**155/17 Planning Application Number 17/00928/FUL Mr N Bragg, Unit 2, Lopen Business Park, Mill Lane, Lopen, TA13 5JS** : The Council considered the retrospective application for the siting of a boiler house and the new siting of a "welfare" unit. A number of complaints had been received from residents of the village with regard to the application and the manner of development of the Mill Lane site, almost invariably in the form of retrospective planning applications. Not limited to, but including the factors that there was very little information on the detail or proposed use of the welfare unit, the site had been in operation for many years without such a unit and in the absence of any justification for its necessity, the Council agreed and resolved that they could not support the application for either building.

**156/17 The Government's White Paper on Housing "Fixing our broken housing market"** : The Council discussed the Paper and the summary received via Civic Voice. It was agreed that it was beneficial to feed into the paper, and it was agreed and resolved that the Chairman would respond on behalf of the Council.

The meeting concluded at 8.20 pm
