

# FRIENDS OF ZION GRAVEYARD, ATTERCLIFFE

Zion Lane / Lawrence Street, Attercliffe, S3 3RG

ZION GRAVEYARD is the burial place of anti-slavery campaigner and philanthropist MARY ANNE RAWSON. As well as her parents Joseph and Elizabeth Read, who also campaigned for social reform, there are also the graves of at least fifty-six other interesting members of the Zion Congregation.

The graveyard was offered up FOR SALE and was at risk of being turned into a car park. A group of concerned volunteers set up a charity and on 25 January 2018 we PURCHASED it to avoid losing an important part of the social, political and religious heritage of the unique City of Sheffield.

We have raised funds in order to buy the graveyard, cover legal costs and organise heritage events through the coming year. Please support our work by joining our wider group and getting involved in a choice of activities: history, environment, anti-slavery campaign and events. If possible, please make a donation to our funds to help us improve access and maintain the graveyard as a heritage and education site in perpetuity. Simply complete the form below and hand it to a fellow member or return it by email or post to the address on the form.

DONATIONS may be made by
