

16 May 2017

Dear Parent / Carer

Homework

Homework has been identified as an area for improvement.

A number of you took part in our Homework Survey Monkey Consultation. The results are inconclusive, with a mix of for and against homework and the tasks. The topic of homework requires further information to inform the revision of current practice. I would appreciate your views, if you have not already provided them through the online survey. The questions accompany this letter and further copies are available from the school office. Please return completed forms by Friday 26 May. The results will be shared with you prior to the summer holidays.

Our recent questionnaire, identified an area which I agree, needs further development. Parent workshops and homework clubs for parents, carers and pupils, along with more bespoke information relating to helping your child with their learning. It is also hoped to offer family learning opportunities, suggested by some of you e.g. cookery classes.

In the meantime, we have decided to hold a 'No Homework' week to help inform views regarding the value of homework.

Yours sincerely

Mrs K McCartney
Head Teacher
