Sherwood Arts Week and the Remarkable Recycling Gala

Sherwood Arts Week - Saturday 21st - Sunday 29th June 2014 - is a community event organised entirely by volunteers and sponsored by local businesses. Art, craft and performance events and exhibitions were located in and around the heart of Sherwood, and aimed to celebrate the creativity of people in Sherwood and encourage a sense of community by providing opportunities to showcase local artists' work and give people a chance to make their own art. Sherwood Community

Centre became involved by hosting **The Remarkable Recycling Gala** which took place on Sunday 22nd June 2014, from 11am - 4pm. It aimed to highlight the issues of waste & recycling through the medium of art.

The day involved artists selling recycled arts & crafts, workshops on reusing every-day materials, poetry, theatre, and music. Jill Gregory also gave guided tours of the Centre - Woodthorpe House - which is our "recycled" building.

The weather stayed warm and dry, so many activities took place outdoors. Refreshments were provided by Christine's Community Cafe.

Many people came from the local community and one comment on Facebook was that "I really enjoyed it because it was ... well it was remarkable"

WELCOME TO OUR NEW TREASURER

Hi, I'm Alex and I volunteered to be SCA's Treasurer a couple of months ago.

I recently returned to Nottingham, a city I had lived in when I studied psychology at the University of Nottingham. I have been living in London where I was a project manager working on community based projects for London boroughs, governmental bodies such as Transport for London and independent community organisations. I primarily undertook short term contracts and consultancies which allowed me to indulge in my love of travelling. I have travelled to many places such as Cuba, Mexico, Canada, Egypt, Dominica and have most

recently come back from a three month trip to Ethiopia.

I was only going to stay in Nottingham for a while but after discovering the vibrant community life that Sherwood has to offer, meeting up with old friends, taking part in many community events and classes, such as Matt Swain's art class and Jill Gregory's School of Dance, I have decided to make

my stay more permanent.

I have thoroughly enjoyed my time as Treasurer, so far everybody has been very welcoming and friendly, and I am very happy to be able to use my community skills within my own community.

Important News

Becoming a CIO

At a Special General Meeting held on Monday 19th May, a proposal was put forward to members that we apply to become a Charity Incorporated Organisation - a CIO, and a new model Constitution was agreed by a majority vote. The application has been made to the Charity Commission.

Becoming a CIO means we can have a leasehold agreement with the City Council (we no longer have a service level agreement with them), and can apply for funding and grants from the Council and outside organisations.

Various policies and procedures will need to be updated and work has already started on this.

Christine's Community Café

Looking for somewhere new to meet up for coffee or lunch? Close to the centre of Sherwood, with car parking and a relaxing atmosphere and pleasant scenery, Christine's Community Café at Sherwood Community Centre (opposite Woodthorpe Park) was opened on April 23rd by Christine Batchelor.

Christine was involved in running a community café in Lenton and this gave her the interest and passion to run her own establishment, but still working within a community. She enjoys meeting people and creating a welcoming space, a place where people can relax, read, bring their children whilst enjoying a coffee or delicious meal. She likes the interaction between different groups of all ages and the feeling of being a part of the community. She has recently taken on an apprentice as she believes in running the café as part of a social enterprise.

The café is open Monday to Friday from 8.30am to 4.30pm serving fair trade tea and coffee with hot food until 2.30pm inclusive. Oven baked Jacket Potatoes, Macaroni Cheese, Pasta and Pesto, and snacks such as cheese or beans on toast and sandwiches are some of the items on the menu. Seasonal foods include homemade soups and fruit crumbles in the Autumn and salads with homemade coleslaw, and fresh fruit salad with ice cream or yoghurt in the Summer. She said:

"A Big Thank You to everyone that took part in the Sherwood Community Centre Yarn bombing sessions and also to people that were working from home, for helping out with displaying our creative works around Sherwood Community Centre Garden, Mansfield Rd and the Woodland Walk. All was ready in good time to celebrate the launch of Sherwood Art Week/ Remarkable Recycling Gala 2014."

Roberta Dewa wins First Prize at the Djanogly Summer Exhibition.

Roberta Dewa is a member of the Sherwood Art Class led by Matt Swain which meets on Thursday mornings at Sherwood Community Association.

Roberta is an experimental artist and works with bleach, ink, string and photographic negatives to create compelling abstract images.

Roberta or Robbie as she prefers to be known exhibited during Sherwood Art Week at the Methodist Centre and, following this successful showing, applied to exhibit at the Djanogly Exhibition Centre based at the University of Nottingham Campus. This exhibition is open to people who have a connection with the university in that they have either worked or studied there before.

Robbie spent four years researching her PhD at the University of Nottingham and her thesis 'Linguistic Analysis of Anglo-Saxon Poetry' inadvertently formed the basis of her winning image 'Word-Fall 1'. The piece is one of a series of photographs that Robbie took of her thesis as she burnt it in her garden. She thoroughly enjoyed burning a copy of her thesis, it expressed her relief at the completion of a process which she had found boring and lonely. 'I learnt that I was not an academic!' she said 'It was incredibly exhilarating when it (the thesis) went up in smoke.' However her four years of study were not in vain as it qualified her to acquire a part-time teaching position at the University of Nottingham, led to the production of a highly acclaimed art work and cemented Robbie's identity as a bone fide artist.

Cash For Your Community

The Nottingham Post and Nottingham Building Society's Cash For Your Community campaign gives away a share of £35,000 to up to 150 groups in need of a helping hand. The amount received depends on how many coupons each group collect. This year we received £283.29, more than in previous years. A big Thank You to everyone who collected coupons for us.

We bid for the money to help refurbish the floors in the Centre. An original wooden floor was discovered under carpet and lino by Ameet Malhotra, who hires the room for The Yoga Village, during a recent refurbishment. He said it took around two months to restore. It is believed to date back to the 1800s and there are other floors which would look as beautiful when restored in an attempt to bring the Grade II listed building, the first building in Sherwood, back to its former glory.

Donations towards the refurbishment may be put in the 'toilet' in reception.

Sprouts

Sprouts, have been running their creative and fun drama sessions for children from 4 to 13 at Sherwood community Centre for over 5 years.

Helen Barton

Helen Barton, the owner and creator of Sprouts, has been involved in theatre and drama since her teens. She studied at Guildford School of Acting, and then went on to work in children's theatre before becoming a workshop leader.

She says;

"At Sprouts we love to play, and at the centre of all our activities is an emphasis on fun and freedom, but within the exercises lie useful skills that children can build on and take into other areas of their life; in the classroom, in the playground and in new social situations. Our focus is on the process, rather than the product, and as they progress through the classes, we look to help them become independent actors; able to think and create their own work, as well as understanding how to look at scripts to bring them to life in their own unique ways."

"I love being able to give back a little of all I have learned through drama. It's great when you meet young children who have such an obvious love for creativity and play, and you're able to give them a place to explore that, and learn more about it. It's also very satisfying to see their journey with us as they move up the older groups and start making their own creative decisions, and be proud of what they've created."

Helen is also part of the Community Association, a Committee member, who helps to fund-raise, and organise events for the local community.
