cPAD For Swinton Village ?

The first public meeting to listen to a presentation by Tom Render from Yorkshire Ambulance Service was held on 9th June in the reading rooms.

The meeting was attended by members of the events group, two members of the public and Paul Cuthbertson (PC). Tom gave a outline of how a cPAD is integrated into the 999 Ambulance response. This discussion gave us in depth details of which AED and Outside housing they currently recommend.

Wel Medical iPad SP1

The Wel Medical iPad SP1, has a switch to allow for it to be used in either a Child or Adult Mode. For full details follow the link below. <http://www.ipad-aed.com/sp1/>

The External housing is a DeFibSafe Wall Mounted Cabinet, which is secured to an outside wall.

DeFibSafe Wall Mounted Cabinet

For full details follow the link below.

<http://www.defibsafe.co.uk/overview/>

Tom also informed us of the existing default 200yds radius from a casualty that the 999 service operator uses to decide if to send for the AED in an emergency. The Ambulance Service is currently working on systems to make this distance greater. In the event of an emergency, if you know of a defib in the village at a distance greater than 200yds and tell the emergency controller, they will direct you to it

Looking at Swinton in google map a 200yd radius covers more residents if a Cpad was located in the vicinity of the Band Room in Middle Street.

The Costs to purchase a cPad is currently estimated as follows.

WeL Medical iPad SP1 £750 plus vat

DeFibSafe Cabinet. £520 plus vat.

There are Grants available for community projects via Ryedale RC, and other organisations, but these would not cover the full cost. Possibly up to 50% which leaves us with the other 50% to find.

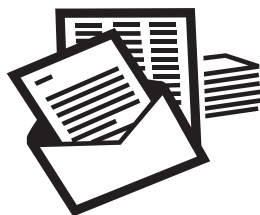

Funding options explored were as follows.

- Business and Organisations sponsorship
- Asking all households to contribute a small fixed sum of around £2
- Fund Raising activity's.

It was also pointed out, that due to the low attendance, it would be a good idea to canvas the village and determine if there is enough support to continue with the project.

Bus service 194

NYCC Proposed reductions to bus service subsidy.

We are consulting on proposals to reduce the amount we spend subsidising local bus services to £1.5m every year from April 2016. We have put together proposals which are designed to make the best use of the funding available to provide services which meet the day-to-day transport needs of local communities.

About this consultation. In April 2014, we implemented

proposals to reduce the amount we spend subsidising bus services by £2m every year. This was part of our commitment to reduce our overall expenditure by £92m by the end of March 2015. Further announcements by the government over future funding mean we now need to find a further estimated £75.9m between 2015 and 2019.

In order to contribute to this target, we are consulting on proposals to reduce the amount we spend subsidising

local bus services to £1.5m every year from April 2016. We have put together proposals which are designed to make the best use of the funding available to provide services which meet the day to day transport needs of local communities.

REQUEST FOR POLICE ASSISTANCE

This notice is in respect of a number of crimes which North Yorkshire Police are investigating.

Overnight on Sunday 7 June 200 litres of gasoil valued at £100 was stolen by siphoning into barrels from The Castle Howard Estate (Yorkshire Arboretum).

Overnight on Tuesday 12 May on a farm near Westow, approximately 100 litres of red diesel was stolen from a tank after the nozzle lock was broken by the offenders.

A report has been taken about farm buildings on The Lane, Gate Helmsley being entered, a padlock on a fuel tank being cut and red diesel drained out and stolen.

Overnight on 5th May 2015 a Husqvarna C120 chainsaw and a EXO85 Log Splitter were stolen from a farm in Thixendale.

Between 1.30pm on Saturday 9 May and 10.30am on Monday 11 May, a building site in the Beverley Road area of Norton, Malton was entered and attempts made to steal a fork lift truck. The attempt was unsuccessful.

Overnight (11pm - 6am), a white Carrera Kracken 20" frame, 27 gear mountain bike with black front forks was stolen from a secure garage on Shepherds Hill, Pickering. Five further garages were broken into on the same street.

Money changing scam. There have been several reported incidents across North Yorkshire whereby suspects attempt to change a quantity of £10 notes for £20 notes with the intention of confusing the cashier.

Police are warning of a bogus missionary who is believed to be targeting churches and hoteliers. A man recently attended the United Reformed Church in the Redcar area and

spoke with the Minister. The man told the Minister that he was a Missionary and that he was in ill health and his wife had passed away in Kenya. The man promised that his son was on his way over from Canada and would settle any bills and money he owed. The Minister gave the man money to pay for bills and food. It is believed that the same man had stayed at a local bed and breakfast, ran up a bill and left with the keys to the property.

Officers believe that the man has now left the Cleveland area and could be anywhere in the country and would warn the clergy and hoteliers to be vigilant following the incident.

The suspect is described as a white South European male, around 6ft tall, with dark brown hair which had grey patches and of medium build. He wore dark glasses and smart casual clothing, trousers and shirts rather than jeans.

Swinton and District Excelsior Band

Swinton Brass Band

Our Summer concert season is in full swing and we have already performed at the Filey Music Festival, Sewerby Park, Burnby Hall (Pocklington) as well as at a Regimental Old Comrades dinner held at Grinkle Park near Whitby.

The training band has also been busy playing for the Old Malton Rogation Service and for the Tour De Yorkshire. Our next event will be the Women's Institute Centenary Picnic Concert to be held at the Yorkshire Arboretum at Castle Howard on Sunday 5th July starting at 3pm.

The next events for the Training Band are The Hovingham Flower and Music Festival on Saturday 4th July at Hovingham Church starting at 11am and the Old Malton Church

Fete at Malton Rugby Club on Saturday 11th July starting at 2pm.

To see where else we are appearing over the summer please have a look at our web-site www.swinton-band.org

Our priority this year is to increase the ranks of the training band and we have started this by spending some time at Amotherby School demonstrating instruments and performing a short programme of music for the children.

During this session we handed out leaflets to many of the children who showed an interest in learning, many of who tried an instrument and made some very impressive sounds.

They all seemed very enthusiastic and we now hope they can spread some of this enthu-

siasm onto their parents and persuade them to bring them along to a Saturday night practice. It is very rewarding to see some of the children that we have started off over the years move on to become professional musicians and music teachers themselves. You do not have to be of school age to join the training band and learn to play. We have several adult learners in the band and we welcome all ages. We do not charge any fees and It is never too late to learn. We will also always welcome experienced brass players. Summer is progressing. This is often one of the hottest months of the year and a great time to sit out and enjoy your garden.

Keep plants looking good by regularly dead-heading, and you'll enjoy a longer display of blooms.

Make sure you keep new plants well watered, using grey water where possible, and hoe off weeds, which thrive in the sunshine.

Top 10 jobs this month

- 1 Check clematis for signs of clematis wilt.
- 2 Place conservatory plants outside now that it is warm.
- 3 Water tubs and new plants if dry, but be water wise.
- 4 Deadhead bedding plants and repeat-flowering perennials, to ensure continuous flowering.
- 5 Pick courgettes before they become marrows.
- 6 Treat apple scab.

7 Clear algae, blanket weeds and debris from ponds, and keep them topped up.

8 Order catalogues for next year's spring-flowering bulbs.

9 Give the lawn a quick acting summer feed, especially if not given a spring feed.

Coneysthorpe Table Tennis Club

The 2014/2015 York & District Table Tennis League season has once again proved to be a successful one for the Coneysthorpe Table Tennis Club, whose home venue is Swinton Reading Rooms.

For the sixth successive season Coneysthorpe A were decisive winners of the eight team Division 1 by a margin of twenty six points from their nearest rivals York RI A (one point is awarded for each set won in a match).

They were victorious in nineteen of the twenty one matches played, losing two, winning 174 sets and losing 36.

Martin Lowe, who missed three matches, was undefeated; James Rule fully justified his promotion to the A team, only losing six out of fifty eight sets, and whilst Ashley Hodgson endured an injury hit season, missing nearly half the matches, he showed he had lost none of his ability. On the other hand,

Coneysthorpe B struggled somewhat in Division 1.

Undoubtedly missing the reassuring presence of James Rule, it wasn't until after the New Year, when they realised relegation was becoming more than just a remote possibility, that they improved markedly to the extent they finished a comfortable eighteen points ahead of University A who were consigned to the play-offs.

Joel Wright didn't miss any of the twenty one matches, and in addition ably deputised for the A team on five occasions. After an uncharacteristically slow start he played a leading role in the B team's revival.

More success followed in the handicap Shepherd Trophy, where both the A and B teams each recorded wins in four rounds to meet in the final. The outcome was a tense and exciting 5-4 victory for the B team.

With the rules governing who can play for what team in this

competition not the same as the League, Martin Lowe was the victorious B team captain, together with son Matthew and Tom Needham.

The unlucky A team runners-up were James Rule, undefeated in the final, Joel Wright and Neil Raine.

Confirmation of Coneysthorpe's dominance in the York Closed Championships can be seen in the role call of individual trophy winners:-
