

Derwenthorpe evaluation meeting: ideas

Making the most of our homes

Physical/system improvements	Information wanted	Ways of sharing information	Other
Feasibility of installing MBHR in other phases (single room)	Share info on how we use our heating for more efficient heating: 6 points available	Home manual, for new homes and new people	Rocket composting
Switch 2 how it behaves, too hot, wasted heat	Trickle vent: science of, how to use instructions	Put house use manuals on line	More composting
Solar panel potential	MNHR, extractions systems, environmental features	Derwenthorpe you tube channel/video 'how tos'	Using non environmental processes, e.g. boiler rooms, balconies, washing machines
Water butt installation/info/help		Online forum for tips and tricks	Promotion of phone aps for e.g. thermostats
Get the builders to complete the efficiency: solar panels, charging points for cars MEV make them work		Dissemination/displays at SSC (coffee mornings)	A list of useful trades people
	How do I get the water softener serviced? Where's the stop cock? How do I adjust the water temperature? Use heating controls?	FAQ page on Derwenthorpe web site	

Developing an inclusive community

Finding out what people would like	Event ideas	Dissemination	Other
Identify wide range of types of people who might be willing to talk about what they like to see (rather than trying to guess)	Gardening advice, gardening club	Digital noticeboard	Agree principle of linking to and involving our surrounding communities. Not duplicating resources/activities/groups e.g. tang hall community centre/Burnholme centre/bicycle belles
Survey to ask what events people would like	More activities for children	Information forum	Meetings avoiding bed time for families
Shout out in Lotson e.g. is someone interested in starting up a gardening club/or whatever	Community currency for skills exchange	Bring the DRA website into the C21st	Develop further resources e.g. café, shop, centre (we already have these at the new library)
Profile the community in order to develop inclusivity	Computer club		SSC open all hours
Set up a parents group to lead on children's activities	Digital photography club		Proactive community development worker
Ditto young peoples' group	You tube video training		Start a network for residents with disabilities
	Set up a work journeys car share scheme e.g. to Leeds		Investigate barriers for disabled people
	Revive caterpillar club		Accessible parking at SSC
	Backgammon/board games club		Pavements!
	Family cycling		Develop an outdoor and indoor space for sport/impromptu games
	Outside fitness class using the fit trail equipment		
	Restart film club		

Reducing our carbon footprint

Individual	Physical/system improvements	Our community	York/wider
Shop plastic free	How can we facilitate the adoption of solar panels?	Central recycling/community recycling for non-standard materials e.g. foil	Lobby council to improve recycling of waste
Use local milk deliveries, glass bottles	Improve efficiency of the district heating system	Print on less glossy paper Ensure use recycled paper	Orbital bus for all York
Support Derwenthorpe action against climate change group	Bus link to rail station Bus to connect phase 1 -4	Consider pros and cons of different forms of composting: what works best - wormeries?	
	Small scale CHP?	Promote local allotments	
	Retrofit garden rooms to houses without them, they are great managers and producers of heat for the house.	Cycleway leaflet	
	Keep cupboard of wasted heat on the agenda with Veolia	Car pool groups	
	Plant more trees in shared space and our gardens	Cycle share scheme	
	Publish monthly energy figures /compared to neighbours (nudge theory)	Link to tang hall food coop	
		Raise awareness of flights CO2 and attractiveness of local UK holidays
