Dear Ms Penfold

Walthamstow Stadium Notification of intended Court Action

Thank you for your email dated 5th November addressed to Mr Esom and passed to me for response. Please address all future correspondence to me.

I note that you state you are in the process of instructing solicitors for a potential judicial review of the Council's decision to issue planning permission in relation to the above development.

You have provided no information or evidence on your proposed grounds of challenge. The Council is satisfied that the planning decisions in respect of the Walthamstow Stadium (made on 16th May, and the subject of a decision notice dated 1st November) were lawfully made and will resist any legal challenge. You will be aware that a challenge cannot be brought simply because a party is dissatisfied with the merits of the application and decision.

I assume that you or your solicitors will comply with the Department of Justice Pre-Action Protocol. Please note my contact details for service of the letter before claim or any other papers in relation to this matter.

I look forward to hearing from you

Sincerely

Sue Chadwick
