Fencing awaiting quotes

Hand driers should be fitted on 26<sup>th</sup> June, dependant on delivery

Alarm and heater will be done in disabled toilet at the same time.

I have asked Richard to assist me with boxing in the pipes in the disabled toilet, also to replace two corner pieces of wood on the exterior of the building.

We will also clean all gutters and seal all the joints.

Lockers are still ongoing, awaiting more information.

**This is a new one. In an attempt to create some storage space , I want to move the green lockers forward, cut a hole in the wall and make a false wall behind lockers, this should make enough space to store chairs and seat cushions.**

### 5.3 Green - PF

**The Green.** The dry and hot weather is playing havoc with the green, as can be seen in the middle. Despite coming up every evening and using the stack sprinkler and having the sprinklers on twice during the night, it has not been possible to keep it "green". However, it is bowling quite fast and teams appear to like the speed. However, there is some not so good news. Each evening, I have found that there was no power and it transpired that a trip had cut off the power. I have contacted John Whelan, the sprinkler man, and he is coming on Thursday to look at it. His immediate response was that it was the pump which is starting to break down. John Dancy, do we have insurance cover for the pump?

**Tour.** Just a note to say that everyone enjoyed the bowls and the social banter. The hotel however did not meet with the usual standard we have been used to. I have received 7 letters from members expressing their views and complaints. I will be forwarding these on to the Tour company together with my own report. I will report back on the outcome.

**The friendly against Arundel.** We won the match and a profit of £227 was made plus £37 on the draw. I must say that having two events on the same day is not on. There was only Judith in the bar and I was left with having to take 55 plates of food out to the tables as there was no one else to help. The good profit was made thanks to Carol's hard work, crammed in to two half days after the tour. I have already said at the last meeting that fixtures must be sorted out to avoid clashes like this and to look after the green. Our priorities should be club first. Other competitions should not get in the way of the normal club functions.  
Peter.

Championship 3 are mid table at the moment. One match was rained off and has yet to be re-arranged. Combination 1 are in fourth place, having won 5 and lost 4 games. Combination 4 are also in fourth place having won 4 and lost 4 matches. There are matches in this league to be re-arranged, due to the League Secretary fixing matches when we are on tour, having been informed in December when we were away, and also matches in Tournament week. Peter

#### **5.10 Ladies' Match Secretary - CB**

The ladies league is about halfway through, all three teams have had some wins and some losses and all about halfway up each of their leagues. All of the ladies who want to play have had at least one game, sometimes we have struggled to find enough players but so far so good. Well done to all involved and if any one new would like to get involved please contact myself.

The mixed top club has been taking place and our ladies and men won overall against Four Marks and narrowly lost to Hedge End this weekend. Well done to everyone who represented MVBC in these games.
