Dear Mr Lau

WALTHAMSTOW STADIUM 300 CHINGFORD ROAD CHINGFORD E4 8SL
Listed building application 2011/0907/LB

Thank you for your notification of the revised information for the planning and listed building applications at the former Walthamstow Dog Racing stadium.

The main revisions to the listed building application for the Entrance Tote building involve the provision of a skateboarding and BMX leisure facility on the upper deck of the street frontage (a former car park deck) and the adaptation of the interior of the Tote for climbing walls.

We are unsure from the submission whether further alterations beyond those shown will be needed to the car deck for the skateboarding and the addendum to the Design and Access Statement and some of the drawings contain comments about finalising the design in consultation with English Heritage (and other consultees such as Building Control).

Those discussions have not been concluded and given the nature of the car deck consider that this would not be suitable for resolution by condition. In the absence of this information we consider it would be premature to determine this proposal.

Yours sincerely

RACHEL GODDEN
Senior Historic Buildings & Areas Adviser
