20/7 Mixed start to the Summer series, light shifty winds on the 3rd, with two longish morning races,

with no afternoon starters. On the 10th more wind but heavy rain and the Wimbledon final saw us heading home after two races!

18th July, very light again, with two races sailed,(sort of!!) but nice to see three F/F out.The CVDRA event over the w/e saw three good races on Saturday with a good turnout, but on Sunday no races due there being insufficient wind.

31/7 3 races today, nice breeze and quite warm, good turnout, Richard borrowing a Finn from Alan, and Norman sprinting round as usual!!
