

Rebel Beat – The Goo Goo Dolls

Intro - **G Cadd9 G Cadd9**

(G) We keep heading in the same direction.

(Cadd9) You've become my own reflection.

(Em) Is that your soul that you're trying to protect?

(Cadd9) I always hoped that we would intersect, yeah.

(G) You need time to cope and time to heal,

(Cadd9) Time to cry if it's what you feel.

(Em) Life can hurt when it gets too real.

(Cadd9) I can hold you up when it's hard to deal.

(Em) *Alive, alive, (Cadd9) Alive is all I wanna feel.*

(Em) *Tonight, tonight, (D) I need to be where you are,*
I need to be where you are.

(G) *Hey you, look (D) around! Can you (Cadd9) hear that noise?*
It's a rebel sound.

We got (G) nowhere (D) else to (Cadd9) go.

And when the (G) sun goes down, and we fill the (D) streets,
You're gonna (Cadd9) dance 'til the morning to the rebel's beat.

You can (Em) take every(D)thing from (Cadd9) me
'Cause this is all I need.

G Cadd9 G Cadd9

(G) You know that life is like a ticking clock:

(Cadd9) Nobody knows when it's gonna stop, yeah.

(Em) Before I'm gone I need to touch someone

With a **(Cadd9)**word, with a kiss, with a decent song, yeah.

(G) And it gets lonely when you live out loud,

(Cadd9) When the truth that you seek isn't in this crowd.

(Em) You better find your voice, better make it loud.

We've gotta **(G)** burn that fire or we'll just burn out.

(Em) Alive, alive, **(Cadd9)** Alive is all I wanna feel.
