

Playing @ home - Bubblestastic!

One of the greatest inventions of all time is bubbles. Adults and children alike can't help but smile when they see them. They are so cheap to make and to buy, use them inside or outside, on the walk to ELC, how many you can burst, how far can they fly, lying down and bursting them with your toes what colours can you see, the options are endless. Please share any bubble pictures with us at marie.farren@east-ayrshire.gov.uk.

"Stay and Play" aig Sgoil-àraich Gàidhlig.

We are looking forward to opening our room for our first "Stay and Play" day of the year. Parents/carers are invited to drop in on 3 October from 10.30 to 1130 to share learning with your son/daughter.

What a busy time we've had in the Sgoil-Àraich this month! We celebrated 20 years of Gaelic medium education in East Ayrshire on the 26th of September and what a great excuse to take to the stage! We learnt all the words to 'Tunnagan Beaga' and sang it beautifully to our family and friends. We were also joined by Alex McPhee (Deputy Chief Executive), John Wilson (Education Manager, EAC) and Willie Coffey (MSP) who I'm sure enjoyed our lovely singing too!

We've been learning about transport over the last few weeks. We told Mrs Farren and Mrs MacLeod that we would like to learn all about planes, trains and automobiles! Here are some useful phrases to practice at home;

And if you're really keen, here are a few more words you can use at home!
