PURPOSE FOR GROUP

Acknowledging that this App is the only social media some of our people may be able to access, St Joseph’s Parish has set up the above-named group to enable people to communicate with each other. Its intention is that those who attend either of St Joseph’s parish churches (St Joseph’s and Our Lady of the Rosary) can use the group to support and encourage each other spiritually and prayerfully at the time of lock-down of all churches. The Administrator of the group has current DBS certification.

CONSIDERATIONS

Anyone joining this group does so willingly and freely and acknowledges the following conditions:

1. St Joseph’s Parish/Administrator is not liable for any damage/virus/malfunction that should happen to a person’s phone whilst using their mobile device for the purposes of communicating in the above-named group.
2. St Joseph’s Parish/Administrator is not responsible for the personal postings of people within the group – however anyone using the group for reasons other than its “purpose” will be immediately removed by the Administrator.
3. Only communicate with the Administrator through the group. Note that the Administrator will block all numbers from contacting their personal telephone number direct. Any misuse or concerns should be directed to the parish via above contacts.
4. Each member of the group is aware that by joining the above-named group their mobile number is visible and therefore available to anyone else who is a member of the group of which use St Joseph’s Parish/Administrator has no control.
5. This is not a general discussion group and people should only post and comment in ways that prayerfully support and encourage each other in this time of crisis.
