November 2015

Current Project

Hoyland Down to Brock Meadow

The Trust has committed **£20,500** to the School, to fund the Railway Action Group's earthworks project. This will restore the line from the Hoyland Down terminus, down through the tunnel, to Brock Meadow.

Project to be complete by December 2015.

The Headmaster has committed **£4,500** from the Friends of the Downs to fund new fixings and sleepers. The children will be busy learning how to refurbish and lay down the track work for next summer.

Project to be complete by Summer 2016.

Next Project

New boiler for Brock

The locomotive last steamed in 2010!

In 2010 the Trust commissioned drawings and legal approval for the design of a new boiler, which were completed in 2012. The Trust is now raising funds to buy a new boiler for Brock to bring it back into service.

£6,000 for a new boiler.

£4,000 to install the boiler and overhaul

Restoration Update

From the Downs Light Railway Trust
