Dear Sir or Madam

Re: Consultation on proposed improvement works; Snapant, Lopen Head, Lopen

I am writing to inform you of our intention to provide improvements to the Snapant, Lopen, and Lopen Head area. This is as a result of a request from County Councillor Le Hardy in 2015 as part of the Small Improvements Schemes Programme to improve road safety.

Works include; improved signage and markings on the Snapant junction bends, revisions to the 30mph speed limit extents and gateway enhancements for Lopen to make them more relevant to the village, improved weight restriction signage and vehicle size limit route restrictions at Lopen Head and Moor Lane.

For your information, please see the enclosed plan for further details.

If you have any comments regarding this scheme, please contact me on the details above by 19th December 2016.

Yours faithfully

Steve Lawrence

Principal Programme Implementation Officer
