### **7. POLICING ISSUES/NEIGHBOURHOOD WATCH**

Mr. A. Marnes had followed up with the police again the matter regarding cars continuing to park dangerously on pavements.

### **8. A1 MATTERS**

The A1 Safety Group meeting had been attended by Mr. A. Marnes, the new Traffic Management Supervisor was present as well as the new County Councillor, the responses received to the previously raised items by the Group were feedback to the Councillors. The request for further U-turn signs would be in the region of £10-15k, and it is not cost effective to use weed killer for the overgrown vegetation, cutting is preferred. The Councillors wished this last item to be challenged and evidence seen of the calculations that show cutting the vegetation is more cost effective than applying weed killer a few times a year. It was noted that the camera scheme work is expected to start early 2014 and finish March 2014.

Signed for and on behalf of Southoe & Midloe Parish Council.....

Date: - 11<sup>th</sup> November 2013

There been discussion at the meeting regarding the current A14 consultation, the A1 Group will be responding and a copy of Buckden Parish Council's response had been circulated to all Councillors. The Parish Council agreed that they would like to respond to the consultation as there are great concerns over the detrimental effect the proposed changes will have and the impact on the parish. Mr. A. Marnes and Mr. D. Saw to collate a draft response and then to be circulated to all Councillors for their input.

**9. FINANCE**

The second half of the precept had been received totalling £6,000, and it was noted the supporting insurance premium documents had been received.

The feedback from the external auditor was noted no matters arising and two comments made, one which had been the omission of the Council's name on one section of the Annual Return document, the notice of conclusion of audit to be displayed on the notice board for the specified time.

It was noted that the recently submitted NatWest forms had been returned to the Council and that an 'additional party' form would also need to be completed to update the signatory list.

**10. PLAYING FIELD**

The measurements for the gateway had been checked and it was felt that a more cost effective way forwards would be to utilise some paving slabs that would improve the condition of the gateway.

There was positive comment from the recent cut done by the District Council, however, it was noted that dog fouling appeared to be an issue again on the field.

Mr Holdaway had been asked to include some grass within Lees Lane that the County Council do not cut and advice to be sought from him regarding the hedge in the Playing Field hedge that is in need of cutting back Mr. A.
