

If It Was Nae For Your Wellies

If it [A] was nae for your [E7] wellies [D] where would ye [E7] be?
[A] You'd be in the hospital or [Bm] infirma-[E7]ry
'Cause [A] you would have a dose of the flu or [D] even pleuri-[A]sy
If ye [A] did nae have your feet in your [E7] wel-[A]lies

Oh [A] wellies they are wonderful, oh [D] wellies they are [A] swell
'Cause [A] they keep out the water and [Bm] they keep in the [E7] smell
And [A] when you're sitting in a room [D] you can always [A] tell
When [A] some bugger takes off his [E7] wel-[A]lies

If it [A] was nae for your [E7] wellies [D] where would ye [E7] be?
[A] You'd be in the hospital or [Bm] infirma-[E7]ry
'Cause [A] you would have a dose of the flu or [D] even pleuri-[A]sy
If ye [A] did nae have your feet in your [E7] wel-[A]lies

And [A] when you're out walking in the [D] country wi' a [A] bird
And you're [A] strolling over fields just [Bm] like a farmer's [E7] herd
And [A] somebody shouts, "Keep off the grass" and [D] you think how ab[A]surd
and SQUELCH [X] you find why farmers all wear [E7] wel-[A]lies

If it [A] was nae for your [E7] wellies [D] where would ye [E7] be?
[A] You'd be in the hospital or [Bm] infirma-[E7]ry
'Cause [A] you would have a dose of the flu or [D] even pleuri-[A]sy
If ye [A] did nae have your feet in your [E7] wel-[A]lies

There's [A] fishermen and firemen, there's [D] farmers and [A] all
[A] Men out digging ditches and [Bm] working in the [E7] snow
This [A] country it would grind to a halt and [D] no a thing would [A] grow
If it [A] was nae for the workers in their [E7] wel-[A]lies

If it [A] was nae for your [E7] wellies [D] where would ye [E7] be?
[A] You'd be in the hospital or [Bm] infirma-[E7]ry
'Cause [A] you would have a dose of the flu or [D] even pleuri-[A]sy
If ye [A] did nae have your feet in your [E7] wel-[A]lies
