St Peter's Church is still standing but not standing still!

In a normal year we have to spend: -

£783 on Insurance

£842 on Running expenses

£554 on Electricity

Last year from donations, weddings, funerals and profits from events we managed to cover our costs.

This does not cover any repairs or maintenance and certainly not the dreaded "Parish Share" (paid to the diocese) for 2012 our quota was £3270

In 2013 we are required to have our electrical installation checked, an asbestos survey done, the lightning conductor tested and a window repaired. This could lead to an outlay of £1,000+

A lot of maintenance is done by volunteers – for which we are very grateful- but not all of this can be done at no cost.

As you can see from the figures St Peter's Church, Ilton is desperately short of money.

We are fighting to keep this ancient building in good order and fit for purpose as the villagers of Ilton have done for centuries before us.

Please could you donate **ANY** amount of money regularly or as a one off contribution. This can be for the general fund or given specifically to maintain the building.

For more information please ring Kate Cameron on 01460 55308

Hedgerows and Grass verges

Whilst the local authority cut the hedgerows and verges along the roads only a few times each year, this is a reminder that householders do have a responsibility to ensure that the hedges and verges of their own properties do not cause an obstruction to the pavements footpaths or the highway.

It also helps to make the village look more tidy and pleasant.

If you feel that the highways has missed an area they are responsible for you can contact them on
0845 345 9155

**REMEMBER You are responsible for the grass verges

Please **book in advance** by phoning **Hilary on 53531** and make sure that she is told of any special dietary needs at the time.

No increase in prices - £4.50 (£3.00 for small children).

DOG MESS

There have been a large number of complaints about the amount of dog mess around the village that appears to be getting worse. This also includes reports of bags of dog mess being thrown into trees and hedges. Although the majority of dog owners are behaving responsibly by bagging and binning, the mess on the pavements indicate that there are some who are not.

There are a number of dog bins around the village which are emptied regularly by the council. These can be found near Spurwells, Merryfield lane, Rod lane and near the cemetery.

The Councils dog warden has been contacted about the problem and has put up signs around the village to remind dog owners of their responsibility. Extra patrols will also be made to monitor the situation.

Failure to clean up after your dog is a criminal offence. Anyone observed by the dog warden failing to clear up after their dog will be served with a fixed penalty notice or reported for a potential prosecution. If you are aware of specific individuals allowing their dog(s) to foul, please report them to the dog warden by calling 01935 462462.

NEWS from PC Toni Lines

1. Thefts from sheds and outbuildings

We are actively targeting known criminals but we also want to raise awareness as thefts from outbuildings, sheds and garages, particularly in rural areas, can increase at this time of year.

What can you do to protect yourself?

- Put away all tools and equipment and lock up. Remember these tools could be used to break into your home.
- Mark your tools with your postcode and house number or the first two letters of your house name and place the details on www.immobilise.com. Or, permanently mark them by scratching or painting: this will also reduce their value to the thief.
- Don't leave ladders outside, or chain them up.
- Replace standard door hinges on sheds and outbuildings with strap hinges secured by coach bolts. Or, use security screws on existing hinges.
- Use good quality locks to secure your gates and doors. A tough pad bar (also called hasp and staple) fitted with a strong padlock and secured with coach bolts is the most effective way of securing a door.
- Fit up-and-over garage doors with a padlock with a hasp and staple on each side. Specialist locks for such doors are also available.
- Double garage doors with a rim latch should be supplemented with a mortice deadlock. If the garage is attached to the main building ensure that connecting doors are secure.
- Install outside security lighting operated by either movement sensor or photo electric cell (Dusk to Dawn light).
- Check that your household insurance covers theft from your garden and outbuildings.
- Fit a battery operated alarm. Speak your local crime prevention officer for advice.
- Fit a window grille and/or frosted window film to stop a thief seeing into your shed or garage. Chain tools, cycles and other valuable equipment together with a good quality chain and padlock.
- Photograph valuable and unusual garden ornaments and keep these in a secure place.

ILTON 60+ CHRISTMAS LUNCH

will be on Sunday, 15th December at 12.30pm

More details later in the year

Areas of responsibility and useful numbers

There have been a number of questions raised recently about areas of responsibility for repairs around the village and who problems should be reported to.

The following is intended as a guide to try and help.

The Parish Council has responsibility for some of the grass cutting around the village including the Recreation Ground, Church yard, Cemetery, Village Green. Also the recreation ground itself and Brook Common. Any issues with these areas can be reported to the Parish Clerk Sue Morley on 53378.

The District Council has a wide range of responsibilities such as Street Cleaning, Waste collection, Planning, Stray Dogs and fouling. More details can be found on their website at www.southsomerset.gov.uk or by contacting 01935 462462.

The County Council also has a wide range of responsibilities which include Highways, Pavements, Schools, Social Care, Libraries and Public Transport. More details can be found on their website at www.somerset.gov.uk or by contacting 0845 345 9166.

Local Councillor

Sue Steele is your District Councillor. She can be contacted on 01460281345, or via her website www.susansteele.co.uk

Your County Councillor is Christopher Le Hardy. He can be contacted on 07803 894992 clehardy@somerset.gov.uk

Parish Council

Fly Tipping

Fly tipping is on the increase around Ilton with rubbish being illegally dumped in areas such as Brook Common, The old railway halt and Frost lane among others.

People are being warned by South Somerset District Council to check out exactly where their waste is going if they pay a handyperson or company to take it away, or potentially face a fine of up to £5,000.

If you do employ someone to take your waste away you must make sure that they have a 'waste carrier's number'. You can call on the Environment Agency on 08708 506506 or visit their website.

Potentially if you don't check that they are authorised and they then dump your waste illegally, you could be found liable to a fine or a criminal record under fly tipping legislation.

Flytippers could be liable to a fine of up to £50,000, imprisonment and a criminal record. If caught

For more information and advice or to report flytipping please contact South Somerset District Council's Streetscene Enforcement on 01935 462462.

New Vicar

As some of you know our 'church benefice' has been extended to include Hambridge which means that our vicar is now responsible for 8 parishes! (Ilton, Ashill, Donyatt, Horton, Broadway, Isle Abbots, Isle Brewers & Hambridge.) Because of this, the diocese has appointed another vicar (part time) to help Andrew with his duties so we would like to welcome Margaret Cranston to our parish as from Sept this year. She is being licensed in our church on Friday 6th September at 7pm and then there will be a social "welcoming" in the village hall, including refreshments. Everyone is invited and we hope to see you there.

Merryfield Hall

On the weekend of 24th - 26th May the village hall was completely repainted and looks so much better. I would like to take this opportunity to thank the volunteers who took on the kitchen and main hall and it is thanks to you that our hall continues to look as good as it does. I would also like to thank the supporters of the 100 club whose money has gone to the necessary professional work that had to be done on the entrance hall, meeting room and toilets - I hope you agree that the money has been well spent. Over the summer holidays I hope there is an occasion for you to visit the hall. You'll be able to see that the hall is still looking good and over the past few years has had extra facilities added. If you are looking for somewhere to hold your special occasion, form a new club, need a meeting venue or hold a family party then the hall is the place to go! We are very competitive on hiring prices as well.

The Hall

£6.00 per hour for Ilton residents, £7.00 per hour for non Ilton residents and inclusive in this price is the main hall, tables and chairs for 100 people, central heating and lighting. (If you are a club and hire us for 26 weeks or more of the year then the hiring charge is reduced by £1.00)

The Kitchen

This has been fitted with a boiler giving a constant supply of hot water, has an industrial dish washer plus crockery and cutlery for 100. Dish cloths, tea towels & washing up liquid are also supplied. The kitchen is available at a cost of £1.00 per hour up to a maximum of £5.00

We also have contacts for a bar to take place at your event and caterers should you wish.

For other information, and photos, please see our facebook page. If you wish to make a booking please ring Jemma on 01460 – 55294

Thank you for your continued support

St Peters Church "Open Afternoons"

Every Wednesday, 2 - 5 pm
from May 8th - September 25th

As most of you know, St Peters is a closed church except for services and a few events during the year, so this summer we are trying to address this by opening for an afternoon every week. You are welcome to explore the church, socialise with friends or reflect in quiet contemplation.

We are currently trying to plan a scheme for the re-ordering of the church - come up and see what changes we're trying to make, and how

Some history of both the church and village will be on display

Enjoy a homemade scone with jam & cream (£1.50) or a delicious piece of cake (£1.00) with a cup of tea or coffee (50p)

Books, Art & Plants will be available to purchase

Put your family name on our 'ancestry wall!'

Win a prize on our raffle
Any enquiries please phone Jacqueline on 54164

FOOTPATHS

Please close the gates.

There are a number of very pleasant walks around the village on public footpaths. Most of these are marked with posts. They are walked regularly to check if they are accessible and all the gates are in good order.

There have recently been complaints from landowners about gates being left open which could result in animals escaping from the fields and also dogs not being kept under control and frightening livestock.

If you find any problems with any of the footpaths, please contact The Parish Council.

Meeting for the Re-Ordering (make-over) of St Peters

On
Monday 15th July, 7.30pm
At
St Peters Church, Ilton

Up until the early 1900's it was a fact that most people were expected to attend church which meant that it became a part of people's everyday life. Whole families attended Sunday services, children went to Sunday School and the majority of people were christened, married and buried in their local church. Most churches also had their own vicar! Because of this, churches were well attended and therefore well-funded. However, with the two world wars and subsequent rapid expansion of modern society, most rural churches now have a very moderate Sunday attendance, there are fewer and fewer Sunday Schools, a lot of couples choose to get married at their reception venue, a good proportion of us are cremated rather than buried and vicars are expected to run between 4 - 10 parishes!

Villages such as ours have felt the effects of 'modern society' with families having to move out of the village for one reason or another, factories, farms, shops etc closing down forcing people out of the village to find work. The heavy burden of both parents having to work to support their homes & family, & families scattered amongst the local area, we travel to be with them in our spare time, children visiting their mum or dad on weekends and so the story goes on.....

Consequently most of our lives are so busy these days that we don't know where the days go and have little time to do the things that our ancestors did. The church, unfortunately, is one of the casualties of modern society.

However, we all still like to think that living in a village means community life with a school, pub, shop and church amongst it's amenities and whilst we have lost one of these I'm sure we would all like to keep the other three! Our church is a small but pretty one and rich in its history and we would like to improve its facilities so that it can become an everyday part of people's lives again. Churches, cathedrals, chapels etc are having to diversify up and down the country and there's no reason why we can't plan to do the same. Our church will remain true to its origins but we could also encompass wider activities such as coffee mornings, mothers & toddlers, a small meeting place, a reading room amongst others and it is to this end that we are embarking on a major project this year to try to improve facilities in our church so that our services, and any other function we choose to put on, can be attended in relative comfort and warmth.

We would like to invite you to the church to hear, and visualise, what we would like to happen and then get your feedback over a cup of tea or coffee. So please join us on the 15th July for just over an hour and let us know what you think!

Would you like to buy, sell, swap your unwanted items or advertise your small business for FREE?

You may be interested in joining our village Facebook Group!

The group was established over a year ago, primarily for our village community and currently has over 150 members. Buying, selling, swapping, trading and sharing village information through the group can and should enable us to bring our community closer together online. As mentioned, use of the group is FREE and although we have no rules as such, we do ask that you take a quick look at the guidelines in the description, in order to maintain responsible and fair trading. Both of the administrators are based in the village and can be contacted via the group.

Village Agents

Village Agents are local people employed on a part-time basis to become trusted members of their communities and a valuable resource. They network extensively with Parish Councillors, Police Community Support Officers, social group organisers, transport providers, church groups, youth workers and others within their community. They receive 'referrals' from agencies and members of the community about people needing information or support.

Village Agents make home visits when necessary and provide high-quality information. They enable direct access to a wide range of services and use a secure electronic referral system. They may informally carry out a series of practical checks related to safety in the home (e.g. smoke alarms, falls prevention), benefit entitlement and energy efficiency. Visits are followed up when necessary by experts who will provide specialist information, advice and services, e.g. the fire service and social care. Village Agents identify unmet needs within their community and respond by initiating and supporting new social and healthy activities.

Your local Village Agent is –**Lisa Souster, Tel 07762 428481** or email lsouster@somersetccc.org.uk
