Notes

- 1 All previous 880 yds freestyle, 1650 yds freestyle and 220 yds IM records (swum in the 27.5yd pool at Bromsgrove were previously converted to equivalent times for 800 m freestyle, 1500 m freestyle and 200 m IM events i.e. equivalent events that are included in the current Redditch SC Club Championship programme. The 880 and 1650 yds freestyle events were last swum around 1999 (?) and the 200 yds IM in 2002.
- 2 All one length races for 8/under, 9/10 years age groups and parents up to and including 2011 were swum in the 33.3 yd pool at Hewell Road, Redditch. Conversions of these times are not possible. These records will remain standing, but new records will be established for these events from 2012 onwards.
- 3 All conversions to equivalent metric distances were undertaken using SportsSystems Equivalent Performance software.
