VILLAGE NEWS

MONDAY CLUB

We were blessed with a beautiful sunny afternoon for our October visit to Guys Cliffe Walled Garden on Tuesday 10th October. This garden, formerly the vegetable garden for Guys Cliffe House, had fallen into total disrepair but has been transformed by volunteers over the past three years. Recently featuring in Monty Dom's Gardeners World it is now a sea of colour. Great care has been taken to research the old fruit trees and espaliers which featured in the original garden. We were given tea and cakes after our tour and it is a garden well worth visiting on our doorstep.

MACMILLAN FUNDRAISING TEA AFTERNOON.

SATURDAY, 7TH OCTOBER. EATHORPE.

This event made a grand total of £712.84!

Very many thanks to all who donated, baked cakes, gave raffle prizes, and supported so generously, also to the many helpers on the day, without you all such a fantastic sum could not have been raised. Well Done !

The sum of £175 was also raised by Bloodwise, through the sale of their Christmas Cards.

PLANTERS

Weston Under Wetherley Parish Council have received an offer of two volunteers to look after the planters at the Leamington end of the village but are still looking for someone to look after the other end! Please contact the Clerk on Westonpclerk@gmail.com if you can help!

BELATED THANKS FROM THE NEWSLETTER TEAM

Our thanks must go to our previous Newsletter editor, Katie Alcock, who worked so hard and enthusiastically to keep the publication up and running. Katie brought enthusiasm and new ideas for inclusion, always welcome.

Thanks must go also to Brenda Boardman and the Summer Fete team for their generous donation of £150 to our funds following the success of their event in June. Meeting the cost of the monthly printing is always difficult. Many thanks to you both.

HILLTOP FARM CHRISTMAS *menu*

BOOK
now

Our tasty, festive menu is available every Wednesday-Saturday from 22nd November – 23rd December for parties over lunch and in the evenings.

So why not choose a venue with a difference for a Christmas get together? Book a table over 8 and we will give you a free bottle of prosecco for your table.

THE PILGRIM PUPPETS

Our Mission: THE PILGRIM PUPPETS were founded in November 2006. The founding purpose was one of Mission - taking God's Word and news of Jesus to as many children and people as we can. This we do mainly through song.

Puppeteers: Over the years, we have had 20 children and 8 adults in our team. Two children have been part of the NATIONAL PUPPET TEAM, appearing at The European Festival.

Where we have performed to date:

| | |
|---|-------------------------------|
| 37 schools. | 21 care homes |
| 6 pre-school and nurseries | 33 village and town events |
| 13 Rainbows, Brownies & Beavers | 6 European Puppet Festivals |
| Wales in 2010 - 4 performances | York in 2011 - 4 performances |
| 11 Crib Services and regular Come 2 Worship Services. | |

Resources: Over 50 delightful puppets - some bought by puppeteers, others donated. A sound system, donated by Huntingham PCC.

We DO NOT CHARGE for any of our performances. We mainly rely on donations.

THE PILGRIM PUPPETS continued

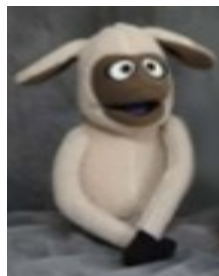

At present: Our puppeteers currently number 3 children and 4 adults.

The Future: We pray that more children and adults will want to join us, in this very rewarding and worthwhile venture - particularly someone to help with choreography and someone on the “sound” front.

Next performance NOVEMBER 2017

Sunday 26th November - Come 2 Worship 11.00am
Hunningham Church

VILLAGE NEWS

WESTON WILDLIFE CONSERVATION GROUP

It is now three years since we started working on the wild life habitat areas near the church. We have cleared invasive species and introduced many British wild flower plants into the banks and also sown yellow rattle to thin the grass. This has allowed some plants that were hidden away to reappear and many of our introduced plants have now become well established. We maintain this pattern with monthly working parties on the first Saturday of each month (new enthusiasts always welcome!)

Recently (7th October) we carried out an informal plant survey and found 30 different species growing, from Evening Primrose and Dandelion to Yellow Rattle and Tansy. It is evident that we are gradually succeeding.

The main purpose of this conservation work is to improve and provide wild life habitats. To our delight, during the October survey, we discovered two small copper butterflies, glowing in the sunshine as they basked on a leaf. These are quite scarce and must have been the third generation this year. Good evidence that our efforts are paying off. We also saw several grasshoppers and a very snazzy caterpillar of the knot grass moth.

Most of the plants at present are perennial and so come back year on year. Next year we plan to extend the variety by introducing some annuals with flower seeds now that the grass has been thinned by the yellow rattle.

We are also caring for the community orchard. Many fruit trees have been established now and are producing fruit – don't forget to help yourselves to it as it ripens. There are still a few apples left. We are waiting for the trees killed by careless strimming to be replaced by the District Council, hopefully sometime this autumn. Currently we have eight active members in the group but would love to have more. If you can spare a couple of hours once a month and value wild life, please come and join us. We could then extend our efforts.

Trudy Birkmyre & Sarah Haine

We received a comment on an item in the October W2hen from Councillor Wallace Redford who pointed out on behalf of the County Council that they had agreed three planting areas in Weston in order to support the efforts of the Wildlife Conservation Group.

VILLAGE NEWS

AN UPDATE ON HUNNINGHAM CHURCH

A big "thank you" to all those Hunningham residents - over 40 of you - , who joined us for the Cheese and Wine evening on Saturday 7th October. The purpose of this get together was to enable those of us who have been involved with St Margaret's Church to explain the current issues with regard to the future of our historic building following the amalgamation of Hunningham, Wappenbury and Weston under Wetherley churches into The Offchurch Group.

In particular we wanted to know whether Hunningham villagers wished to keep this ancient building open to the public, and in good repair. The answer to this question was an emphatic YES, and many of those present committed to signing a standing order to help raise the money for the general upkeep of the building.

A meeting of those who volunteered to be on a committee to run the church building affairs is scheduled to take place early in November.

If you were not able to get to the Cheese and Wine evening, and would like to support the upkeep of the building in any way, either financially with a standing order, or a donation, or simply by agreeing to join the church cleaning rota, then please get in touch.

Thank you again for all your support.

Paddy Taylor - Phone: 632428 - Email: paddybtaylor@live.co.uk

EATHORPE CHRISTMAS LIGHTS

Most people in our four villages have at some point visited Eathorpe during the Christmas season, when the whole village is ablaze with colourful Christmas lights and decorations. Unfortunately we can no longer have our renowned 'switch-on' evenings - the last of these attracted over 4000 people, and in a village the size of Eathorpe, that's a lot!

This year we will be celebrating Christmas and our festival of lights with a concert from renowned Leamington group Spa Opera. It promises to be a stunning evening! There will be a licenced bar and refreshments.

Tickets are £10 for adults and £5 for children. They can be purchased from David Wray - 01926 632830 or wraydj@gmail.com.

We can only accommodate 60 people, so get your tickets soon!!

COMPTON VERNEY - AUTUMN EXHIBITION

After many fundamental and evocative words associated with nature and the countryside (such as acorn, bluebell and conker) had been removed from the 2007 edition of the Oxford Junior Dictionary, a group of writers approached the publisher in 2015 insisting they should be restored - advocating that the rapid decline in children's connections to nature is a major problem, and the loss of words associating nature with our culture is limiting the capacity for nature's power to spark the imagination of young people.

One of those writers was Robert McFarlane, who has written widely about nature and natural history. His creative talents together with those of artist Jackie Morris have combined to create a stunning exhibition that takes visitors on a journey - both in the gallery, and on an interactive discovery trail through the grounds of Compton Verney. Jackie's enchanting illustrations are accompanied by Robert's 'spell poems' in a series of immersive floor to ceiling graphics in the gallery.

The exhibition is complemented by a book, also titled *The Lost Words*, published by Hamish Hamilton and available from the Compton Verney shop. This is an exhibition not to be missed! As Jackie Morris puts it "I want *The Lost Words* to delight the mind and the eye and send children to sleep dreaming of wild things." Where better to experience her stunning illustrations than in the glorious parkland of Compton Verney?

Compton Verney also features in Museums at Night, and will host an autumn light spectacular in the grounds on 28th-29th October and 4th and 5th November.

Full details can be found at
www.comptonverney.org.

The autumn show runs until December 17th.

NEIGHBOURHOOD WATCH

Please see below the latest Police reports of criminal activity in our villages. Sorry it's a bit late to be reporting the first of these two incidents, but the October Police Newsletter was the first I had heard of this unusual type of theft. I'd seen reports of the theft of fuel oils from farm premises, but this one, from a domestic dwelling, was one we could most definitely do without!

Eathorpe

Theft: Between 2000hrs Thursday 31-AUG-2017 and 1700hrs Sunday 03-SEP-2017 unknown offender(s) stole approximately 500 litres of heating oil from a fuel tank in the garden of a residential property on the Fosse Way, Eathorpe.

Weston-under-Wetherley

Vehicle Crime: At approximately 1600hrs Saturday 30-SEP-2017 unknown offender(s) caused damage to a white '12' plate Volkswagen Tiguan that was parked at the roadside on Rugby Road, Weston-under-Wetherley. Offender(s) smashed the rear windscreen.

In addition to the above, there was a report of people trying to break into a property in Rugby Road, Weston under Wetherley. Fortunately, they were disturbed by the house owner, and ran off before too much damage could be done.

If you have information regarding any of the above incidents, please call Warwickshire police on 101. Alternatively you can report information via CRIMESTOPPERS on 0800 555 111 or visit their website <https://crimestoppers-uk.org/>

If you would like a visit to discuss crime prevention for your home or business, please contact Warwick Rural East SNT on 01926 684471.

CHURCH NEWS: PASTORAL LETTER

Remember, remember the fifth of November And is the next line of that little poem lodged in your memory?

Remember, remember the fifth of November,
Gunpowder, treason and plot.

As we head into winter, it seems that the calendar wants us to be more reflective, remembering both people and events. In my family, gathered around a Sunday lunch table, that is when the memories come to the surface and stories are told: "Do you remember ...?"

Next we come to Remembrance Sunday, this year on 12th November. And we will remember again the sacrifices made in two world wars, and since, by both military personnel and civilians. Already, we can hear those powerful words inside our heads:

At the going down of the sun and in the morning,
We will remember them.

Memories of global events and personal experiences and their consequences mingle together, as we take time to remember. And so we will gather at St. Gregory's Church and War Memorial at 10.00am for our Service of Remembrance and the observing of the Two Minutes Silence. In future years, we will honour the other War Memorials, but this year I would ask you to come together in Offchurch.

And on we go again, heading towards Christmas festivities. But as the years go by, I have become more and more aware of the quiet pain that many people experience at this season. Loneliness, loss and grief do not seem to have a place among all the jollifications.

So, here is a way of acknowledging those we love, who have been separated from us by death. There is to be a Tree of Lights, pure white lights, each signifying a person. It will be set up at St Gregory's, our parish church, but for all our five villages. And there will be a special Service of Remembering there in the evening of Sunday 10th December. Plans are in hand to make the music for this evening extra special. ***We believe that the current Winner of the BBC***

Come and join us for Cricket, Tennis and Netball!!

We are a small, friendly, local sports club, with good playing facilities and good clubhouse in lovely rural surroundings, and are keen to attract new players and families of all ages and abilities.

Address: Hunningham Road, Offchurch, CV33 9AF

Cricket – Sunday “friendly” Cricket with the emphasis on fun and everyone having a go, for adults and youth, who want to play occasionally or regularly. All abilities most welcome to join us, even if you haven’t played for some time. Please contact **Guy Mander: 07779 644275**

Tennis – Two good floodlit courts. Families, experienced players and beginners are all very welcome. We also play in the local Rugby tennis league. Please contact **Jon Thorne: 07584 901116**.

Netball – Adults and juniors of all abilities welcome. We train every Monday and we currently have two teams that play in the Coventry & Warwickshire League. Please contact **Abbey Richards: 07733 033341**.

Come and have a go – we look forward to seeing you!! Mark Swaby, Chairman, 07774 645754

CHURCH NEWS: PASTORAL LETTER continued

Chorister of the Year, Florence Cain will be among the talented youngsters taking part. Look out for Sponsor Forms, so you can nominate a light in memory of someone you love. A Roll of Remembering will be put together, that will be read out at the Service.

I do believe that we are to say “yes’ to our memories, the painful ones as well as those that bring a smile to our faces. It is in our remembering that we discover who we are now. And that is the adventure of life that we are invited to walk all our days; living and growing. I *remember* Robin asking me, “ What is the biggest sin, Hugh?” “You tell me,” I replied. I will never forget his answer: An Unlived Life!

Every blessing to you, in this season of remembering.

Hugh Priestner, Vicar of the Offchurch Group

GREEN MATTERS

It is a fact of modern life that small retailers are being squeezed out of business at an accelerating rate. We are exchanging the variety and personal service of the local shop for the superstore or national chain. When we first came to Eathorpe, over 30 years ago, it had its own shop and Post Office, a thriving pub and a hotel. All are now long gone. Maybe the trend will change, as in some areas small coffee shops are successfully holding their own against the Costas and Starbucks. However if we follow the US trend, which often seems to be the case, we are likely to end up with less and less diversity and choice in all retail outlets.

In the UK one positive development is the increase in local farm shops and better eating choices in the countryside in particular. In this area we are fortunate to have the excellent Hilltop Farm which combines an idyllic location with local produce and friendly service. There is something very satisfying about buying meat and eggs directly from the producer or other quality local suppliers. Hilltop also often stock less usual meats such as venison. I understand that deer are one species which we like to see in the countryside but which are in need of regular culling to prevent populations getting too large. So eating venison is a way of using a sustainable meat which is also likely to be totally free range. More recently we also noticed goat meat in the chiller. Goat products have not always had a good press and can be associated with an over strong flavour- not this though. I made a slow cook curry which gave us two meals and was tender and delicious. Goat is also a meat that is under-utilised. There is steady demand for goats' milk and cheese but the male goats are often considered to have no use and are destroyed and wasted. So once again by using this meat we are making use of a non-intensive natural product which is highly nutritious.

During the last year we have also become regulars at the Stock Pot café at Garden Organic at Ryton. The food businesses at Ryton have had mixed fortunes in the past but Stock Pot seems to have, as they say, "nailed it". An interesting and reliable menu both for breakfast and lunch and ingredients. It's great now to have the choice of two first rate independent, local businesses within such close proximity. A visit to Ryton also means that you can walk round the gardens which are, as you would expect, fully organic. There is always an interesting range of herbs and vegetables growing as well as a

large variety of plants and shrubs. For anyone, like me, interested in composting, you can also see a number of different composting solutions being demonstrated.

So whilst some small outlets have been lost, we are lucky to have both Hilltop and the Stock Pot – tranquil places to enjoy and supporting local people - long may they both thrive.

Owen Bishop

CAPTAIN E A PENGELLY MC

A First World War wooden cross can be found in St Michael's Church Weston-under-Wetherley . This cross was made on the battlefield by members of the 213 Field Company of the Royal Engineers in memory of Edgar Ambrose Pengelly , one of so many gallant men who gave their lives during the Great War. Edgar was amongst those who were mentioned in despatches and later awarded the Military Cross for very special services. Prior to the Great War he was Deputy Governor at Weston Reformatory School where his father was Governor. This school was based in the original Boys Reformatory, now Wetherley Rise.

The cross eventually found its way back to St Michael's Churchyard where it was placed at the foot of his mother Harriett's grave. As age and weather were taking their toll, thanks to John and Rita Holland, the cross was taken into the Church for protection on Remembrance Sunday 1995. It was placed under the memorial to former boys from the Training School who also gave their lives.

On 31st March 1996 there was a Service of Thanksgiving and Remembrance which was also attended by about 30 members of the 213 Field Company. Over the years there have been many visitors to this memorial and in October this year two members of the Barber family, one now 85, came from Derby to visit the Church. Their grandfather Sergeant Major Barber was second in command to Captain Pengelly at Hamel when the Captain was killed. He had talked a lot about Captain Pengelly's bravery and they found it a very moving experience.
