

GREAT HUCKLOW 7

The temporary closure of Great Hucklow Footpath No.7 has been extended through to 31 July 2016 due to a collapsed mineshaft, reports of ground disturbances and ongoing investigative work to establish the causes of damage. New notices should have been placed at either end of the closure to ensure the public remain informed. Thank you for bringing this to our attention, I have requested new notices to go on site.

For future reference, you can check the status and details of temporarily closed routes through our website by following this link:

https://www.derbyshire.gov.uk/leisure/countryside/access/rights_of_way/path_closure_register/search_the_register/default.asp

Many Thanks
Andy
