One little girl, Gift, was 8 years old and following the death of her mother was trying to take care of **M**t her little brother who later died. With financial $\mathbf{\Lambda}^{\mathfrak{l}}$ help from us, Anthony fed her, and some others, $\mathbf{\Lambda}^{\mathfrak{l}}$ and sent them to school and he recognised the need to help many other neglected children.

PROGRESS **W**

 $\mathbf{\Lambda}^{\mathfrak{l}}$ We continued to give Anthony financial support $\mathbf{\Lambda}^{\mathfrak{l}}$ and when we visited again in 2004 there were 14 girls living with Anthony and a house mother in rented accommodation. Coming back to Wales, and with the help of local Churches and schools, we were able to raise ΔQ **W** enough money to build a purpose built home in **T** Πţ May 2005 on two and a half acres of land in the village of Kikambala. Half the land is for farming, the other for accommodation.

<u>CHILDREN HELPING CHILDREN</u>

We asked schools to help again and money was raised to purchase animals and some chickens which gave children milk every day and one egg \mathbf{T} per week. In addition the children in the home $\mathbf{\Lambda}^{\mathfrak{l}}$ helped clear the ground ready to plant crops.

Again with the aid of schools, money was sent for seeds and the purchase of a bus to take them to school. Education in Kenya is primitive with very large classes, so we send them to a fee paying school with smaller class numbers. Money was also provided for a pump to pump
