

# FRIENDS OF ZION GRAVEYARD, ATTERCLIFFE

Zion Lane / Lawrence Street, Attercliffe, S3 3RG

ZION GRAVEYARD is the burial place of anti-slavery campaigner and philanthropist MARY ANNE RAWSON. As well as her parents Joseph and Elizabeth Read, who also campaigned for social reform, there are also the graves of at least fifty-six other interesting members of the Zion Congregation.

A group of concerned volunteers raised funds in order to save the graveyard from development. Many members of the public donated funds to support the campaign and the graveyard was purchased in January 2018 with the additional help of the Heritage Lottery Fund. Please join our group and get involved in any or all of our activities: history, environment, anti-slavery campaign, open days and other events.

Simply complete the form below and hand it to a fellow member or return it by email or post to the address on the form. *In line with current data protection regulations your contact details will be stored securely and only be used to send you information about our own activities. It will never be disclosed to a third party.*

Membership is free at present but please consider making a donation to our funds to help us improve access and maintain the graveyard as a heritage and education site in perpetuity.
