder groups, six evening workshops at local venues were then held across the neighbourhoods during February/March 2015. These were facilitated by senior staff in Connected Communities with the aim to explore wider issues and opportunities with the NP approach.

I would suggest, from the content of the briefing note, that neighbourhood boundaries have already been decided, and may not form part of any ongoing consultation process.
