

# BSCS Family Workshops Spring Term 2018

You are invited to three evening workshops as part of Berkshire Sensory Consortium Service Support available for your child.

The workshops will provide information on topics relating to vision impairment, how this affects the whole family and how to support your child's learning.

They also provide an opportunity for parents to meet other parents in a relaxed atmosphere.

The workshops will be practical, interactive and we hope fun!  
There will also be parent speakers who will share their experiences.

All family members and carers are welcome.

The workshops are for families with pre-school and newly diagnosed children. It is essential that you book in order for us to tailor the workshops to the ages of your children.  
This was a comment from one of the parents who attended the last set of workshops;

*'C and I thoroughly enjoyed the workshop and found it a real relief to hear of other people's children in similar situations to ours. We learnt a lot of things in such a short space of time and are just sorry the workshop was only three weeks. The parents and children we heard about and spoke to are a real inspiration and made us feel that we are not alone.'*

# BSCS Family Workshops Spring Term 2018
