

Kennerleigh & District Community Stores

June 2015

We have recently been awarded £12,000 from the Mid Devon District Council (Seed Fund Grants). It will help with staffing and training costs over the next 3 years. Well done to Helen Lee and her fundraising team successfully applying last September.

Building work – keeping disruption to a minimum we are replacing the roof of the shed and removing the old safe in the prep area as well as a few other jobs.

Strawberries - Early strawberries from Thornes (Cheriton Fitzpaine) have been popular over the last week. £1.80 a punnet at the moment and this is set to fall when the main crop ripens. Local seasonal veg includes cauliflowers, purple sprouting broccoli, spring cabbage, rhubarb, and soon calabrese broccoli.

Great Offers in May/June
