

### **Plan for brickwork repairs to the Walled Garden raised beds**

The brick work to most of the beds is weather damaged. Whilst most of the facing bricks are still in a reasonable state of repair the top layer are flaking and badly cracked.

The plan is to repair all of the beds over a period of time – either when the Friends have the time to do the work or as and when there are funds to repair the beds with contractors.

Sheffield Council Parks & Countryside have arranged for one bed to be repaired at the end of 2018. The length of the “Mediterranean” bed was 27.2m and required 356 bricks.

### **Contractor quotation to repair brick walls raised beds per 20m run**

1. Works at Hillsborough Park- raised flower beds - £975.00 exclusive of vat.
