

Neema, Halima and Jane have joined Zawadi at High School in Makueni while Santa and Sopra are at High School in Nakuru, making eleven girls in High School this year. Brendah will be finishing her first year of Law School. She is coming closer to her dream.

In January, two young sisters came to the Mudzini home. Rukia and Mbeyu were rescued from the Majengo Kanamai area in Mtwapa.. Now they have a loving home where their needs can be met and they will be able to go to school.

Catherine says, *'As surely as the sun rises from the east and sets in the West, all the girls could not have come this far were it not for*

Two of our younger supporters, Emily and Jack, decided, in the Autumn and Winter, to sell fruit and mistletoe outside their house to raise funds for Cariat Kenya

*your continued support. So you see how much difference your giving makes? Never ever feel like anything you do does not count, because it does count in a big way too. It is life changing to say the least!'*

We have obtained, through *Friends of Bedwas*, a further grant from Wales For Africa. Richard Terrell from Pontywaun, who works for Welsh Water, will be going to Kikambala in May to assist at Mudzini, the new school and in the local community with water storage and provision.

Ian Williams, one of our trustees has returned from his annual auditing of the finances at Mudzini, working with the new treasurer, Job.

Cariat Kenya Trustees thank all those who are supporting Cariat Kenya and the Mudzini Kwetu Centre in working with international partnerships to transform the lives of vulnerable children.
