The Elms, 78 New Street, Milnsbridge
Huddersfield
HD3 4LD

February 1st and February 2nd 2018

9.00 am – 5.00 pm

Tel: 01484 461098

Email: training@uchm.org

Travel Details: UCHM Tel: 01484 461098 Email: training@uchm.org

Train: There are regular trains from major stations, such as Manchester and Leeds that call at Huddersfield.

Buses: (Takes approximately 10 minutes)

Go from Stand M – Marsden/Oldham services via Manchester Road

These are the Purple Line buses, and are at regular intervals during the daytime. Bus numbers: **181, 183, 184, 185**

Ask for New Street, and get off at the stop immediately after the Petrol Station. We are in the building opposite the bus stop and just off the main road, with its own car park.

By Road:

From the M62: Eastbound, take junction 23 and travel along the A640 towards the town centre. **Westbound,** take junction 24 and travel along the A629 towards the town centre.

From the M1: Northbound, take junction 37, and take the A628 westbound. Carry on this road until you come to the junction with the A629, and take this road. Keep on the A629 until you get to Huddersfield town centre. **Southbound,** take junction 42, and join the M62 until you get to junction 24.

From Huddersfield: UCHM is approximately 3 miles out of Huddersfield Town Centre. On the Huddersfield Ring Road, follow the signs for A62 Oldham. Once on the A62, follow the signs for Oldham until you pass the Petrol Station on the left, then take the next right. This is 50 yards before Cowlersley traffic lights. UCHM is in the building just off the main road, with its own car parking facilities.

From Oldham/Slaithwaite:

New Street is immediately on the left after passing the traffic lights at Cowlersley.

Coming out of Milnsbridge:

Bear left up Whiteley Street then turn right over canal bridge into Shaw Lane, which becomes New Street. UCHM is the building which is at the top of the road at the right hand side, immediately before joining the main road.

Co-op Supermarket 2 mins from UCHM

About the Course:

Extract from:

<http://www.sdsinhouse.co.uk/supervision.shtml>

This practical two day course is ideal for those who supervise the clinical and casework of others and/or those wishing to train in it.

The course is designed to provide you with an up-to-date theoretical overview of clinical supervision along with its practical application within a range of practice environments. The Certificate will draw heavily on psychological theories of therapy, learning and management including the Kolb Learning Cycle and Parallel Process models

The two days combine an overview of the supervision process with an exploration of the practical problems which arise within it. A particular focus will be on common supervision problems and dilemmas and how they can be successfully addressed.

With lots of opportunities for asking questions, sharing your supervision problems and networking with your colleagues this training is absolutely essential for those already delivering supervision or those wishing to train in it.
