Condolences

The village enjoyed a peaceful and snow free Christmas and Boxing Day with many families gathering together to enjoy this important festival.

However, the happiness was soon marred after Christmas with the tragic deaths of Paddy Bentley and Catherine Stainsby who both sadly died doing something they enjoyed.

There are no adequate words at times like these but I felt it was necessary to offer our support and prayers to all the families of these two young

Christmas in Swinton.

Do you remember? Thus began the tales of Swinton at Christmas years ago.

Many of the old folk of the village had stories to tell and this is what they told me.

The carol singers met at the Chapel and went around the village and to Swinton Grange, singing the Christmas story. Folk in the houses were ready with sweets and biscuits and ginger wine (non- alcoholic!!) It was a wonderful evening as voices filled the frosty air and everyone enjoyed being together and sharing Christmas Carols.

The Sunday before Christmas was and still is known as Carol Service Sunday. Folks would

May they rest in peace.

fill the chapel for the Sunday school's nativity service. There would be a large Christmas tree in the chapel and the children would be ready to tell the story of the birth of Jesus. With tea towels on their heads, dressing gowns ready, tinsel halos of the angels and the Wise men who always wore shining crowns. One year they even managed to have a real baby in the manger.

On Christmas Eve Swinton Band played carols around the village merrily playing Silent Night not very calm but very bright as the brass instruments caught the lights from the torches and lanterns. The next stop was the Blacksmith's Arms where band and village folk gathered to sing carols and enjoy refreshment. The landlord called time but no one moved until just before midnight when the band would go around the village playing Christians Awake after that they would all squashed into Mrs Clarry's (house wife of Clarry Cartwright for many years bandmaster) for some food before going home. The band would be in the village again on Christmas morning to play a few more carols to celebrate the day.

Dog fouling

On west street 26th Nov 2011 between 0930 -1130

After returning with my shopping trolley I unknowingly pulled it over some dog pooh lying in my drive.

Wouldn't it be great If dogs cleared up after Themselves ?

But it's up to you[®] Please clean up after your dog This was carried by the wheels into my house and onto my living room carpet.

There is either a dog being let out unaccompanied, or an owner who has no sense of responsibility for its ownership.

This is not the first time my drive has been fouled; therefore the Ryedale Dog Warden has been informed.

Name and address supplied.

Salt Bin.

The Parish Council have provided a salt bin for the use of the residents of The Green, The Mount and Highfield Terrace.

Thank you to all those who

contributed to the purchase of the salt.

P Powell.

Swinton in Bloom.

Plans are in hand to plant trees and shrubs along the side of the B1257.

We are also placing an anvil and a trough to mark the site of the Old Smithy at the side of Hornsey Meats.

The money to purchase these has come as a grant from The Howardian Hills, Area of Outstanding Natural Beauty.

Swinton Through The Census 1891

The 1891 census was taken on 5 April and the total population was given as 28,999,724, an increase of 3,025,724 in the ten years since the previous census.

In Swinton however, the population continued to fall. There were now 72 households compared to 88 in 1881; 318 inhabitants compared to 345, made up of 160 males and 158 females.

As before, unfortunately, actual addresses were not given except for: the Blacksmith's Arms where John Towse, born in Sunderland lived.

Swinton Cottage where Joseph Mills born in Warwickshire lived.

Thricka Castle where Salton Parkinson lived.

Swinton Grange where Ann Smith lived.

Manor House where Amos Cass lived.

Other villagers included John Hickson, butcher, Johnson Coates, tailor's apprentice, Thomas Foster, Blacksmith. William Woodall was a plate layer with NER and had a wife and five children aged 12 years to 3 months. Living with them was Ernest Gray aged 1 born in Folkton Searbon and listed as a nurse child.

Ann Ruddock was a widow aged 56 whose occupation is listed as general labourer. She had two daughters living with her aged 12 and 9 and also John Race aged 8, also a nurse child. The meaning of nurse child seems to be what we would today call fostering, though it is not clear whether any payment would have been made.

The youngest person was Herbert Shepherd, aged 1 month who was the youngest child of George and Elizabeth. The oldest were a couple, George and Mary Coates, who were 74 and 75 respectively. It is possible that they were related to the afore-mentioned Johnson as they lived nearby.

Village residents not born in Yorkshire came from Durham, Hampshire, Lancashire, Lincolnshire Shropshire, Staffordshire, Warwickshire and Worcestershire.

Police Box. Community Police News

The following articles have been sourced from NYP Community Messaging.

New national non emergency number 101

The national non-emergency number 101 is coming to North Yorkshire Police on 12 December 2011 and will replace the 0845 60 60 24 7 number. While 999 is a wellrecognised number used to report emergencies, the 2010 British Crime Survey found that only 54% of the public knew how to contact their local police if they wanted to talk to them about policing, crime or anti-social behaviour.

The introduction of the 101 number will offer the public one easy way to contact their local police force.

The benefits of this new number include:

Calls from landlines and mobile networks cost 15 pence per call, no matter what time of day you call or how long you are on the phone.

101 is available 24 hours a day

When you call 101, you will be able to speak to the force control room via the automated switchboard. When you call 101, we will act on the information we receive. Calling 101 will not result in your call receiving a lower priority than if you had called 999 about a non-emergency issue.

For those callers who are deaf, hard of hearing or speech impaired, the service can be accessed via text phone on 18001 101

Bogus Callers

Please be aware of possible bogus callers who have been operating in the Scarborough area whereby a female entered a property, stating that she was collecting for the Salvation Army. The Salvation Army have confirmed that they do not carryout doorstep collections. Do not allow anyone into your property, always check for ID and never give out your Bank Details. Please do not become a victim of crime.

Bank Scam

This is a message from North Yorkshire Police a male stating he works for Lloyds bank has phoned someone up stating he has a new debit card for the customer they have confirmed bank details over the phone and then a male delivered and swapped cards at the customers home address, then used the old card to obtain money out of the cash point. Please do not pass any bank details over the phone.

Distraction Burglary

This is message from North Yorkshire Police.

Wednesday the 4th of January 2012 at approximately 15:30hrs a blue Land Rover Freelander VRM:BF55*** was seen acting suspiciously in the Colstan road area of Northallerton. The vehicle contained 5 males. If this vehicle is seen please call North Yorkshire Police on 101 and quote reference number NYP-04012012-0240.

Volunteers

North Yorkshire Police Authority (NYPA) is currently seeking to recruit more volunteers to its Independent Custody Visiting Scheme.

Independent Custody Visitors (ICVs) are voluntary members of the local community who are appointed by NYPA to visit police stations unannounced to check and report on the welfare and treatment of people arrested and detained in police custody. This is a unique voluntary role as ICVs have random and largely unfettered access to detainces.

The Scheme requires representatives from as wide a variety of backgrounds and sections of the community as possible. No experience is necessary as successful applicants will be fully trained and supported in conducting visits.

ICVs are always made in pairs, at any time during the day and on any day of the week that is convenient to themselves and the ICV they are paired with. Visits usually last one hour on average but this timescale may vary depending on how busy the custody area is at the time of their visit!

ICVs are normally expected to make on average 1 or 2 visits each month to the police station in the area in which they live, so this is an ideal voluntary scheme if you wish to contribute something back to your local community without committing too much time from your work, studying, social or family life. Group meetings are also held four times a year to raise issues and share experiences. We have panels of ICVs in Harrogate, Northallerton, Scarborough, Skipton and York which cover North Yorkshire and the City of York.

If you are age 18 plus, interested in the ICV Scheme and would like to request an information and application pack, please get in touch. Either contact the Scheme Administrator Claire Askew on 01765 641839, email <u>info@nypa.gov.uk</u> or visit the NYPA website <u>www.nypa.gov.uk</u> for more information.

How to Contact Us In an emergency always call 999. To report crime or antisocial behaviour call our non-emergency number on 101 or Email: ryedalesnt@northyorksh ire.pnn.police.uk

Gardening Calendar February

February can be a mild month and bring an early spring, or it may remain very cold slowing the appearance of early spring bulbs. Your garden activities will be very much dictated by the temperature.

As the soil starts to warm outside weed seeds will start to germinate, this is nature's signal to gardeners that spring is starting, the soil is warm enough to start growing seeds outside and it's time to go gardening.

Even so, the odd cold snap can still have us reaching for the fleece to protect early sowings. Always make sure you have a contingency plan, never sow the whole packet of seed in one sowing just in case the weather takes a downturn and you have a crop failure. With more seeds in the packet you've always got a second or third chance for success.

Fruit and Vegetables

Prune autumn-fruiting raspberries and feed with Sulphate of Potash Fruit & Flower food

Give established blackcurrants their annual prune, aim to prune out a quarter of the old stems.

Finish planting any bare root

fruit canes, bushes and trees Place forcing jars over clumps

of rhubarb Keep an eye out for weeds in

the veg garden

Buy and chit early varieties of seed potatoes

Plant out onion sets

Sow veg seeds such as broccoli, early carrots, cut and come again lettuce, parsnips

Sow peppers, aubergines, chillies and tomatoes indoors to give you the earliest plants for growing in the greenhouse

Sow broad beans individually in 3in pots and leave to germinate on the windowsill

Don't forget crop rotation. Prevent the build up of pests and diseases in the soil by rotating your crops around the veg patch.

Jobs Around The Garden

Prune trees and many summer flowering clematis

Cut back overgrown shrubs and feed with slow-release fertiliser such as Bone meal Root Builder.

Sow annual flower seeds under cover, for example Alyssum, Busy Lizzies, Cosmos, Petunias and Sunflowers Propagate new plants from hardwood cuttings; Buddleia, Dogwood, Spiraea and Honeysuckle

Top dress containers by replacing top inch with new compost such as Container & Basket Compost

Plant summer flowering bulbs

Divide and plant snowdrops

Repot root bound and exhausted houseplants using Indoor Plant Compost

Mulch beds and borders, try using Bed & Border Chipped Bark

Improve your soil by digging in some Top Soil or organic Farmyard Manure

Put up some bird boxes to encourage wild birds

Clean paths, decking and patios, try using Paving & Decking Power Cleaner.

Rainfall.

Swinton Reading Room and Community Hall

The regular clean up took place over the Christmas break and activities at the Reading Rooms will now be in full flow.

There are two children's parties scheduled for January along with a the table tennis matches on an evening.

The snooker room is available for hire with a full size table. Hire of that room is $\pounds 2.00$ per hour. Perhaps it is time to get in some practice for the proposed snooker tournament!! Obviously children need to be supervised.

Another Beetle Drive is being arranged for Friday 23rd March 2012.

Would any of the adults like to run a whist or domino drive? It was interesting that something like the Beetle Drive was so popular and perhaps some of the "old style entertainment" would be good. Maybe a Pie and Pea supper? Bring the village together?

Any ideas or booking enquiries to Dianne on 01653 697548.
