

CLOCKING ON

Start at Clock On then shoot one o clock and work your way round to twelve o clock. Then shoot Clock Off and then Exit.

If you get them all they are 10 for the Bull, and 9 and 8, working outwards. Scoring is inwards and you have 15 shots. You must do them in order. No points for a miss or multiple hits after the first hit.

If you only get as far as clocking off they are only worth 5, 4, and 3. If you do not get that far they are only 3, 2, and 1.

Did I say it was EASY?
