Admissions Policy

Policy Statement

It is our intention to make our setting accessible to children and families from all sections of the local community. We aim to ensure that all sections of our community have access to the setting through open, fair and clearly communicated procedures.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.2 Inclusive practice	2.1 Respecting each other	3.3 The learning environment 3.4 The wider environment	

Procedures

- We ensure that the existence of our setting is widely advertised in places accessible to all sections of the community.
- We ensure that information about our setting is accessible, in written and spoken form and, where appropriate, in more than one language. Where necessary, we will try to provide information in Braille, or through British Sign Language. We will provide translated written materials where language needs of families suggest this is required as well as access to an interpreter.
- We arrange our waiting list on a first come first served basis subject to a place being available in the age appropriate group, with the exception that priority will be given to a child in the care of a local authority or provided with accommodation by that authority (as defined by section 22 of the Children Act 1989). In addition our policy may take into account the vicinity of the home to the Pre-school.
- We keep a place vacant, if this is financially viable, to accommodate an emergency admission.
- We describe our setting and its practices in terms that make it clear that it welcomes both fathers and mothers, other relations and other carers, including childminders.

- We describe our setting and its practices in terms of how it treats each child and their family, having regard to their needs arising from their gender, special educational needs, disabilities, social background, religion, ethnicity or from English being a newly acquired additional language.
- We describe our setting and its practices in terms of how it enables children and/or parents with disabilities to take part in the life of the setting.
- We monitor the gender and ethnic background of children joining the group to ensure that our intake is representative of social diversity.
- We make our Equal Opportunities Policy widely known.
- We consult with families about the opening times of the setting to ensure we accommodate a broad range of family need.
- We are flexible about attendance patterns to accommodate the needs of individual children and families, providing these do not disrupt the pattern of continuity in the setting that provides stability for all the children.

This policy was adopted at a meeting of Westlea Pre-school

Held on (date)24.11.10.....

Settling in Pre-school Policy

Policy Statement

We believe that children settle best when they have a key person to relate to, who knows them and their parents well, and who can meet their individual needs.

Research shows that a key person approach benefits the child, the parents, the staff and the setting by providing secure relationships in which children thrive, parents have confidence, staff are committed and the setting is a happy and dedicated place to attend or work in.

We want children to feel safe, stimulated and happy in the setting and to feel secure and comfortable with staff. We also want parents to have confidence in both their children's well-being and their role as active partners with the setting.

We aim to make the setting a welcoming place where children settle quickly and easily because consideration has been given to the individual needs and circumstances of children and their families.

The key person role is set out in the Welfare Requirements of the Early Years Foundation Stage. Each setting must offer a key person for each child.

The procedures set out a model for developing a key person approach that promotes effective and positive relationships for children who are in settings.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.2 Inclusive practice 1.3 Keeping safe 1.4 Health and well-being	2.2 Parents as partners 2.4 Key person	3.2 Supporting every child 3.3 The learning environment	4.4 Personal, social and emotional development

Procedures

- We allocate a key person before the child starts.
- The key person is responsible for the induction of the family and for settling the child into our setting.
- The key person offers unconditional regard for the child and is non-judgemental.
- The key person works with the parent to plan and deliver a personalised plan for the child's well-being, care and learning.
- The key person acts as the key contact for the parents and has links with other carers involved with the child, such as a childminder, and co-ordinates the sharing of appropriate information about the child's development with those carers.
- A key person is responsible for developmental records and for sharing information on a regular basis with the child's parents to keep those records up-to-date, reflecting the full picture of the child in our setting and at home.
- The key person encourages positive relationships between children in her/his key group, spending time with them each day.
- We provide a back-up key person so the child and the parents have a key contact in the absence of the child's key person.
- We promote the role of the key person as the child's primary carer in our setting, and as the basis for establishing relationships with other staff and children.

Settling-in

- Before a child starts to attend the setting, we use a variety of ways to provide his/her parents with information. These include written information (including our prospectus and policies), displays about activities available within the setting, induction session and additional meetings and/or sessions as required by families and according to the individual needs of the child. parents.
- During the half-term before a child is enrolled, we provide a further opportunity for the child and his/her parents to visit the setting during a routine session.
- We allocate a key person to each child and his/her family before she/he starts to attend; the key person welcomes and looks after the child and his/her parents at the child's first session and during the settling-in process.
- We use pre-start visits and the first session at which a child attends to explain and complete with his/her parents the child's registration records.

- When a child starts to attend, we explain the process of settling-in with his/her parents and jointly decide on the best way to help the child to settle into the setting.
- We recognise that some children will settle more readily than others but that some children who appear to settle rapidly are not ready to be left. We therefore invite parents, carer or close relative to stay for most of the session during the first week, or possibly longer, gradually taking time away from the child, increasing this as and when the child is able to cope.
- Younger children will take longer to settle in, as will children who have not previously spent time away from home. Children who have had a period of absence may also need their parent to be on hand to re-settle them.
- We judge a child to be settled when they have formed a relationship with their key person; for example the child looks for the key person when he/she arrives, goes to them for comfort, and seems pleased to be with them. The child is also familiar with where things are and is pleased to see other children and participate in activities.
- When parents leave, we ask them to say goodbye to their child and explain that they will be coming back, and when.
- We do not believe that leaving a child to cry will help them to settle any quicker. We believe that a child's distress will prevent them from learning and gaining the best from the setting.
- We reserve the right not to accept a child into the setting without a parent or carer if the child finds it distressing to be left. This is especially the case with very young children.
- Within the first six weeks of starting we discuss and work with the child's parents to start to create their child's record of achievement.

This policy was adopted at a meeting of Westlea Pre-school

Held on (date)24.11.10.....

Children’s rights and entitlements Policy

Policy statement

- We promote children's right to be *strong, resilient and listened to* by creating an environment in our setting that encourages children to develop a positive self image, which includes their heritage arising from their colour and ethnicity, their languages spoken at home, their religious beliefs, cultural traditions and home background.
- We promote children's right to be *strong, resilient and listened to* by encouraging children to develop a sense of autonomy and independence.
- We promote children's right to be *strong, resilient and listened to* by enabling children to have the self-confidence and the vocabulary to resist inappropriate approaches.
- We help children to establish and sustain satisfying relationships within their families, with peers, and with other adults.
- We work with parents to build their understanding of, and commitment to, the principles of safeguarding all our children.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.2 Inclusive practice	2.1 Respecting each other	3.2 Supporting every child	4.4 Personal, social and emotional development

What it means to promote children’s rights and entitlements to be ‘*strong, resilient and listened to*’.

To be strong means to be:

- secure in their foremost attachment relationships where they are loved and cared for, by at least one person who is able to offer consistent, positive and unconditional regard and who can be relied on;
- safe and valued as individuals in their families and in relationships beyond the family, such as day care or school;
- self assured and form a positive sense of themselves – including all aspects of their identity and heritage;
- included equally and belong in early years settings and in community life;

- confident in abilities and proud of their achievements;
- progressing optimally in all aspects of their development and learning;
- to be part of a peer group in which to learn to negotiate, develop social skills and identity as global citizens, respecting the rights of others in a diverse world; and
- to participate and be able to represent themselves in aspects of service delivery that affects them as well as aspects of key decisions that affect their lives.

To be resilient means to:

- be sure of their self worth and dignity;
- be able to be assertive and state their needs effectively;
- be able to overcome difficulties and problems;
- be positive in their outlook on life;
- be able to cope with challenge and change;
- have a sense of justice towards self and others;
- develop a sense of responsibility towards self and others; and
- be able to represent themselves and others in key decision making processes.

To be listened to means:

- adults who are close to children recognise their need and right to express and communicate their thoughts, feelings and ideas;
- adults who are close to children are able to tune in to their verbal, sign and body language in order to understand and interpret what is being expressed and communicated;
- adults who are close to children are able to respond appropriately and, when required, act upon their understanding of what children express and communicate; and
- adults respect children's rights and facilitate children's participation and representation in imaginative and child centred ways in all aspects of core services.

Safeguarding children and child protection Policy

(Including managing allegations of abuse against a member of staff)

Policy statement

Our setting will work with children, parents and the community to ensure the rights and safety of children and to give them the very best start in life. Our safeguarding policy is based on the three key commitments of the Pre-school Learning Alliance Safeguarding Children Policy.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.3 Keeping safe	2.1 Respecting each other 2.2 Parents as partners	3.4 The wider context	4.4 Personal, social and emotional development

Procedures

We carry out the following procedures to ensure we meet the three key commitments of the Alliance Safeguarding Children Policy.

Key commitment 1

The Alliance is committed to building a 'culture of safety' in which children are protected from abuse and harm in all areas of its service delivery.

Staff and volunteers

- Our designated person (a member of staff) who co-ordinates child protection issues is Mrs Helen Kenyon.
- Our designated officer (a committee member) who oversees this work is Mrs Fiona Scott
- We ensure all staff and parents are made aware of our safeguarding policies and procedures.
- We provide adequate and appropriate staffing resources to meet the needs of children.
- Applicants for posts within the setting are clearly informed that the positions are exempt from the Rehabilitation of Offenders Act 1974.

- Candidates are informed of the need to carry out 'enhanced disclosure' checks with the Criminal Records Bureau before posts can be confirmed.
- Where applications are rejected because of information that has been disclosed, applicants have the right to know and to challenge incorrect information.
- We abide by Ofsted requirements in respect of references and Criminal Record Bureau checks for staff and volunteers, to ensure that no disqualified person or unsuitable person works at the setting or has access to the children.
- Volunteers do not work unsupervised.
- We abide by the Protection of Vulnerable Groups Act requirements in respect of any person who is dismissed from our employment, or resigns in circumstances that would otherwise have led to dismissal for reasons of child protection concern.
- We have procedures for recording the details of visitors to the setting.
- We take security steps to ensure that we have control over who comes into the setting so that no unauthorised person has unsupervised access to the children.
- We take steps to ensure children are not photographed or filmed on video for any other purpose than to record their development or their participation in events organised by us. Parents sign a consent form and have access to records holding visual images of their child.

Key commitment 2

The Alliance is committed to responding promptly and appropriately to all incidents or concerns of abuse that may occur and to work with statutory agencies in accordance with the procedures that are set down in 'What to do if you're worried a child is being abused' (HMG 2006).

Responding to suspicions of abuse

- We acknowledge that abuse of children can take different forms - physical, emotional, and sexual, as well as neglect.
- When children are suffering from physical, sexual or emotional abuse, or may be experiencing neglect, this may be demonstrated through the things they say (direct or indirect disclosure) or through changes in their appearance, their behaviour, or their play.

- Where such evidence is apparent, the child's key person makes a dated record of the details of the concern and discusses what to do with the setting leader or manager who is acting as the 'designated person'. The information is signed and dated and kept in a separate secure and confidential file.
- We refer concerns to the local authority children's social care department and co-operate fully in any subsequent investigation.
NB In some cases this may mean the police or another agency identified by the Local Safeguarding Children's Board.
- We take care not to influence the outcome either through the way we speak to children or by asking questions of children.
- We take account of the need to protect young people aged 16-19 as defined by the Children Act 1989. This may include students or school children on work placement, young employees or young parents. Where abuse is suspected we follow the procedure for reporting any other child protection concerns. The views of the young person will always be taken into account, but the setting may override the young persons refusal to consent to share information if it feels that it is necessary to prevent a crime from being committed or intervene where one may have been or to prevent harm to a child or adult. Sharing confidential information without consent is done only where not sharing it could be worse than the outcome of having shared it.
- We use the detailed procedures and reporting format required by the Local Safeguarding Children's Board when making a referral to children's social care or other appropriate agencies.

Recording suspicions of abuse and disclosures

- Where a child makes comments to a member of staff that gives cause for concern (disclosure), observes signs or signals that gives cause for concern, such as significant changes in behaviour; deterioration in general well-being; unexplained bruising, marks or signs of possible abuse or neglect that member of staff:
 - listens to the child, offers reassurance and gives assurance that she or he will take action;
 - does not question the child;

- makes a written record that forms an objective record of the observation or disclosure that includes:
 - the date and time of the observation or the disclosure;
 - the child's name and age;
 - the exact words spoken by the child as far as possible;
 - the name of the person to whom the concern was reported, with date and time; and
 - the names of any other person present at the time.
- These records are signed and dated and kept securely in a separate confidential file.
- Where the Local Safeguarding Children Board stipulates the process for recording and sharing concerns, we include those procedures alongside this procedure and follow the steps set down by the Local Safeguarding Children Board.

Making a referral to the local authority social care team

- The 'Local Safeguarding Children's Board' website contains detailed procedures for making a referral to the local children's social care team. This is based on 'What to do if you are worried a child is being abused' (HMG 2006).
- All members of staff are familiar with the guide 'What to do if you are worried a child is being abused' (HMG 2006) and follow the procedures for recording and reporting.

Informing parents

- Parents are normally the first point of contact. We discuss concerns with parents to gain their view of events unless we feel this may put the child in greater danger.
- We inform parents where we make a record of concerns in their child's file and that we also make a note of any discussion we have with them regarding a concern.
- If a suspicion of abuse warrants referral to social care, parents are informed at the same time that the referral will be made, except where the guidance of the Local Safeguarding Children Board does not allow this, for example, where it is believed that the child may be placed in greater danger.
- This will usually be the case where the parent is the likely abuser. In these cases the social workers will inform parents.

Liaison with other agencies

- We work within the Local Safeguarding Children Board guidelines.
- We have a copy of 'What to do if you're worried a child is being abused' for parents and staff and all staff are familiar with what to do if they have concerns.
- We have procedures for contacting the local authority on child protection issues, including maintaining a list of names, addresses and telephone numbers of social workers, to ensure that it is easy, in any emergency, for the setting and social services to work well together.
- We notify the registration authority (Ofsted) of any incident or accident and any changes in our arrangements which may affect the wellbeing of children or where an allegation of abuse is made against a member of staff.
- Contact details for the local National Society for the Prevention of Cruelty to Children (NSPCC) are also kept.

Allegations against staff

- We ensure that all parents know how to complain about the behaviour or actions of staff or volunteers within the setting, or anyone living or working on the premises occupied by the setting, which may include an allegation of abuse.
- We follow the guidance of the Local Safeguarding Children Board when responding to any complaint that a member of staff, or volunteer within the setting, or anyone living or working on the premises occupied by the setting, has abused a child.
- We respond to any disclosure by children or staff that abuse by a member of staff or volunteer within the setting, or anyone living or working on the premises occupied by the setting, may have taken, or is taking place, by first recording the details of any such alleged incident.
- We refer any such complaint immediately to the local authority's social care department to investigate. We also report any such alleged incident to Ofsted and what measures we have taken. We are aware that it is an offence not to do this.
- We co-operate entirely with any investigation carried out by children's social care in conjunction with the police.
- Where the management committee and children's social care agree it is appropriate in the circumstances, the chairperson will suspend the member of staff on full pay, or the volunteer, for the duration of the investigation. This is not an indication of admission that the alleged incident has taken place, but is to protect the staff as well as children and families throughout the process.

Disciplinary action

- Where a member of staff or volunteer has been dismissed due to engaging in activities that caused concern for the safeguarding of children or vulnerable adults, we will notify the Independent Safeguarding Authority (ISA) of relevant information so that individuals who pose a threat to children (and vulnerable groups), can be identified and barred from working with these groups.

Key commitment 3

The Alliance is committed to promoting awareness of child abuse issues throughout its training and learning programmes for adults. It is also committed to empowering young children, through its early childhood curriculum, promoting their right to be strong, resilient and listened to.

Training

- We seek out training opportunities for all adults involved in the setting to ensure that they are able to recognise the signs and signals of possible physical abuse, emotional abuse, sexual abuse and neglect and that they are aware of the local authority guidelines for making referrals.
- We ensure that all staff know the procedures for reporting and recording their concerns in the setting.
- All staff attend child protection training every three years, provided by Swindon Local Safeguarding Board.

Planning

- The layout of the rooms allows for constant supervision. No child is left alone with students or volunteers in a one-to-one situation without being visible to others.

Curriculum

- We introduce key elements of keeping children safe into our programme to promote the personal, social and emotional development of all children, so that they may grow to be *strong, resilient and listened to* and that they develop an understanding of why and how to keep safe.
- We create within the setting a culture of value and respect for the individual, having positive regard for children's heritage arising from their colour, ethnicity, languages spoken at home, cultural and social background.
- We ensure that this is carried out in a way that is developmentally appropriate for the children.

Confidentiality

- All suspicions and investigations are kept confidential and shared only with those who need to know. Any information is shared under the guidance of the Local Safeguarding Children Board.

Support to families

- We believe in building trusting and supportive relationships with families, staff and volunteers in the group.
- We make clear to parents our role and responsibilities in relation to child protection, such as for the reporting of concerns, providing information, monitoring of the child, and liaising at all times with the local children's social care team.
- We will continue to welcome the child and the family whilst investigations are being made in relation to any alleged abuse.
- We follow the Child Protection Plan as set by the child's social care worker in relation to the setting's designated role and tasks in supporting that child and their family, subsequent to any investigation.
- Confidential records kept on a child are shared with the child's parents or those who have parental responsibility for the child in accordance with the Confidentiality procedure and only if appropriate under the guidance of the Local Safeguarding Children Board.

Legal framework

Primary legislation

Looked after children Policy

Policy statement

Early years settings are committed to providing quality provision based on equality of opportunity for all children and their families. All staff are committed to doing all they can to enable 'looked after' children in their care to achieve and reach their full potential.

Definition of 'Looked after Children' (LAC): *Children and young people become 'looked after' if they have either been taken into care by the local authority, or have been accommodated by the local authority (a voluntary care arrangement). Most LAC will be living in foster homes, but a smaller number may be in a children's home, living with a relative or even placed back home with their natural parent(s).*

We recognise that children who are being looked after have often experienced traumatic situations; physical, emotional or sexual abuse or neglect. However, we also recognise that not all looked after children have experienced abuse and that there are a range of reasons for children to be taken in to the care of the local authority. Whatever the reason, a child's separation from their home and family signifies a disruption in their lives that has impact on their emotional well-being.

In our setting, we place emphasis on promoting *children's right to be strong, resilient and listened to*. Our policy and practice guidelines for looked after children are based on these two important concepts, *attachment and resilience*. The basis of this is to promote secure attachments in children's lives as the basis for resilience. These aspects of well-being underpin the child's responsiveness *to* learning and are the basis in developing positive dispositions *for* learning. For young children to get the most out of educational opportunities they need to be settled enough with their carer to be able to cope with further separation, a new environment and new expectations made upon them.

Principles

- The term 'looked after child' denotes a child's current legal status; this term is never used to categorise a child as standing out from others.
- We offer places for funded three and four-year-olds who are in care to ensure they receive their entitlement to early education. We expect that a child will have been with a foster carer for a minimum of one month and has formed a secure attachment to the carer. We expect that the placement in the setting will last a minimum of six weeks.

- We will always offer ‘stay and play’ provision for a child who is three to five years old who is still settling with their foster carer, or who is only temporarily being looked after.
- Where a child who normally attends our setting is taken into care and is cared for by a local foster carer we will continue to offer the placement for the child.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.1 Child development 1.2 Inclusive practice 1.3 Keeping safe	2.1 Respecting each other 2.2 Parents as partners 2.4 Key person	3.2 Supporting every child 3.4 The wider context	4.4 Personal, social and emotional development

Procedures

- The designated person for looked after children is the designated child protection co-ordinator.
- Every child is allocated a key person before they start and this is no different for a looked after child. The designated person ensures the key person has the information, support and training necessary to meet the looked after child's needs.

In addition, where appropriate:

- The designated person and the key person liaise with agencies, professionals and practitioners involved with the child and his or her family and ensures appropriate information is gained and shared.
- The setting recognises the role of the local authority social care department as the child's ‘corporate parent’ and the key agency in determining what takes place with the child. Nothing changes, especially with regard to the birth parent's or foster carer's role in relation to the setting without prior discussion and agreement with the child's social worker.
- At the start of a placement there is a professionals meeting that will determine the objectives of the placement and draw up a care plan that incorporates and the child's learning needs. This plan is reviewed after two weeks, six weeks and three months. Thereafter at three to six monthly intervals.
- The care plan needs to consider such issues for the child as:
 - the child's emotional needs and how they are to be met;
 - how any emotional issues and problems that affect behaviour are to be managed;

- the child's sense of self, culture, language/s and identity – how this is to be supported;
 - the child's need for sociability and friendship;
 - the child's interests and abilities and possible learning journey pathway; and
 - how any special needs will be supported.
- In addition the care plan will also consider:
 - how information will be shared with the foster carer and local authority (as the 'corporate parent') as well as what information is shared with whom and how it will be recorded and stored;
 - what contact the child has with his/her birth parent(s) and what arrangements will be in place for supervised contact. If this is to be the setting, when, where and what form the contact will take will be discussed and agreed;
 - what written reporting is required;
 - wherever possible, and where the plan is for the child's return home, the birth parent(s) should be involved in planning; and
 - with the social worker's agreement, and as part of the plan, the birth parent(s) should be involved in the setting's activities that include parents, such as outings, fun-days etc alongside the foster carer.
 - The settling-in process for the child is agreed. It should be the same as for any other child, with the foster carer taking the place of the parent, unless otherwise agreed. It is even more important that the 'proximity' stage is followed until it is visible that the child has formed a relationship with his or her key person sufficient to act as a 'secure base' to allow the gradual separation from the foster carer. This process may take longer in some cases, so time needs to be allowed for it to take place without causing further distress or anxiety to the child.
 - In the first two weeks after settling-in, the child's well-being is the focus of observation, their sociability and their ability to manage their feelings with or without support.
 - Further observations about communication, interests and abilities will be noted to form a picture of the whole child in relation to the Early Years Foundation Stage 6 areas of learning.
 - Concerns about the child will be noted in the child's file and discussed with the foster carer.
 - If the concerns are about the foster carer's treatment of the child, or if abuse is suspected, these are recorded securely in a separate confidential file and reported to the child's social care worker according to the setting's safeguarding children procedure.
 - Regular contact should be maintained with the social worker through planned meetings that will include the foster carer.
 - Transition to school will be handled sensitively and the designated person and or the child's key person will liaise with the school, passing on relevant information and documentation with the agreement of the looked after child's birth parents.

Confidentiality and client access to records Policy

Policy statement

Definition: 'Confidential information is information that is not normally in the public domain or readily available from another source, it should have a degree of sensitivity and value and be subject to a duty of confidence. A duty of confidence arises when one person provides information to another in circumstances where it is reasonable to expect that the information will be held in confidence.' (Information Sharing: Guidance for Practitioners and Managers (DCSF 2008))

In our setting, staff and managers can be said to have a 'confidential relationship' with families. It is our intention to respect the privacy of children and their parents and carers, while ensuring that they access high quality early years care and education in our setting. We aim to ensure that all parents and carers can share their information in the confidence that it will only be used to enhance the welfare of their children. There are record keeping systems in place that meet legal requirements; means of storing and sharing that information take place within the framework of the Data Protection Act and the Human Rights Act.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.3 Keeping safe	2.1 Respecting each other 2.2 Parents as partners	3.4 The wider context	

Confidentiality procedures

- We always check whether parents regard the information they share with us to be regarded as confidential or not.
- Some parents sometimes share information about themselves with other parents as well as staff; the setting cannot be held responsible if information is shared beyond those parents whom the person has 'confided' in.

- Information shared between parents in a discussion or training group is usually bound by a shared agreement that the information is confidential to the group and not discussed outside of it.
- We inform parents when we need to record confidential information beyond the general personal information we keep (see our record keeping procedures) - for example with regard to any injuries, concerns or changes in relation to the child or the family, any discussions with parents on sensitive matters, any records we are obliged to keep regarding action taken in respect of child protection and any contact and correspondence with external agencies in relation to their child.
- We keep all records securely (see our record keeping procedures).

All the undertakings above are subject to the paramount commitment of the setting, which is to the safety and well-being of the child. Please see also our policy on child protection.

Legal framework

- Data Protection Act 1998
- Human Rights Act 1998

Information sharing Policy

“Practitioners need to understand their organisation’s position and commitment to information sharing. They need to have confidence in the continued support of their organisation where they have used their professional judgement and shared information professionally.”

Information Sharing: Guidance for Practitioners and Managers (DCSF 2008)

Policy statement

We recognise that parents have a right to know that information they share will be regarded as confidential as well as be informed about the circumstances, and reasons, when we are obliged to share information.

We are obliged to share confidential information without authorisation from the person who provided it or to whom it relates if it is in the public interest. That is when:

- it is to prevent a crime from being committed or intervene where one may have been, or to prevent harm to a child or adult; or
- not sharing it could be worse than the outcome of having shared it.

The decision should never be made as an individual, but with the back-up of management committee officers. The three critical criteria are:

- Where there is *evidence* that the child is suffering, or is at risk of suffering, significant harm.
- Where there is *reasonable cause to believe* that a child may be suffering, or at risk of suffering, significant harm.
- To *prevent* significant harm arising to children and young people or serious harm to adults, including the prevention, detection and prosecution of serious crime.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.2 Inclusive practice 1.3 Keeping safe	2.1 Respecting each other 2.2 Parents as partners	3.4 The wider context	

Procedures

Our procedure is based on the 7 golden rules for information sharing as set out in *Information Sharing: Guidance for Practitioners and Managers (DCSF 2008)*.

1. Remember that the Data Protection Act is not a barrier to sharing information but provides a framework to ensure that personal information about living persons is shared appropriately.
 - Our policy and procedures on information sharing provide guidance to appropriate sharing of information with external agencies.
2. Be open and honest. Explain to families how, when and why information will be shared about them and with whom. Seek consent to share information, unless it puts the child at risk or undermines a criminal investigation.

In our setting we ensure parents:

- receive information about our information sharing policy when starting their child in the setting and they sign a form to say that they *understand* circumstances when information may be shared without their consent. This will only be when it is a matter of safeguarding a child or vulnerable adult. This is on our contact and information form;
 - have information about our Safeguarding Children and Child Protection policy; and
 - have information about the circumstances when information will be shared with external agencies, for example, with regard to any special needs the child may have or transition to school.
3. Seek advice when there are doubts about possible significant harm to a child or others.
 - Managers contact children's social care for advice where they have doubts or are unsure.
 4. Share with consent where appropriate. Respect the wishes of children and parents not to consent to share confidential information. However, in the interests of the child, know when it is reasonable to override their wish.
 - Guidelines for consent are part of this procedure.

5. Managers are conversant with this and are able to advise staff accordingly.
Consider the safety and welfare of the child when making a decision about sharing information – if there are concerns regarding ‘significant harm’ the child’s well being and safety is paramount.

In our setting we:

- record concerns and discuss these with the setting’s *designated person* and/or *designated officer* from the management committee for child protection matters. Record decisions made and the reasons why information will be shared and to whom; and
 - follow the procedures for reporting concerns and record keeping.
6. Information shared should be accurate and up-to-date, necessary for the purpose it is being shared for, shared only with those who need to know and shared securely.
 - Our Child Protection procedure and Record Keeping procedure set out how and where information should be recorded and what information should be shared with another agency when making a referral.
 7. Reasons for decisions to share information, or not, are recorded.
 - Provision for this is set out in our Record Keeping procedure

Consent

Parents have a right to be informed that their consent to share information will be sought in most cases, as well as the kinds of circumstances when their consent may not be sought, or their refusal to give consent may be overridden. We do this as follows:

- Our policies and procedures set out our responsibility regarding gaining consent to share information and when it may not be sought or overridden.
- We may cover this verbally when the child starts or include this in our prospectus.
- Parents sign a form at registration to say they understand this.
- Parents are asked to give written consent to share information about any additional needs their child may have, or to pass on child development summaries, to the next provider/school.
- Copies are given to parents of the forms they sign.

We consider the following questions when we need to share:

- Is there legitimate purpose to sharing the information?
- Does the information enable the person to be identified?
- Is the information confidential?
- If the information is confidential, do you have consent to share?
- Is there a statutory duty or court order to share information?
- If consent is refused, or there are good reasons not to seek consent, is there sufficient public interest to share information?
- If the decision is to share, are you sharing the right information in the right way?
- Have you properly recorded your decision?

All the undertakings above are subject to the paramount commitment of the setting, which is to the safety and well-being of the child. Please also see our Safeguarding Children and Child Protection policy.

Uncollected child Policy

Policy statement

In the event that a child is not collected by an authorised adult at the end of a session/day, the setting puts into practice agreed procedures. These ensure the child is cared for safely by an experienced and qualified practitioner who is known to the child. We will ensure that the child receives a high standard of care in order to cause as little distress as possible.

We inform parents/carers of our procedures so that, if they are unavoidably delayed, they will be reassured that their children will be properly cared for.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.3 Keeping safe 1.4 Health and well-being	2.2 Parents as partners	3.4 The wider context	

Procedures

- Parents of children starting at the setting are asked to provide the following specific information which is recorded on our Registration Form:
 - Home address and telephone number - if the parents do not have a telephone, an alternative number must be given, perhaps a neighbour or close relative.
 - Place of work, address and telephone number (if applicable).
 - Mobile telephone number (if applicable).
 - Names, addresses, telephone numbers and signatures of adults who are authorised by the parents to collect their child from the setting, for example a childminder or grandparent.
 - Who has parental responsibility for the child.
 - Information about any person who does not have legal access to the child.
- On occasions when parents are aware that they will not be at home or in their usual place of work, they inform us in writing of how they can be contacted.

- On occasions when parents or the persons normally authorised to collect the child are not able to collect the child, they provide us with written details of the name, address and telephone number of the person who will be collecting their child. We agree with parents how to verify the identity of the person who is to collect their child.
- Parents are informed that if they are not able to collect the child as planned, they must inform us so that we can begin to take back-up measures. We provide parents with our contact telephone number.
- We inform parents that we apply our child protection procedures in the event that their children are not collected from setting by an authorised adult within thirty minutes after the end of session and the staff can no longer supervise the child on our premises.
- If a child is not collected at the end of the session/day, we follow the following procedures:
 - The child's file is checked for any information about changes to the normal collection routines.
 - If no information is available, parents/carers are contacted at home or at work.
 - If this is unsuccessful, the adults who are authorised by the parents to collect their child from the setting – and whose telephone numbers are recorded on the Registration Form – are contacted.
 - All reasonable attempts are made to contact the parents or nominated carers.
 - The child does not leave the premises with anyone other than those named on the Registration Form or in their file.
 - If no-one collects the child after thirty minutes and there is no-one who can be contacted to collect the child, we apply the procedures for uncollected children.
 - We contact our local authority children's social care team on 01793 466903. For full day care, this will be the out of hours duty officer on 01793 436699.
 - The child stays at setting in the care of two fully-vetted workers until the child is safely collected either by the parents or by a social care worker.
 - Social Care will aim to find the parent or relative if they are unable to do so, the child will become looked after by the local authority.
 - Under no circumstances do staff take the child home with them.
- A full written report of the incident is recorded in the child's file.

- Depending on circumstances, we reserve the right to charge parents for the additional hours worked by our staff.
- Ofsted may be informed:
 08456 404040 _____ (telephone number)
- Our local Pre-school Development Worker may also be informed.

Missing child Policy

Policy statement

Children's safety is maintained as the highest priority at all times both on and off premises. Every attempt is made through carrying out the outings procedure and the exit/entrance procedure to ensure the security of children is maintained at all times. In the unlikely event of a child going missing, our missing child procedure is followed.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.3 Keeping safe 1.4 Health and well-being	2.2 Parents as partners	3.4 The wider context	

Procedures

Child going missing on the premises

The following systems are in place to ensure the protection of children in our care:

- Front door is bolted throughout the session, with prominent notice requesting anyone leaving the building to be accompanied by a member of staff to ensure the door is secured behind them.
- Back gate is bolted throughout the session and checked before outdoor play.
- An accurate and up to date register (and visitors' book) is kept and both adults and children, including visitors, are signed in and out whenever they enter/leave the premises.
- Our key person system and regular head counts, especially during the self registration period and after free flow indoor/outdoor play, should ensure absence is soon discovered.

The above procedures should ensure that a child never leaves the group unaccompanied. However, in the unlikely event that this does happen, the following procedures would be followed:

- As soon as it is noticed that a child is missing the key person/staff alerts the setting leader.
- The register is checked to make sure no other child has also gone astray.

- Doors and gates are checked to see if there has been a breach of security whereby a child could wander out.
- The setting leader talks to the staff to find out when and where the child was last seen and records this.
- Remaining children will be gathered together into one large group, for a story with one adult, whilst the other adults search.
- All adults will be made aware of the situation, and without alarming the children, they will be asked whether they have seen the missing child.
- All areas inside and immediate outside area will be checked straight away.
- Parent/carer will be contacted to warn them that the child may be attempting to get home. One adult will make the journey on foot to catch up with and intercept the child if possible.
- The supervisor contacts the chairperson or vice chairperson and reports the incident. The chairperson or vice chairperson comes to the setting immediately to carry out an investigation, with the management committee where applicable.

If the above steps do not locate the child, the police will be called.

Child going missing on an outing

The following systems are in place to ensure the protection of children during outings:

- The ratio will be 1 adult:2 children, with each adult made aware which children they will be responsible for.
- Each child will wear a reflective jacket and badge clearly labelled Westlea Pre-school with our contact number.
- The primary, fully charged, Pre-school mobile telephone will be carried by one member of staff, with the secondary, fully charged, Pre-school mobile telephone carried by another member of staff.
- Children are counted out and checked against the register which is held by a member of staff throughout the outing. Regular head counts are made throughout the outing (especially on arrivals and departures from destination and pre-school premises).
- Administration file held by a member of staff throughout the outing, with children's addresses and emergency telephone numbers.

The above procedures should ensure that a child never leaves the group unaccompanied. However, in the unlikely event that this does happen, the following procedures would be followed.

- Remaining children will be gathered together in one large group, and asked to stand with their designated carer, and a headcount carried out to ensure that no other child has gone astray.
- All adults present will be made aware of the situation, and without alarming the children, they will be asked whether they have seen the missing child.
- One adult (or more where there are sufficient adults to supervise the remaining children) to check immediate area.
- Parent/carer will be contacted to advise that the child may be attempting to get home. One adult will make the journey on foot to catch up with and intercept the child if possible.
- If second adult available, they will make the journey to pre-school on foot, in case the child is attempting to return there.
- In an indoor venue, the staff contact the venue's security who will handle the search and contact the police if the child is not found.
- The setting leader contacts the chairperson or vice chairperson and reports the incident. The chairperson or vice chairperson comes to the setting immediately to carry out an investigation, with the management committee where applicable.

If the above steps do not locate the child, the police will be called.

Child going missing when staff have taken a small group of children on a local outing, for example, to post a letter or to the library or Asda

The following systems are in place to ensure the protection of children during outings:

- There will always be a minimum of 2 adults with a ratio of 1 adult:2 children
- Each child will wear a reflective jacket and badge clearly labelled Westlea Pre-school with our contact number.
- The secondary, fully charged, pre-school mobile telephone will be carried by a member of staff.

The above procedures should ensure that a child never leaves the group unaccompanied. However, in the unlikely event that this does happen, the following procedures would be followed.

- One staff member searches the immediate vicinity but does not search beyond that.
- The supervisor or deputy supervisor is contacted immediately and the incident recorded.
- The supervisor or deputy supervisor contacts the parent.
- The supervisor or deputy supervisor contacts the police and reports the child as missing
- Staff take the remaining children back to the setting.
- In an indoor venue, the staff contact the venue's security who will handle the search and contact the police if the child is not found.
- The setting leader contacts the chairperson or vice chairperson and reports the incident. The chairperson or vice chairperson comes to the setting immediately to carry out an investigation, with the management committee where applicable.

The investigation

- Staff keep calm and do not let the other children become anxious or worried.
- The supervisor together with the chairperson or representative from the management committee, speaks with the parent(s).
- The chairperson and management committee, carry out a full investigation taking written statements from all the staff in the room or who were on the outing.
- The key person/staff member writes an incident report detailing:
 - The name of the child
 - The date and time of the report.
 - What staff/children were in the group/outing and the name of the staff designated responsible for the missing child.
 - When the child was last seen in the group/outing.
 - What has taken place in the group or outing since the child went missing.
 - The time it is estimated that the child went missing.
- A conclusion is drawn as to how the breach of security happened.

- If the incident warrants a police investigation, all staff co-operate fully. In this case, the police will handle all aspects of the investigation, including interviewing staff. Children's social care may be involved if it seems likely that there is a child protection issue to address.
- The incident is reported under RIDDOR arrangements (see the Reporting of Accidents and Incidents policy); the local authority Health and Safety Officer may want to investigate and will decide if there is a case for prosecution.
- In the event of disciplinary action needing to be taken, Ofsted is informed.
- The insurance provider is informed.

***Supervision of children on outings and visits*Policy**

Policy statement

Children benefit from being taken out of the setting to go on visits or trips to local parks or other suitable venues for activities which enhance their learning experiences. Staff in our setting ensure that there are procedures to keep children safe on outings; all staff and volunteers are aware of and follow the procedures below.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.3 Keeping safe 1.4 Health and well-being	2.2 Parents as partners	3.3 The learning environment	4.2 Active learning

Procedures

- Parents sign a general consent on registration for their children to be taken out as a part of the daily activities of the setting.
- This general consent details the venues used for daily activities.
- A risk assessment for each venue is carried out, which is reviewed regularly.
- Parents are always asked to sign specific consent forms before major outings.
- A risk assessment is carried out before an outing takes place.
- Our adult to child ratio is high, normally one adult to two children, depending on their age, sensibility and type of venue as well as how it is to be reached.
- Named children are assigned to individual staff to ensure each child is individually supervised, to ensure no child goes astray, and that there is no unauthorised access to children.
- Outings are recorded in an outings record book kept in the setting stating:
 - The date and time of outing.
 - The venue and mode of transport.
 - Names of staff assigned to named children.
 - Time of return.
- Staff take a mobile phone on outings, and supplies of tissues, wipes, pants etc as well as a mini first aid pack, snacks and water. The amount of equipment will vary and be consistent with the venue and the number of children as well as how long they will be out for.

- Staff take a list of children with them with contact numbers of parents/carers.
- A minimum of two staff should accompany children on outings and a minimum of two should remain behind with the rest of the children.

Maintaining children’s safety and security on premises Policy

Policy statement

We maintain the highest possible security of our premises to ensure that each child is safely cared for during their time with us.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.3 Keeping safe	2.2 Parents as partners		

Procedures

Children's personal safety

- We ensure all employed staff have been checked for criminal records by an enhanced disclosure from the Criminal Records Bureau.
- No child is left alone with students or volunteers in a one-to-one situation without being visible to others.
- All children are supervised by adults at all times.
- Whenever children are on the premises at least two adults are present.
- We carry out risk assessment to ensure children are not made vulnerable within any part of our premises, nor by any activity.

Security

- Systems are in place for the safe arrival and departure of children.
- The times of the children's arrivals and departures are recorded.
- The arrival and departure times of adults - staff, volunteers and visitors - are recorded.
- Our systems prevent unauthorised access to our premises.
- Our systems prevent children from leaving our premises unnoticed.

- The personal possessions of staff and volunteers are securely stored during sessions.

Making a complaint Policy

Policy statement

Our setting believes that children and parents are entitled to expect courtesy and prompt, careful attention to their needs and wishes. We welcome suggestions on how to improve our setting and will give prompt and serious attention to any concerns about the running of the setting. We anticipate that most concerns will be resolved quickly by an informal approach to the appropriate member of staff. If this does not achieve the desired result, we have a set of procedures for dealing with concerns. We aim to bring all concerns about the running of our setting to a satisfactory conclusion for all of the parties involved.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.2 Inclusive practice	2.1 Respecting each other 2.2 Parents as partners	3.2 Supporting every child 3.4 The wider context	

Procedures

All settings are required to keep a 'summary log' of all complaints that reach stage two or beyond. This is to be made available to parents as well as to Ofsted inspectors.

Making a complaint

Stage 1

- Any parent who has a concern about an aspect of the setting's provision talks over, first of all, his/her concerns with the setting leader.
- Most complaints should be resolved amicably and informally at this stage.

Stage 2

- If this does not have a satisfactory outcome, or if the problem recurs, the parent

moves to this stage of the procedure by putting the concerns or complaint in writing to the supervisor or chair of the management committee or the parent liaison officer.

- The setting stores written complaints in a separate file designated for complaints.
- When the investigation into the complaint is completed, the supervisor or chairperson or parent liaison officer meets with the parent to discuss the outcome.
- Parents must be informed of the outcome of the investigation within 28 days of making the complaint.
- When the complaint is resolved at this stage, the summative points are logged in the Complaints Summary Record. If the complaint involves a detailed investigation, all information relating to the investigation will be stored securely in a separate confidential file.

Stage 3

- If the parent is not satisfied with the outcome of the investigation, he or she requests a meeting with the supervisor and the chair of the management committee and the parent liaison officer. The parent should have a friend or partner present if required and the supervisor should have the support of the chairperson of the management committee present.
- An agreed written record of the discussion is made as well as any decision or action to take as a result. All of the parties present at the meeting sign the record and receive a copy of it.
- This signed record signifies that the procedure has concluded. When the complaint is resolved at this stage, the summative points are logged in the Complaints Summary Record.

Stage 4

- If at the stage three meeting the parent and setting cannot reach agreement, an external mediator is invited to help to settle the complaint. This person should be acceptable to both parties, listen to both sides and offer advice. A mediator has no legal powers but can help to define the problem, review the action so far and suggest further ways in which it might be resolved.

- Staff or volunteers within the Pre-school Learning Alliance are appropriate persons to be invited to act as mediators.
- The mediator keeps all discussions confidential. S/he can hold separate meetings with the setting personnel (setting leader and owner/chair of the management committee and the parent liaison officer) and the parent, if this is decided to be helpful. The mediator keeps an agreed written record of any meetings that are held and of any advice s/he gives.

Stage 5

- When the mediator has concluded her/his investigations, a final meeting between the parent, the setting leader and the owner/chair of the management committee and the parent liaison officer is held. The purpose of this meeting is to reach a decision on the action to be taken to deal with the complaint. The mediator's advice is used to reach this conclusion. The mediator is present at the meeting if all parties think this will help a decision to be reached.
- A record of this meeting, including the decision on the action to be taken, is made. Everyone present at the meeting signs the record and receives a copy of it. This signed record signifies that the procedure has concluded.

The role of the Office for Standards in Education, Children's Services and Skills (Ofsted) and the Local Safeguarding Children Board

- Parents may approach Ofsted directly at any stage of this complaints procedure. In addition, where there seems to be a possible breach of the setting's registration requirements, it is essential to involve Ofsted as the registering and inspection body with a duty to ensure the Welfare Requirements of the Early Years Foundation Stage are adhered to.
 - The number to call Ofsted with regard to a complaint is:
08456 404040
-
- These details are displayed on our setting's notice board.
 - If a child appears to be at risk, our setting follows the procedures of the Local Safeguarding Children Board in our local authority.

- In these cases, both the parent and setting are informed and the setting leader works with Ofsted or the Local Safeguarding Children Board to ensure a proper investigation of the complaint, followed by appropriate action.

Records

- A record of complaints against our setting and/or the children and/or the adults working in our setting is kept, including the date, the circumstances of the complaint and how the complaint was managed.
- The outcome of all complaints is recorded in the Summary Complaints Record which is available for parents and Ofsted inspectors on request.

Valuing diversity and promoting equality Policy

Policy statement

We will ensure that our service is fully inclusive in meeting the needs of all children. We recognise that children and their families come from diverse backgrounds. All families have needs and values that arise from their social and economic, ethnic and cultural or religious backgrounds. Children grow up in diverse family structures that include two parent and one parent families; some children have two parents of the same sex. Some children have close links with extended families of grandparents, aunts, uncles and cousins while others may be more removed from close kin or may live with other relatives or foster carers. Some children have needs that arise from disability or impairment or may have parents that are affected by disability or impairment.

Some children come from families who experience social exclusion or severe hardship; some have to face discrimination and prejudice because of their ethnicity, the languages they speak, their religious or belief background, their gender or their impairment.

We understand that these factors affect the well-being of children and can impact on their learning and attainment.

Our setting is committed to anti-discriminatory practice to promote equality of opportunity and valuing diversity for all children and families. We aim to:

- provide a secure and accessible environment in which all our children can flourish and in which all contributions are considered and valued;
- include and value the contribution of all families to our understanding of equality and diversity;
- provide positive non-stereotyping information about gender roles and diverse family structures, diverse ethnic and cultural groups and disabled people;
- improve our knowledge and understanding of issues of anti-discriminatory practice, promoting equality and valuing diversity;
- challenge and eliminate discriminatory actions;
- make inclusion a thread that runs through all of the activities of the setting; and
- foster good relations between all communities.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.2 Inclusive practice 1.3 Keeping safe	2.1 Respecting each other 2.2 Parents as partners 2.3 Supporting learning 2.4 Key person	3.2 Supporting every child 3.4 The wider context	4.4 Areas of learning and development

Procedures

Admissions

Our setting is open to all members of the community.

- We advertise our service widely.
- We aim to reflect the diversity of our society in our publicity and promotional materials.
- We provide information in clear, concise language, whether in spoken or written form.
- We would seek to provide information in as other languages as required.
- We base our admissions policy on a fair system.
- We ensure that all parents are made aware of our equal opportunities policy.
- We do not discriminate against a child or their family, or prevent entry to our setting, on the basis of a protected characteristic as defined by the Equalities Act 2010. These are:
 - disability;
 - race;
 - gender reassignment;
 - religion or belief;
 - sex;
 - sexual orientation;
 - age;
 - pregnancy and maternity; and
 - marriage and civil partnership.

- We do not discriminate against a child with a disability or refuse a child entry to our setting for reason relating to disability.
- We develop an accessibility plan to ensure that people with impairments can participate successfully in the services offered by the setting and in the curriculum offered.
- We take action against any discriminatory behaviour by staff or parents whether by:
 - direct discrimination – someone is treated less favourably because of a protected characteristic e.g. preventing families of some racial groups from using the service;
 - indirect discrimination - someone is affected unfavourably by a general policy e.g. children must only speak English in the setting;
 - association – discriminating against someone who is associated with a person with a protected characteristic e.g. behaving unfavourably to someone who is married to a person from a different cultural background;
 - or
 - perception – discrimination on the basis that it is thought someone has a protected characteristic e.g. assuming someone is gay because of their mannerism or how they speak.
- Displaying of openly discriminatory and possibly offensive materials, name calling, or threatening behaviour are unacceptable on or around the premises and will be dealt with in the strongest manner.

Employment

- Posts are advertised and all applicants are judged against explicit and fair criteria.
- Applicants are welcome from all backgrounds and posts are open to all.
- We may use the exemption clauses in relevant legislation to enable the service to best meet the needs of the community.
- The applicant who best meets the criteria is offered the post, subject to references and checks by the Criminal Records Bureau. This ensures fairness in the selection process.
- All job descriptions include a commitment to promoting equality and recognising and respecting diversity as part of their specifications.
- We monitor our application process to ensure that it is fair and accessible.

Training

- We seek out training opportunities for staff and volunteers to enable them to develop anti-discriminatory and inclusive practices, which enable all children to flourish.
- We ensure that staff are confident and fully trained in administering relevant medicines and performing invasive care procedures when these are required.
- We review our practices to ensure that we are fully implementing our policy for promoting equality, valuing diversity and inclusion.

Curriculum

The curriculum offered in the setting encourages children to develop positive attitudes about themselves as well as to people who are different from themselves. It encourages children to empathise with others and to begin to develop the skills of critical thinking.

Our environment is as accessible as possible for all visitors and service users. If access to the settings is found to treat disabled children or adults less favourably then we make reasonable adjustments to accommodate the needs of disabled children and adults. We do this by:

- making children feel valued and good about themselves and others;
- ensuring that children have equality of access to learning;
- undertaking an access audit to establish if the setting is accessible to all children;
- making adjustments to the environment and resources to accommodate a wide range of learning, physical and sensory impairments;
- making appropriate provision within the curriculum to ensure each child receives the widest possible opportunity to develop their skills and abilities, e.g. recognising the different learning styles of girls and boys;
- positively reflecting the widest possible range of communities in the choice of resources;
- avoiding stereotypes or derogatory images in the selection of books or other visual materials;
- celebrating a wide range of festivals;
- creating an environment of mutual respect and tolerance;
- differentiating the curriculum to meet children's special educational needs;

- helping children to understand that discriminatory behaviour and remarks are hurtful and unacceptable;
- ensuring that the curriculum offered is inclusive of children with special educational needs and children with disabilities;
- ensuring that children learning English as an additional language have full access to the curriculum and are supported in their learning; and
- ensuring that children speaking languages other than English are supported in the maintenance and development of their home languages.

Valuing diversity in families

- We welcome the diversity of family lifestyles and work with all families.
- We encourage children to contribute stories of their everyday life to the setting.
- We encourage mothers, fathers and other carers to take part in the life of the setting and to contribute fully.
- For families who speak languages in addition to English, we will develop means to ensure their full inclusion.
- We offer a flexible payment system for families of differing means and offer information regarding sources of financial support.

Food

- We work in partnership with parents to ensure that dietary requirements of children that arise from their medical, religious or cultural needs are met.
- We help children to learn about a range of food, and of cultural approaches to mealtimes and eating, and to respect the differences among them.

Meetings

- Meetings are arranged to ensure that all families who wish to may be involved in the running of the setting.
- We positively encourage all parents and carers to be involved in the setting.
- Information about meetings is communicated in a variety of ways - written, verbal and in translation if necessary - to ensure that all mothers and fathers have information about and access to the meetings.

Monitoring and reviewing

- To ensure our policies and procedures remain effective we will monitor and review them annually to ensure our strategies meets the overall aims to promote equality, inclusion and valuing diversity.
- We provide a complaints procedure and a complaints summary record for parents to see.

Legal framework

- The Equality Act 2010
- Children Act 1989, 2004
- Special Educational Needs and Disability Act 2001

Supporting children with special educational needs Policy

Policy statement

We provide an environment in which all children, including those with special educational needs, are supported to reach their full potential.

- We have regard for the DfES Special Educational Needs Code of Practice (2001).
- We ensure our provision is inclusive to all children with special educational needs.
- We support parents and children with special educational needs (SEN).
- We identify the specific needs of children with special educational needs and meet those needs through a range of SEN strategies.
- We work in partnership with parents and other agencies in meeting individual children's needs.
- We monitor and review our policy, practice and provision and, if necessary, make adjustments.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.1 Child development	2.1 Respecting each other	3.2 Supporting every child	4.1 Play and exploration
1.2 Inclusive practice	2.2 Parents as partners	3.3 The learning environment	4.2 Active learning
1.4 Health and well-being	2.3 Supporting learning	3.4 The wider context	4.3 Creativity and critical thinking
	2.4 Key person		

Procedures

- We designate a member of staff to be the Special Educational Needs Co-ordinator (SENCO) and give her name to parents. Our SENCO is Mrs Rachel Butler
-
- We ensure that the provision for children with special educational needs is the responsibility of all members of the setting.
 - We ensure that our inclusive admissions practice ensures equality of access and opportunity.
 - We use the graduated response system for identifying, assessing and responding to children's special educational needs.

- We work closely with parents of children with special educational needs to create and maintain a positive partnership.
- We ensure that parents are informed at all stages of the assessment, planning, provision and review of their children's education.
- We provide parents with information on sources of independent advice and support.
- We liaise with other professionals involved with children with special educational needs and their families, including transfer arrangements to other settings and schools.
- We provide a broad, balanced and differentiated curriculum for all children with special educational needs.
- We use a system of planning, implementing, monitoring, evaluating and reviewing individual play plans (IPPs) for children with special educational needs.
- We ensure that children with special educational needs are appropriately involved at all stages of the graduated response, taking into account their levels of ability.
- We have systems in place for supporting children during Early Years Action, Early Years Action Plus, Statutory Assessment and the Statementing process.
- We use a system for keeping records of the assessment, planning, provision and review for children with special educational needs.
- We provide resources (human, practical and financial) to implement our Special Educational Needs Policy.
- We provide in-service training for parents (where appropriate), practitioners and volunteers.
- We provide a complaints procedure.
- We monitor and review our policy annually.

Achieving positive behaviour Policy

Policy statement

Our setting believes that children flourish best when their personal, social and emotional needs are met and when they know how they are expected to behave and should be free to play and learn without fear of being hurt or unfairly restricted by anyone else.

Aim

We aim to provide an environment in which there is acceptable behaviour and where children learn to respect themselves, other people and their environment.

Children need to learn to consider the views and feelings, needs and rights, of others and the impact that their behaviour has on people, places and objects. This is a developmental task that requires support, encouragement, teaching and setting the correct example. The principles that underpin how we achieve positive and considerate behaviour exist within the programme for promoting personal, social and emotional development.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.1 Child development 1.2 Inclusive practice 1.3 Keeping safe	2.2 Parents as partners 2.3 Supporting learning	3.2 Supporting every child 3.3 The learning environment	4.4 Personal, social and emotional development

Procedures

Our named person who has overall responsibility for issues concerning behaviour is Mrs Rachel Butler.

- We require the named person to:
 - keep herself up-to-date with legislation, research and thinking on promoting positive behaviour and on handling children's behaviour where it may require additional support;
 - access relevant sources of expertise on promoting positive ; and

- check that all staff have relevant in-service training on promoting positive behaviour. We keep a record of staff attendance at this training.
- We recognise that codes for interacting with other people vary between cultures and require staff to be aware of - and respect - those used by members of the setting.
- We require all staff, volunteers and students to provide a positive model of behaviour by treating children, parents and one another with friendliness, care and courtesy.
- We familiarise new staff and volunteers with the setting's behaviour policy and its guidelines for behaviour.
- We expect all members of our setting - children, parents, staff, volunteers and students - to keep to the guidelines, requiring these to be applied consistently.
- We work in partnership with children's parents. Parents are regularly informed about their children's behaviour by their key person. We work with parents to address recurring inconsiderate behaviour, using our observation records to help us to understand the cause and to decide jointly how to respond appropriately.
- We focus on ensuring a child's attachment figure in the setting, their key person, is building a strong relationship to the child ; this is considered a priority irrespective of age.

Strategies with children who engage in inconsiderate behaviour

- We require all staff, volunteers and students to use positive strategies for handling any inconsiderate behaviour, by helping children find solutions in ways which are appropriate for the children's ages and stages of development. Such solutions might include, for example,
 - distraction, praise and rewards, for example, stickers and certificate
 - acknowledgement of feelings, explanation as to what was not acceptable and supporting children to gain control of their feelings so that they can learn a more appropriate response.
- We ensure that there are enough popular toys and resources and sufficient activities available so that children are meaningfully occupied without the need for unnecessary conflict over sharing and waiting for turns.
- We acknowledge considerate behaviour such as kindness and willingness to share, for example, through the caring heart scheme.

- We support each child in developing self-esteem, confidence and feelings of competence.
- We support each child in developing a sense of belonging in our group, so that they feel valued and welcome.
- We avoid creating situations in which children receive adult attention only in return for inconsiderate behaviour.
- When children behave in inconsiderate ways, we help them to understand the outcomes of their action and support them in learning how to cope more appropriately.
- We never send children out of the room by themselves, nor do we use a 'naughty chair' or a 'time out' strategy that excludes children from the group.
- We never use physical punishment, such as smacking or shaking. Children are never threatened with these.
- We do not use techniques intended to single out and humiliate individual children.
- We use physical restraint, such as holding, only to prevent physical injury to children or adults and/or serious damage to property.
- Details of such an event (what happened, what action was taken and by whom, and the names of witnesses) are brought to the attention of our setting leader and are recorded in the incident book for behaviour management. The child's parent is informed on the same day and signs the Incident Book to indicate that he/she has been informed.
- In cases of serious misbehaviour, such as racial or other abuse, we make clear immediately the unacceptability of the behaviour and attitudes, by means of explanations rather than personal blame.
- We do not shout or raise our voices in a threatening way to respond to children's inconsiderate behaviour.

Rough and tumble play and fantasy aggression

Young children often engage in play that has aggressive themes – such as superhero and weapon play; some children appear pre-occupied with these themes, but their behaviour is not necessarily a precursor to hurtful behaviour or bullying, although it may be inconsiderate at times and may need addressing using strategies as above.

- We will develop strategies to contain play that are agreed with the children, and understood by them, with acceptable behavioural boundaries to ensure children are not hurt.
- We recognise that fantasy play also contains many violently dramatic strategies, blowing up, shooting etc., and that themes often refer to 'goodies and baddies' and as such offer opportunities for us to explore concepts of right and wrong.
- We are able to tune in to the content of the play, perhaps to suggest alternative strategies for heroes and heroines, making the most of 'teachable moments' to encourage empathy and lateral thinking to explore alternative scenarios and strategies for conflict resolution.

Hurtful behaviour

We take hurtful behaviour very seriously. Most children under the age of five will at some stage hurt or say something hurtful to another child, especially if their emotions are high at the time, but it is not helpful to label this behaviour as 'bullying'. For children under five, hurtful behaviour is momentary, spontaneous and often without awareness of the feelings of the person whom they have hurt.

- We recognise that young children behave in hurtful ways towards others because they have not yet developed the means to manage intense feelings that sometimes overwhelm them.
- We will help them manage these feelings by offering support, calming the child who is angry as well as the one who has been hurt by the behaviour.
- Our way of responding to pre-verbal children is to calm them through holding and cuddling. Verbal children may also respond to cuddling to calm them down, but we offer them an explanation and discuss the incident with them to their level of understanding.
- We recognise that young children require help in understanding the range of feelings they experience. We help children recognise their feelings by naming them and helping children to express them, making a connection verbally between the event and the feeling.
- We help young children learn to empathise with others, understanding that they have feelings too and that their actions impact on others' feelings.
- We help young children develop social skills, such as resolving conflict over who has the toy.

- We are aware that the same problem may happen over and over before skills such as sharing and turn-taking develop, therefore children will need repeated experiences with problem solving, supported by patient adults and clear boundaries.
- We support social skills through modelling behaviour, through activities, drama and stories.
- We build self-esteem and confidence in children, recognising their emotional needs through close and committed relationships with them.
- We help a child to understand the effect that their hurtful behaviour has had on another child; we do not force children to say sorry, but encourage this where it is clear that they are genuinely sorry and wish to show this to the person they have hurt.
- When hurtful behaviour becomes problematic, we work with parents to identify the cause and find a solution together. The main reasons for very young children to engage in excessive hurtful behaviour are that:
 - they do not feel securely attached to someone who can interpret and meet their needs – this may be in the home and it may also be in the setting;
 - their parent does not have skills in responding appropriately, and consequently negative patterns are developing where hurtful behaviour is the only response the child has to express feelings of anger;
 - the child may have insufficient language, or mastery of English, to express him or herself and may feel frustrated;
 - the child is exposed to levels of aggressive behaviour at home and may be at risk emotionally, or may be experiencing child abuse;
 - the child has a developmental condition that affects how they behave.
- Where this does not work, we use the Code of Practice to support the child and family, making the appropriate referrals to a relevant agency which may include the Behaviour Support Team.

Bullying

We take bullying very seriously. Bullying involves the **persistent** physical or verbal abuse of another child or children. It is characterised by intent to hurt, often planned, and accompanied by an awareness of the impact of the bullying behaviour.

A child who is bullying has reached a stage of cognitive development where he or she is able to plan to carry out a premeditated intent to cause distress in another.

If a child bullies another child or children:

- we show the children who have been bullied that we are able to listen to their concerns and act upon them;
- we intervene to stop the child who is bullying from harming the other child or children;
- we explain to the child doing the bullying why her/his behaviour is not acceptable;
- we give reassurance to the child or children who have been bullied;
- we help the child who has done the bullying to recognise the impact of their actions;
- we make sure that children who bully receive positive feedback for considerate behaviour and are given opportunities to practise and reflect on considerate behaviour;
- we do not label children who bully as 'bullies';
- we recognise that children who bully may be experiencing bullying themselves, or be subject to abuse or other circumstance causing them to express their anger in negative ways towards others;
- we recognise that children who bully are often unable to empathise with others and for this reason we do not insist that they say sorry unless it is clear that they feel genuine remorse for what they have done. Empty apologies are just as hurtful to the bullied child as the original behaviour;
- we discuss what has happened with the parents of the child who did the bullying and work out with them a plan for handling the child's behaviour; and
- we share what has happened with the parents of the child who has been bullied, explaining that the child who did the bullying is being helped to adopt more acceptable ways of behaving.

Children under three years (by biological or developmental age)

- When children under three behave in inconsiderate ways we recognise that strategies for supporting them will need to be developmentally appropriate and differ from those for older children.
- We recognise that babies and very young children are unable to regulate their own emotions, such as fear, anger or distress, and require sensitive adults to help them do this.

- Common inconsiderate or hurtful behaviours of young children include tantrums, biting or fighting. Staff are calm and patient, offering comfort to intense emotions, helping children to manage their feelings and talk about them to help resolve issues and promote understanding.
- If tantrums, biting or fighting are frequent, we try to find out if there is an underlying cause. Sometimes a child has not settled in well and the behaviour may be the result of 'separation anxiety'.
- We focus on ensuring a child's attachment figure in the setting, their key person, is building a strong relationship to provide security to the child.

Inclusion Policy

Statement of Intent

We believe that an inclusive provision should be open and accessible to all.

Aims

To ensure that we take positive action in removing disabling barriers so that all children can participate in activities.

Methods

- The attitudes and behaviour of practitioners, children and parents demonstrate how unremarkable it is that children with individual needs, special needs or physical disabilities are part of a wide cross-section of the local community using the service.
- The staff are highly responsive, working as a team and thinking on their feet to be a resource to the children and to provide assistance where necessary.
- Activities are led by the interests and enthusiasms of each child who attends and take place with regard to any likes, dislikes and specific needs each child may have.
- The particular background and characteristics of each individual child are fully taken into account but are not unduly highlighted.
- Pictures, equipment and resources reflect people's lives with individual needs, special needs or physical disabilities as part of a wide representation of children's differing backgrounds and experience.
- Discriminatory language or behaviour is addressed and discussed sensitively with any adults or children involved.
- Practitioners sensitively address the issues if any child is consistently being excluded from other children's play.
- Each child and adult is respected and valued as an individual with equal rights and choices and is given the chance to exercise those rights and choices.
- Assessed acceptable risk is available to each child to ensure both safety and excitement.
- The Supervisor is committed to the active participation of children, parents/carers, team members and others to ensure good quality provision and to ensure each individual's needs are met.
- The Supervisor can identify action taken and progress already made towards inclusion, the current priorities, and the things he/she still needs and plans to do to be more inclusive. An accessibility plan is drawn up and reviewed regularly.
- The Supervisor has made time to build links with families/schools/services for children with individual needs, special needs or physical disabilities by becoming directly involved with them as part of a commitment to give all local children and families a genuine choice to be part of the service.
- The Supervisor has made and continues to make reasonable adjustments for better physical access to and around the setting.
- The Supervisor runs regular team meetings to reflect on practice together and to develop future good practice.
- The Supervisor has made and continues to make attempts to identify and deploy sources of funding where necessary to support the inclusion of children whom might otherwise be excluded.
- The Supervisor accesses appropriate support and advice from colleagues and other expert professionals.

- All practitioners have had attitudinal training around disability and other equality issues and continue to take part in training about inclusion.
- All practitioners are aware that attitudes, environments, structures and policies need attention in order that they do not disadvantage particular children.
- All practitioners have or are developing necessary skills to communicate effectively with each child, and encourage all children to develop ways of communicating with one another.
- All practitioners can each describe the systems in place to respond to any individual child whom may need specific assistance.
- All practitioners know and use children's and adult's chosen names.
- All practitioners create opportunities to communicate with each child and their parents/carers to discuss how best to build on children's interests, meet their needs and promote their participation.
- Each child has opportunities to express their views and opinions on sessions they take part in and on the setting as a whole; using whatever communication methods they choose.
- Practitioners seek the children's views and pay attention to their requests.
- Each child is helped to show their parent/carer what they have been doing, especially if they have difficulty with communication.
- Each parent/carer is welcomed and valued as an expert on their child, with a continuing key role in helping practitioners to enable their child to feel safe and involved.
- Each parent/carer is provided with a variety of opportunities for formal and informal consultation to influence what goes on in the setting as a whole and is comfortable approaching practitioners without feeling they are imposing on them.
- Policies and paperwork indicate that a commitment to meeting individuals children's needs and creating an inclusive ethos underpins public and internal documents, which are continually developing.
- Policies and paperwork indicate all children are equally welcome to attend.
- Policies and paperwork indicate practitioners in team settings who have particular roles in assisting children with individual needs, special needs or physical disabilities are full members of the team; and all practitioners have job descriptions which stress the inclusion of the child as well as whatever level of focused assistance may be necessary.
- Written information about each child includes details of how best to meet their needs and procedures for any care or medical requirements.
- The service has a vision of what it wants to do; policies and procedures for how it does it; and a process of monitoring and evaluation to see how well it is doing it. This includes all who are involved in the setting in a process of continuing reflection on the development of inclusive policy and practice.

This policy was adopted at a meeting of Westlea Pre-school

Held on (date)4/7/06.....

Signed on behalf of the pre-school.....*Fiona Scott*.....

Administering medicines Policy

Policy statement

While it is not our policy to care for sick children, who should be at home until they are well enough to return to the setting, we will agree to administer medication as part of maintaining their health and well-being or when they are recovering from an illness.

In many cases, it is possible for children's GP's to prescribe medicine that can be taken at home in the morning and evening. As far as possible, administering medicines will only be done where it would be detrimental to the child's health if not given in the setting. If a child has not had a medication before, it is advised that the parent keeps the child at home for the first 48 hours to ensure no adverse effect as well as to give time for the medication to take effect. In addition, where children have been prescribed antibiotics, parents are asked to keep them at home for 48 hours before returning to the setting. There may be exceptions to this for very minor ailments, this would be at the discretion of the supervisor and staff.

These procedures are written in line with current guidance in 'Managing Medicines in Schools and Early Years Settings'; the supervisor is responsible for ensuring all staff understand and follow these procedures.

The key person is responsible for the correct administration of medication to children for whom they are the key person. This includes ensuring that parent consent forms have been completed, that medicines are stored correctly and that records are kept according to procedures. In the absence of the key person, the supervisor is responsible for the overseeing of administering medication.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.4 Health and well-being	2.2 Parents as partners 2.4 Key person	3.2 Supporting every child	

Procedures

- Children taking prescribed medication must be well enough to attend the setting.
- Only medication prescribed by a doctor (or other medically qualified person) is administered. It must be in-date and prescribed for the current condition.
- Children's prescribed medicines are stored in their original containers, are clearly labelled and are inaccessible to the children.
- Parents give prior written permission for the administration of medication. The staff receiving the medication must ask the parent to sign a consent form stating the following information. No medication may be given without these details being provided:
 - full name of child and date of birth;
 - name of medication and strength;
 - who prescribed it;
 - dosage to be given in the setting;
 - signature, printed name of parent and date.
- The administration is recorded accurately each time it is given and is signed by staff. Parents sign the record book to acknowledge the administration of a medicine, stating:
 - the date and time of dose;
 - dose given and method; and is
 - signed by key person/manager; and is
 - verified by parent signature at the end of the day.
- We use the Pre-school Learning Alliance's publication *Medication Record* for recording administration of medicine and comply with the detailed procedures set out in that publication.

Storage of medicines

- All medication is stored safely and out of children's reach.
- The child's key person is responsible for ensuring medicine is handed back at the end of the day to the parent.
- For some conditions, medication may be kept in the setting. Key persons check that any medication held to administer on an as and when required basis, or on a regular basis, is in date and returns any out-of-date medication back to the parent.

- If the administration of prescribed medication requires medical knowledge, individual training is provided for the relevant member of staff by a health professional.
- If rectal diazepam is given another member of staff must be present and co-signs the record book.
- No child may self-administer. Where children are capable of understanding when they need medication, for example with asthma, they should be encouraged to tell their key person what they need. However, this does not replace staff vigilance in knowing and responding when a child requires medication.

Children who have long term medical conditions and who may require on ongoing medication

- A risk assessment is carried out for each child with long term medical conditions that require ongoing medication. This is the responsibility of the supervisor alongside the key person. Other medical or social care personnel may need to be involved in the risk assessment.
- Parents will also contribute to a risk assessment. They should be shown around the setting, understand the routines and activities and point out anything which they think may be a risk factor for their child.
- For some medical conditions key staff will need to have training in a basic understanding of the condition as well as how the medication is to be administered correctly. The training needs for staff is part of the risk assessment.
- The risk assessment includes arrangements for taking medicines on outings.
- A health care plan for the child is drawn up with the parent and appropriate professional; outlining the key person's role and what information must be shared with other staff who care for the child.
- The health care plan should include the measures to be taken in an emergency.
- The health care plan is reviewed as necessary.
- Parents receive a copy of the health care plan and each contributor, including the parent, signs it.

Managing medicines on trips and outings

- If children are going on outings, staff accompanying the children must include the key person for the child with a risk assessment, or another member of staff who is fully informed about the child's needs and/or medication.

- Medication for a child is taken in a sealed plastic box clearly labelled with the child's name, name of the medication.
- This procedure is read alongside the outings procedure.

Legal framework

- Medicines Act (1968)

Further guidance

Managing children with allergies, or who are sick or infectious

Policy

(Including reporting notifiable diseases)

Policy statement

We provide care for healthy children and promote health through identifying allergies and preventing contact with the allergenic substance and through preventing cross infection of viruses and bacterial infections.

EYFS Key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.2 Inclusive practice 1.4 Health and well-being	2.2 Parents as partners 2.4 Key person	3.2 Supporting every child	

Procedures for children with allergies

- When parents start their children at the setting they are asked if their child suffers from any known allergies. This is recorded on the registration form.
- If a child has an allergy, a risk assessment form is completed to detail the following:
 - The allergen (i.e. the substance, material or living creature the child is allergic to such as nuts, eggs, bee stings, cats etc).
 - The nature of the allergic reactions e.g. anaphylactic shock reaction, including rash, reddening of skin, swelling, breathing problems etc.
 - What to do in case of allergic reactions, any medication used and how it is to be used (e.g. Epipen).
 - Control measures – such as how the child can be prevented from contact with the allergen.
 - Review.
- This form is kept in the child's personal file and a copy is displayed where staff can see it.
- Parents train staff in how to administer special medication in the event of an allergic reaction.

- Generally, no nuts or nut products are used within the setting.
- Parents are made aware so that no nut or nut products are accidentally brought in, for example to a party.

Insurance requirements for children with allergies and disabilities

- The insurance will automatically include children with any disability or allergy but certain procedures must be strictly adhered to as set out below. For children suffering life threatening conditions, or requiring invasive treatments; written confirmation from your insurance provider must be obtained to extend the insurance.

At all times the administration of medication must be compliant with the Welfare Requirements of the Early Years Foundation Stage and follow procedures based on advice given in *Managing Medicines in Schools and Early Years Settings* (DfES 2005)

Oral Medication

Asthma inhalers are now regarded as "oral medication" by insurers and so documents do not need to be forwarded to your insurance provider.

- Oral medications must be prescribed by a GP or have manufacturer's instructions clearly written on them.
- The group must be provided with clear written instructions on how to administer such medication.
- All risk assessment procedures need to be adhered to for the correct storage and administration of the medication.
- The group must have the parents or guardians prior written consent. This consent must be kept on file. It is not necessary to forward copy documents to your insurance provider.

Life saving medication & invasive treatments

Adrenaline injections (Epipens) for anaphylactic shock reactions (caused by allergies to nuts, eggs etc) or invasive treatments such as rectal administration of Diazepam (for epilepsy).

- The setting must have:
 - a letter from the child's GP/consultant stating the child's condition and what medication if any is to be administered;

- written consent from the parent or guardian allowing staff to administer medication; and
- proof of training in the administration of such medication by the child's GP, a district nurse, children's' nurse specialist or a community paediatric nurse.
- Copies of all three letters relating to these children must first be sent to the Pre-school Learning Alliance Insurance Department for appraisal (if you have another provider, please check their procedures with them). Confirmation will then be issued in writing confirming that the insurance has been extended.

Key person for special needs children - children requiring help with tubes to help them with everyday living e.g. breathing apparatus, to take nourishment, colostomy bags etc.

- Prior written consent from the child's parent or guardian to give treatment and/or medication prescribed by the child's GP.
- Key person to have the relevant medical training/experience, which may include those who have received appropriate instructions from parents or guardians, or who have qualifications.
- Copies of all letters relating to these children must first be sent to the Pre-school Learning Alliance Insurance Department for appraisal (if you have another provider, please check their procedures with them). Written confirmation that the insurance has been extended will be issued by return.

Procedures for children who are sick or infectious

- If a child appears unwell during the day, for example, has a temperature, sickness, diarrhoea or pains, particularly in the head or stomach, the supervisor calls the parents and asks them to collect the child, or send a known carer to collect on their behalf.
- If a child has a temperature, they are kept cool, by removing top clothing, sponging their heads with cool water, but kept away from draughts.
- Temperature is taken using a thermometer kept near to the first aid box.
- In extreme cases of emergency the child should be taken to the nearest hospital and the parent informed.
- Parents are asked to take their child to the doctor before returning them to Pre-school; the Pre-school can refuse admittance to children who have a temperature, sickness and diarrhoea or a contagious infection or disease.

- Where children have been prescribed antibiotics, parents are asked to keep them at home for 48 hours before returning to the setting. There may be exceptions to this for very minor ailments, this would be at the discretion of the supervisor and staff.
- After vomiting or diarrhoea, parents are asked to keep children home for 48 hours after they are clear.
- Conjunctivitis – the child may attend the pre-school once medical advice has been sought and it has been confirmed that the condition is not contagious.
- Threadworms - the child may attend the pre-school once medical advice has been sought and it has been confirmed that the condition is not contagious.
- The setting has a list of excludable diseases and current exclusion times in addition to the conditions detailed above. The full list is obtainable from www.hpa.org.uk/wb/HPAWebFile/HPAweb_c/1194947358374 and includes common childhood illnesses such as measles.

Reporting of 'notifiable diseases'

- If a child or adult is diagnosed suffering from a notifiable disease under the Public Health (Infectious Diseases) Regulations 1988, the GP will report this to the Health Protection Agency.
- When the setting becomes aware, or is formally informed of the notifiable disease, the manager informs Ofsted and acts on any advice given by the Health Protection Agency.

HIV/AIDS/Hepatitis procedure

- HIV virus, like other viruses such as Hepatitis, (A, B and C) are spread through body fluids. Hygiene precautions for dealing with body fluids are the same for all children and adults.
- Single use vinyl gloves and aprons are worn when changing children's nappies, pants and clothing that are soiled with blood, urine, faeces or vomit.
- Protective rubber gloves are used for cleaning/slucing clothing after changing.
- Soiled clothing is rinsed and either bagged for parents to collect or laundered in the nursery.
- Spills of blood, urine, faeces or vomit are cleared using mild disinfectant solution and mops; cloths used are disposed of with the clinical waste.
- Tables and other furniture, furnishings or toys affected by blood, urine, faeces or vomit are cleaned using a disinfectant.

- Children do not share tooth brushes which are also soaked weekly in sterilising solution.

Nits and head lice

- Nits and head lice are not an excludable condition, although in exceptional cases a parent may be asked to keep the child away until the infestation has cleared.
- On identifying cases of head lice, all parents are informed and asked to treat their child and all the family if they are found to have head lice.

Nappy changing Policy

Policy statement

No child is excluded from participating in our setting who may, for any reason, not yet be toilet trained and who may still be wearing nappies or equivalent. We work with parents towards toilet training, unless there are medical or other developmental reasons why this may not be appropriate at the time.

We make necessary adjustments to our bathroom provision and hygiene practice in order to accommodate children who are not yet toilet trained.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.2 Inclusive practice 1.4 Health and well-being	2.2 Parents as partners 2.4 Key person	3.2 Supporting every child	

Procedures

- Key persons undertake changing young children in their key groups; back up key persons change them if the key person is absent.
- Changing areas are warm and there are safe areas to lay young children if they need to have their bottoms cleaned.
- Gloves and aprons are put on before changing starts and the areas are prepared.
- All staff are familiar with the hygiene procedures and carry these out when changing nappies.
- In addition, key persons ensure that nappy changing is relaxed and a time to promote independence in young children.
- Young children are encouraged to take an interest in using the toilet; they may just want to sit on it and talk to a friend who is also using the toilet.
- Children are expected to wash their hands.

- Older children access the toilet when they have the need to and are encouraged to be independent.
- Nappies and 'pull ups' are disposed of hygienically.
- NB If young children are left in wet or soiled nappies/'pull ups' in the setting this may constitute neglect and will be a disciplinary matter. Settings have a 'duty of care' towards children's personal needs.

No-smoking Policy

Policy statement

We comply with health and safety regulations and the Welfare Requirements of the EYFS in making our setting a no-smoking environment - both indoor and outdoor.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.4 Health and well-being	2.1 Respecting each other	3.2 Supporting every child	

Procedures

- All staff, parents and volunteers are made aware of our no-smoking policy.
- We display no-smoking signs.
- Staff who smoke do not do so during working hours. Unless on a break and off the premises.
- Staff who smoke during their break make every effort to reduce the effect of the odour and lingering effects of passive smoking for children and colleagues.

Legal framework

- The Smoke-free (Premises and Enforcement) Regulations 2006

The Smoke-free (Signs) Regulations 2007

Food and drink Policy

Policy statement

This setting regards snack and meal times as an important part of the setting's day. Eating represents a social time for children and adults and helps children to learn about healthy eating. At snack times, we aim to provide nutritious food, which meets the children's individual dietary needs.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.4 Health and well-being	2.1 Respecting each other 2.2 Parents as partners 2.4 Key person	3.2 Supporting every child 3.4 The wider context	4.4 Personal, social and emotional development

Procedures

We follow these procedures to promote healthy eating in our setting.

- Before a child starts to attend the setting, we find out from parents their children's dietary needs and preferences, including any allergies. (See the Managing Children with Allergies policy.)
- We record information about each child's dietary needs in her/his registration record and parents sign the record to signify that it is correct.
- We regularly consult with parents to ensure that our records of their children's dietary needs - including any allergies - are up-to-date. Parents sign the updated record to signify that it is correct.
- We display current information about individual children's dietary needs so that all staff and volunteers are fully informed about them.
- We implement systems to ensure that children receive only food and drink that is consistent with their dietary needs and preferences as well as their parents' wishes.
- We plan menus in advance, involving children in the planning.
- We display the menus of meals/snacks for the information of parents.
- We provide a nutritious snack at each session, which is varied twice weekly. A healthy choice of drink is offered – milk or water.

- We include foods from the diet of each of the children's cultural backgrounds, providing children with familiar foods and introducing them to new ones.
- We take care not to provide food containing nuts or nut products and are especially vigilant where we have a child who has a known allergy to nuts.
- Through discussion with parents and research reading by staff, we obtain information about the dietary rules of the religious groups to which children and their parents belong, and of vegetarians and vegans, and about food allergies. We take account of this information in the provision of food and drinks.
- We provide a vegetarian alternative on days when meat or fish are offered and make every effort to ensure Halal meat or Kosher food is available for children who require it.
- We require staff to show sensitivity in providing for children's diets and allergies. Staff do not use a child's diet or allergy as a label for the child or make a child feel singled out because of her/his diet or allergy.
- We organise meal and snack times so that they are social occasions in which children and staff participate.
- We use meal and snack times to help children to develop independence through making choices, serving food and drink and feeding themselves.
- We provide children with utensils that are appropriate for their ages and stages of development and that take account of the eating practices in their cultures.
- We have fresh drinking water constantly available for the children. We inform the children about how to obtain the water and that they can ask for water at any time during the day.
- We inform parents who provide food for their children about the storage facilities available in the setting.
- In order to protect children with food allergies, we discourage children from sharing and swapping their food with one another.
- For children who drink milk, we provide whole or semi skimmed milk.

Packed lunches

Where children are required to bring packed lunches (for whole day or afternoon sessions), we:

- ensure packed lunches contain an ice pack to keep food cool;
- inform parents of our policy on healthy eating;

- encourage parents to provide sandwiches with a healthy filling, fruit, and milk based deserts such as yoghurt or crème fraîche where we can only provide cold food from home. We discourage fizzy drinks and sweets and can provide children with water or milk;
- discourage packed lunch contents that consist largely of crisps, processed foods, sweet drinks and sweet products such as cakes or biscuits. We reserve the right to return this food to the parent as a last resort;
- provide children, bringing packed lunches, with plates, cups and cutlery; and
- ensure staff sit with children to eat their lunch so that the mealtime is a social occasion.

Legal framework

- Regulation (EC) 852/2004 of the European Parliament and of the Council on the hygiene of foodstuffs

First aid Policy

Policy statement

In our setting staff are able to take action to apply first aid treatment in the event of an accident involving a child or adult. At least one member of staff with current first aid training is on the premises or on an outing at any one time. The first aid qualification includes first aid training for infants and young children.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.3 Keeping safe 1.4 Health and well-being	2.2 Parents as partners 2.4 Key person	3.2 Supporting every child 3.4 The wider context	

Procedures

The first aid kit

Our first aid kit complies with the Health and Safety (First Aid) Regulations 1981, and in addition to the first aid equipment, each box is supplied with:

- 2 pairs of disposable plastic (PVC or vinyl) gloves.
- 1 plastic disposable apron.
- a children's digital thermometer.
- The first aid box is easily accessible to adults and is kept out of the reach of children.
- No un-prescribed medication is given to children, parents or staff.
- At the time of admission to the setting, parents' written permission for emergency medical advice or treatment is sought. Parents sign and date their written approval.
- Parents sign a consent form at registration allowing staff to take their child to the nearest Accident and Emergency unit to be examined, treated or admitted as necessary on the understanding that parents have been informed and are on their way to the hospital.

Legal framework

Employment and staffing policy

(Including vetting, contingency plans, training and development)

Policy statement

We provide a staffing ratio in line with the Welfare requirements of the Early Years Foundation Stage to ensure that children have sufficient individual attention and to guarantee care and education of a high quality. Our staff are appropriately qualified and we carry out checks for criminal and other records through the Criminal Records Bureau in accordance with statutory requirements.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.3 Keeping safe	2.4 Key person	3.4 The wider context	

Procedures

Ratios

- To meet this aim we use the following ratios of adult to children:
 - children awaiting their third birthday: 1 adult : 4 children; and
 - children aged three to four years of age: 1 adult : 8 children.
- A minimum of two staff/adults are on duty at any one time.
- We use a key person approach to ensure that each child has a named member of staff with whom to form a relationship and who plans with parents for the child's well-being and development in the setting. The key person meets regularly with the family for discussion and consultation on their child's progress.
- We hold regular staff meetings to undertake curriculum planning and to discuss children's progress, their achievements and any difficulties that may arise from time to time.

Vetting and staff selection

- We work towards offering equality of opportunity by using non-discriminatory procedures for staff recruitment and selection.
- All staff have job descriptions which set out their staff roles and responsibilities.

- We welcome applications from all sections of the community. Applicants will be considered on the basis of their suitability for the post, regardless of marital status, age, gender, culture, religious belief, ethnic origin or sexual orientation. Applicants will not be placed at a disadvantage by our imposing conditions or requirements that are not justifiable.
- We use Ofsted guidance on obtaining references and enhanced criminal record checks through the Criminal Records Bureau for staff and volunteers who will have unsupervised access to children. This is in accordance with requirements under the Safeguarding Vulnerable Groups Act 2006 for the vetting and barring scheme.
- We keep all records relating to employment of staff and volunteers, in particular those demonstrating that checks have been done, including the date and number of the enhanced CRB check.

Changes to staff

- We inform Ofsted of any changes in the person responsible for our setting.

Training and staff development

- Our setting leader and deputy hold a minimum of the CACHE Level 3 Diploma in Pre-school Practice or an equivalent qualification and a minimum of half of our staff hold the CACHE Level 2 Certificate in Pre-school Practice or an equivalent or higher qualification.
- We provide regular in-service training to all staff - whether paid staff or volunteers - through Swindon Sure Start Partnership and external agencies.
- Our setting budget allocates resources to training.
- We provide staff induction training in the first week of employment. This induction includes our Health and Safety Policy and Safeguarding Children and Child Protection Policy. Other policies and procedures will be introduced within an induction plan.
- We support the work of our staff by holding regular supervision meetings and appraisals.
- We are committed to recruiting, appointing and employing staff in accordance with all relevant legislation and best practice.

Managing staff absences and contingency plans for emergencies

- Our staff take their holiday breaks when the setting is closed. Where staff may need to take time off for any reason other than sick leave or training, this is agreed with the supervisor and committee chairperson with sufficient notice.
- Where staff are unwell and take sick leave in accordance with their contract of employment, we organise cover to ensure ratios are maintained.
- Sick leave is monitored and action is taken where necessary in accordance with the contract of employment.
- We have contingency plans to cover staff absences, as follows:

Our first port of call would be a member of staff who is not already deployed for that session. If necessary, additional help would be sought from CRB checked committee members and in addition current parents.

Induction of staff, volunteers and managers policy

Policy statement

We provide an induction for all staff, volunteers and managers in order to fully brief them about the setting, the families we serve, our policies and procedures, curriculum and daily practice.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.3 Keeping safe	2.4 Key person	3.2 Supporting every child	

Procedures

- We have a written induction plan for all new staff, which includes the following:
 - Introductions to all staff and volunteers, including management committee members.
 - Familiarising with the building, health and safety and fire procedures.
 - Ensuring our policies and procedures have been read and are carried out.
 - Introduction to parents, especially parents of allocated key children where appropriate.
 - Familiarising them with confidential information where applicable in relation to any key children.
 - Details of the tasks and daily routines to be completed.
- The induction period lasts two weeks with further review on week 4 and at the end of the probationary period. The supervisor inducts new staff and volunteers. The chairperson and deputy supervisor inducts new supervisors.
- During the induction period, the individual must demonstrate understanding of and compliance with policies, procedures, tasks and routines.
- Successful completion of the induction forms part of the probationary period.

Student placements policy

Policy statement

This setting recognises that qualifications and training make an important contribution to the quality of the care and education provided by early years settings. As part of our commitment to quality, we offer placements to students undertaking early years qualifications and training. We also offer placements for school pupils on work experience.

We aim to provide for students on placement with us experiences that contribute to the successful completion of their studies and that provide examples of quality practice in early years care and education.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.3 Keeping safe	2.2 Parents as partners	3.4 The wider context	

Procedures

- We require students on qualification courses to meet the 'suitable person' requirements of Ofsted and have CRB checks carried out.
- We require schools placing students under the age of 17 years with the setting to vouch for their good character.
- We supervise students under the age of 17 years at all times and do not allow them to have unsupervised access to children.
- Students undertaking qualification courses who are placed in our setting on a short term basis are not counted in our staffing ratios.
- Trainee staff employed by the setting may be included in the ratios if they are deemed competent.
- We take out employers' liability insurance and public liability insurance, which covers both trainees and voluntary helpers.
- We require students to keep to our confidentiality policy.
- We co-operate with students' tutors in order to help students to fulfil the requirements of their course of study.

- We provide students, at the first session of their placement, with a short induction on how our setting is managed, how our sessions are organised and our policies and procedures.
- We communicate a positive message to students about the value of qualifications and training.
- We make the needs of the children paramount by not admitting students in numbers that hinder the essential work of the setting.
- We ensure that trainees and students placed with us are engaged in bona fide early years training, which provides the necessary background understanding of children's development and activities.

Risk assessment policy

Policy statement

This setting believes that the health and safety of children is of paramount importance. We make our setting a safe and healthy place for children, parents, staff and volunteers by assessing and minimising the hazards and risks to enable the children to thrive in a healthy and safe environment.

The basis of this policy is risk assessment. Pre-school Learning Alliance risk assessment processes follow five steps as follows:

- Identification of risk: Where is it and what is it?
- Who is at risk: Childcare staff, children, parents, students, volunteers etc?
- Assessment as to the level of risk as high, medium, low. This is both the risk of the likelihood of it happening, as well as the possible impact if it did.
- Control measures to reduce/eliminate risk: What will you need to do, or ensure others will do, in order to reduce that risk?
- Monitoring and review: How do you know if what you have said is working, or is thorough enough? If it is not working, it will need to be amended, or maybe there is a better solution.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.3 Keeping safe		3.3 The learning environment 3.4 The wider context	

Procedures

- Our risk assessment process covers adults and children and includes:
 - checking for and noting hazards and risks indoors and outside, and in our premises and for activities and for outings;
 - assessing the level of risk and who might be affected;
 - deciding which areas need attention; and
 - developing an action plan that specifies the action required, the time-scales for action, the person responsible for the action and any funding required.

- Risk assessments are written and reviewed regularly.
- We maintain lists of health and safety issues, which are checked daily before the session begins as well as those that are checked on a weekly and monthly basis.

Legal framework

- Management of Health and Safety at Work Regulations 1992

Health and safety general standards policy

Policy statement

This setting believes that the health and safety of children is of paramount importance. We make our setting a safe and healthy place for children, parents, staff and volunteers.

- We aim to make children, parents and staff aware of health and safety issues and to minimise the hazards and risks to enable the children to thrive in a healthy and safe environment.
- Our member of staff responsible for health and safety is:
Mrs Rachel Butler

- She is competent to carry out these responsibilities.
- She has undertaken health and safety training and regularly updates his/her knowledge and understanding.
- We display the necessary health and safety poster on the notice board

Insurance cover

We have public liability insurance and employers' liability insurance. The certificate for public liability insurance is displayed on the notice board.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.3 Keeping safe 1.4 Health and well-being		3.3 The learning environment	

Procedures

Awareness raising

- Our induction training for staff and volunteers includes a clear explanation of health and safety issues so that all adults are able to adhere to our policy and procedures as they understand their shared responsibility for health and safety. The induction training covers matters of employee well-being, including safe lifting and the storage of potentially dangerous substances.

- Records are kept of these induction training sessions and new staff and volunteers are asked to sign the records to confirm that they have taken part.
- As necessary, health and safety training is included in the annual training plans of staff, and health and safety is discussed regularly at staff meetings.
- We operate a no smoking policy.
- Children are made aware of health and safety issues through discussions, planned activities and routines, and this information is shared with parents.

Safety of adults

- Adults are provided with guidance about the safe storage, movement, lifting and erection of large pieces of equipment.
- When adults need to reach up to store equipment or to change light bulbs they are provided with safe equipment to do so.
- All warning signs are clear and in appropriate languages.
- Adults do not remain in the building on their own or leave on their own after dark.
- The sickness of staff and their involvement in accidents is recorded. The records are reviewed annually to identify any issues that need to be addressed.
- We keep a record of all substances that may be hazardous to health - such as cleaning chemicals, or gardening chemicals if used. This states what the risks are and what to do if they have contact with eyes or skin or are ingested. It also states where they are stored.
- We keep all cleaning chemicals in their original containers.

Windows

- Low level windows are made from materials that prevent accidental breakage or are made safe.
- Wherever possible, windows are protected from accidental breakage or vandalism from people outside the building.

Doors

- We take precautions to prevent children's fingers from being trapped in doors.

Floors

- All floor surfaces are checked daily to ensure they are clean and not uneven, wet or damaged.

Electrical/gas equipment

- All electrical/gas equipment conforms to safety requirements and is checked regularly.
- Our boiler/electrical switch gear/meter cupboard is not accessible to the children.
- Electric sockets, wires and leads are properly guarded and the children are taught not to touch them.
- There are sufficient sockets to prevent overloading.
- The temperature of hot water is controlled to prevent scalds.
- Lighting and ventilation is adequate in all areas including storage areas.

Storage

- All resources and materials from which children select are stored safely.
- Equipment and resources are stored or stacked safely to prevent them accidentally falling or collapsing – where this is not possible, warning notices are displayed to this effect.

Outdoor area

- Our outdoor area is securely fenced.
- Our outdoor area is checked for safety and cleared of rubbish before it is used.
- Adults and children are alerted to the dangers of poisonous plants, herbicides and pesticides.
- Where water can form a pool on equipment, it is emptied before children start playing outside.
- Our outdoor sand pit is covered when not in use and is cleaned regularly.
- All outdoor activities are supervised at all times.

Hygiene

- We regularly seek information from the Environmental Health Department and the Health Authority to ensure that we keep up-to-date with the latest recommendations.
- Our daily routines encourage the children to learn about personal hygiene.

- We have a daily cleaning routine for the setting which includes play room(s), kitchen and toilets.
- We regularly clean resources and equipment, dressing-up clothes, painting overalls and 'muddy puddles' (all in one outdoor wear) and update the cleaning rota.
- The toilet area has a high standard of hygiene including hand washing and drying facilities. Nappies are double bagged and disposed of in the adjacent school's outdoor bins.
- We implement good hygiene practices by:
 - cleaning tables between activities;
 - cleaning toilets regularly;
 - wearing protective clothing - such as aprons and disposable gloves - as appropriate;
 - providing sets of clean clothes; and
 - providing tissues and wipes;

Activities and resources

- Before purchase or loan, equipment and resources are checked to ensure that they are safe for the ages and stages of the children currently attending the setting.
- The layout of play equipment allows adults and children to move safely and freely between activities.
- All equipment is regularly checked for cleanliness and safety and any dangerous or faulty items are repaired or discarded.
- All materials, including paint and glue, are non-toxic.
- Sand is clean and suitable for children's play.
- Physical play is constantly supervised.
- Children are taught to handle and store tools safely.
- Children who are sleeping are checked regularly.
- Children learn about health, safety and personal hygiene through the activities we provide and the routines we follow.
- Large pieces of equipment are discarded only with the consent of the supervisor and the chairperson or owner

Legal framework

- Health and Safety at Work Act (1974)
- Management of Health and Safety at Work Regulations 1992
- Electricity at Work Regulations 1989
- Control of Substances Hazardous to Health Regulations (COSHH) (2002)
- Manual Handling Operations Regulations 1992 (as amended)

Fire safety and emergency evacuation policy

Policy statement

We ensure the premises minimise risk of fire by ensuring the highest possible standard of fire precautions. The person in charge and staff are familiar with the current legal requirements. Where necessary we seek the advice of a competent person, such as our Fire Officer, or Fire Safety Consultant.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.3 Keeping safe		3.3 The learning environment 3.4 The wider context	

Procedures

- The basis of fire safety is risk assessment. These are carried out by a ‘competent person’.
- The supervisor has received training in fire safety sufficient to be competent to carry out risk assessment which is written and reviewed annually or earlier as required.
- Settings in rented premises will ensure that they have a copy of the fire safety risk assessment that applies to the building and that they contribute to regular reviews.
- Fire doors are clearly marked, never obstructed and easily opened from the inside.
- Smoke detectors/alarms and fire fighting appliances conform to BSEN standards, are fitted in appropriate high risk areas of the building and are checked as specified by the manufacturer.
- Our emergency evacuation procedures are approved by the Fire Safety Officer and are:
 - clearly displayed in the premises;
 - explained to new members of staff, students, volunteers and parents; and
 - practised regularly at least once every six weeks.
 - Records are kept of fire drills and the servicing of fire safety equipment.

Emergency evacuation procedure

The evacuation procedure for practice drills includes:

- How children are familiar with the sound of the fire alarm.
- How the children, staff, students, volunteers and parents know where the fire exits are.
- How children are led from the building to the assembly point.
- How they will be accounted for and who by.
- How long it takes to get the children out safely.
- Who calls the emergency services and when in the event of a real fire.
- How parents are contacted.

The fire drill record book must contain:

- Date and time of the drill.
- How long it took.
- Whether there were any problems that delayed evacuation.
- Any further action taken to improve the drill procedure.

Recording and reporting of accidents and incidents policy

(Including procedure for reporting to HSE, RIDDOR)

Policy statement

We follow the guidelines of the Reporting Injuries, Diseases and Dangerous Occurrences (RIDDOR) and OFSTED for the reporting of accidents and incidents. Child protection matters or behavioural incidents between children are NOT regarded as incidents and there are separate procedures for this.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.3 Keeping safe 1.4 Health and well-being	2.2 Parents as partners 2.4 Key person	3.4 The wider context	

Procedures

Our accident book:

- is kept safely and accessibly;
- is accessible to all staff and volunteers, who know how to complete it; and
- is reviewed at least half termly to identify any potential or actual hazards.

When there is any injury requiring general practitioner or hospital treatment to a child, parent, volunteer or visitor or where there is a death of a child or adult on the premises, we make a report to the Health and Safety Executive using the format for the Reporting of Injuries, Diseases and Dangerous Occurrences.

Dealing with incidents

We meet our legal requirements for the safety of our employees by complying with RIDDOR (the Reporting of Injury, Disease and Dangerous Occurrences Regulations). We report to the Health and Safety Executive:

- any accident to a member of staff requiring treatment by a general practitioner or hospital; and

- any dangerous occurrences. This may be an event that causes injury or fatalities or an event that does not cause an accident but could have done, such as a gas leak.
- Any dangerous occurrence is recorded in our incident book. See below.

Our incident book

- We have ready access to telephone numbers for emergency services, including local police. We rent the premises - we ensure we have access to the person responsible and that there is a shared procedure for dealing with emergencies.
- We keep an incident book for recording incidents including those that are reportable to the Health and Safety Executive as above.
- These incidents include:
 - break in, burglary, theft of personal or the setting's property;
 - an intruder gaining unauthorised access to the premises;
 - fire, flood, gas leak or electrical failure;
 - attack on member of staff or parent on the premises or nearby;
 - any racist incident involving staff or family on the centre's premises;
 - death of a child, and
 - a terrorist attack, or threat of one.
- In the incident book we record the date and time of the incident, nature of the event, who was affected, what was done about it - or if it was reported to the police, and if so a crime number. Any follow up, or insurance claim made, should also be recorded.
- In the unlikely event of a terrorist attack we follow the advice of the emergency services with regard to evacuation, medical aid and contacting children's families. Our standard Fire Safety Policy will be followed and staff will take charge of their key children. The incident is recorded when the threat is averted.
- In the unlikely event of a child dying on the premises, for example, through cot death in the case of a baby, or any other means involving an older child, the emergency services are called, and the advice of these services are followed.
- The incident book is not for recording issues of concern involving a child. This is recorded in secure safeguarding/child protection files.

Food hygiene policy

(Including procedure for reporting food poisoning)

Policy statement

In our setting we provide and/or serve food for children on the following basis:

- Snacks.
- Packed lunches are provided by parents for children attending whole day or afternoon sessions.

We maintain the highest possible food hygiene standards with regard to the purchase, storage, preparation and serving of food.

We are registered as a food provider with the local authority Environmental Health Department.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.3 Keeping safe		3.3 The learning environment 3.4 The wider context	

Procedures

- At least one person has an in-date Food Hygiene Certificate.
- The person responsible for food preparation and serving carries out daily opening and closing checks on the kitchen to ensure standards are met consistently.
- We use reliable suppliers for the food we purchase.
- Food is stored at correct temperatures and is checked to ensure it is in-date and not subject to contamination by pests, rodents or mould.
- Packed lunches are stored on a trolley – during the summer terms, parents are asked to provide an ice pack in the lunchbox.
- Food preparation areas are cleaned before use as well as after use.
- There are separate facilities for hand-washing and for washing up.
- All surfaces are clean and non-porous.

- All utensils, crockery etc are clean and stored appropriately.
- Waste food is disposed of daily.
- Cleaning materials and other dangerous materials are stored out of children's reach.
- Children do not have unsupervised access to the kitchen.
- When children take part in cooking activities, they:
 - are supervised at all times;
 - understand the importance of hand washing and simple hygiene rules
 - are kept away from hot surfaces and hot water; and
 - do not have unsupervised access to electrical equipment such as blenders etc.

Reporting of food poisoning

- Food poisoning can occur for a number of reasons; not all cases of sickness or diarrhoea are as a result of food poisoning and not all cases of sickness or diarrhoea are reportable.
- Where children and/or adults have been diagnosed by a GP or hospital doctor to be suffering from food poisoning and where it seems possible that the source of the outbreak is within the setting, the supervisor will contact the Environmental Health Department and the Health Protection Agency, to report the outbreak and will comply with any investigation.
- If the food poisoning is identified as a notifiable disease under the Public Health (Infectious Diseases) Regulations 1988 the setting will report the matter to Ofsted.

Legal Framework

- Regulation (EC) 852/2004 of the European Parliament and of the Council on the hygiene of foodstuffs

Parental involvement policy

Policy statement

We believe that children benefit most from early years education and care when parents and settings work together in partnership.

Our aim is to support parents as their children's first and most important educators by involving them in their children's education and in the full life of the setting. We also aim to support parents in their own continuing education and personal development.

Some parents are less well represented in early years settings; these include fathers, parents who live apart from their children but who still play a part in their lives as well as working parents. In carrying out the following procedures, we will ensure all parents are included.

When we refer to 'parents' we mean both mothers and fathers; these include both natural or birth parents as well as step-parents and parents who do not live with their children, but have contact with them and play a part in their lives. 'Parents' also includes same sex parents as well as foster parents.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.2 Inclusive practice 1.4 Health and well-being	2.1 Respecting each other 2.2 Parents as partners 2.3 Supporting learning 2.4 Key person	3.2 Supporting every child	

Procedures

- We have a means to ensure all parents are included – that may mean we have different strategies for involving fathers or parents who work or live apart from their children.
- We consult with all parents to find out what works best for them.
- We ensure ongoing dialogue with parents to improve our knowledge of the needs of their children and to support their families.
- We inform all parents about how the setting is run and its policies through access to written information and through regular informal communication. Information is also available on the website. We check to ensure parents understand the information that is given to them.
- We encourage and support parents to play an active part in the governance and management of the setting.
- We inform all parents on a regular basis about their children's progress.
- We involve parents in the shared record keeping about their children - either formally or informally - and ensure parents have access to their children's written developmental records.
- We provide opportunities for parents to contribute their own skills, knowledge and interests to the activities of the setting.
- We inform parents about relevant conferences, workshops and training.
- We consult with parents about the times of meetings to avoid excluding anyone.
- We provide information about opportunities to be involved in the setting in ways that are accessible to parents with basic skills needs, or those for whom English is an additional language.
- We hold meetings in venues that are accessible and appropriate for all.
- We welcome the contributions of parents, in whatever form these may take.
- We inform all parents of the systems for registering queries, complaints or suggestions and check to ensure these are understood. All parents have access to our written complaints procedure.
- We provide opportunities for parents to learn about the curriculum offered in the setting and about young children's learning, in the setting and at home.

In compliance with the Welfare Requirements, the following documentation is in place:

- Admissions policy.
- Complaints procedure.
- Record of complaints.
- Developmental records of children.

Working in partnership with other agencies policy

Policy statement

We work in partnership with local and national agencies to promote the well-being of all children.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.3 Keeping safe 1.4 Health and well-being	2.1 Respecting each other	3.4 The wider context	

Procedures

- We work in partnership or in tandem with, local and national agencies to promote the well-being of children.
- Procedures are in place for sharing of information about children and families with other agencies. These are set out in the Information Sharing protocol, Safeguarding Children procedures and the Special Educational Needs procedures.
- Information shared by other agencies with us is regarded as third party information. This is also kept in confidence and not shared without consent from that agency.
- When working in partnership with staff from other agencies, we make those individuals welcome in the setting and their professional roles are respected.
- We follow the protocols for working with agencies, for example on child protection.
- Staff from other agencies do not have unsupervised access to the child they are visiting in the setting and do not have access to any other child(ren) during their visit.

- Our staff do not casually share information or seek informal advice about any named child/family.
- When necessary we consult with local and national agencies who offer a wealth of advice and information that help us develop understanding of issues facing us and who can provide support and information for parents.

Children's records policy

Policy statement

There are record keeping systems in place that meet legal requirements; means of storing and sharing that information take place within the framework of the Data Protection Act and the Human Rights Act.

This policy and procedure is taken in conjunction with the Confidentiality and Information Sharing policy.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.2 Inclusive practice	2.1 Respecting each other	3.1 Observation, assessment and planning	

Procedures

We keep two kinds of records on children attending our setting:

Developmental records

- *These include observations of children in the setting, photographs, video clips and samples of their work and summary developmental reports.*
- *These are usually kept in the playroom and can be freely accessed, and contributed to, by staff, the child and the child's parents.*

Personal records

- These include registration and admission forms, signed consent forms, and correspondence concerning the child or family, reports or minutes from meetings concerning the child from other agencies, an ongoing record of relevant contact with parents, and observations by staff on any confidential matter involving the child, such as developmental concerns or child protection matters.

- These confidential records are stored in a lockable file or cabinet and are kept secure.
- Parents have access to the files and records of their own children but do not have access to information about any other child.
- Staff will not discuss personal information given by parents with other members of staff, except where it affects planning for the child's needs. Staff induction includes an awareness of the importance of confidentiality in the role of the key person.
- We retain children's records for three years after they have left the setting. These are kept in a secure place.

Other records

- Issues to do with the employment of staff, whether paid or unpaid, remain confidential to the people directly involved with making personnel decisions.
- Students on Pre-school Learning Alliance or other recognised qualifications and training, when they are observing in the setting, are advised of our confidentiality policy and are required to respect it.

Legal framework

- *Data Protection Act 1998*
- *Human Rights Act 1998*

Provider records policy

Policy statement

We keep records for the purpose of maintaining our business. These include:

- *Records pertaining to our registration.*
- *Landlord/lease documents and other contractual documentation pertaining to amenities, services and goods.*
- *Financial records pertaining to income and expenditure.*
- *Risk assessments.*
- *Employment records of staff.*

Our records are regarded as confidential on the basis of sensitivity of information, such as with regard to employment records and these are maintained with regard to the framework of the Data Protection Act and the Human Rights Act.

This policy and procedure is taken in conjunction with the Confidentiality and Information Sharing policy.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.2 Inclusive practice	2.1 Respecting each other	3.3 The learning environment	

Procedures

- All records are the responsibility of the officers of the management committee who ensure they are kept securely.
- All records are kept in an orderly way in files and filing is kept up-to-date.
- Financial records are kept up-to-date for audit purposes.
- Health and safety records are maintained; these include risk assessments, details of checks or inspections and guidance etc.
- Our Ofsted registration certificate is displayed.

- Our Public Liability insurance certificate is displayed.
- All our employment and staff records are kept securely and confidentially.

Legal framework

- *Data Protection Act 1998*
- *Human Rights Act 1998*

Transfer of records to school policy

Policy statement

We recognise that children sometimes move to another early years setting before they go on to school although many will leave our setting to enter a reception class.

We prepare children for these transitions and involve parents and the receiving setting in this process. We prepare records about a child's development and learning in the EYFS in our setting; in order to enable smooth transitions we share appropriate information with the receiving setting or school at transfer.

Confidential records are shared where there have been child protection concerns according to the process required by our Local Safeguarding Children Board.

EYFS key themes and commitments

A Unique Child	Positive Relationships	Enabling Environments	Learning and Development
1.1 Child development	2.2 Parents as partners	3.1 Observation, Assessment and Planning	4.4 Areas of learning and development
1.2 Inclusive Practice	2.3 Key person	3.2 Supporting every child	
1.3 Keeping safe		3.4 The wider context	
1.4 Health and well-being			

Procedures

Transfer of development records for a child moving to another early years setting or school

- Using the EYFS assessment of development and learning ensure the key person prepares a summary of achievements in the six areas of learning.
- This record refers to any additional language spoken by the child and his or her progress in both languages.
- The record also refers to any additional needs that have been identified or addressed by the setting.
- The record also refers to any special needs or disability and whether a CAF was raised in respect of special needs or disability, whether there is a Statement of Special Educational Needs and gives the name of the lead professional.

- The record contains a summary by the key person and a summary of the parent's view of the child.
- The document may be accompanied by other evidence such as photos or drawings that the child has made.

Transfer of confidential information

- The receiving school or setting will need to have a record of concerns that were raised in the setting and what was done about them.
- A summary of the concerns will be made to send to the receiving setting or school along with the date of the last professional meeting or case conference. Some Local Safeguarding Children Boards will stipulate the forms to be used and provide these.
- Where a CAF has been raised in respect of any welfare concerns the name and contact details of the lead professional will be passed on to the receiving setting or school.
- Where there has been a s47 investigation regarding a child protection concern the name and contact details of the child's social worker will be passed on to the receiving setting or school – regardless of the outcome of the investigation.
- This information is taken to the school or setting, addressed to the setting or school's designated person for child protection and marked confidential.

Legal framework

- Data Protection Act 1998
- Freedom of Information Act 2000
- Human Rights Act 1998
- Children Act 1989
