

G5 – Coaches and Officials Code of Conduct

The policies and guidelines referenced within this document are those of British Canoeing and its Home Nation associations.

It is important that all staff and volunteers involved with children and young people understand their responsibility to safeguard children. In addition, those that deploy coaches, volunteers and officials know what standard of behavior is acceptable. A Code of Conduct has a number of important functions. It:

- sets out what behaviour is acceptable and unacceptable
- defines standards of practice expected from those to whom it applies
- forms the basis for challenging and improving practice and ability
- helps to safeguard staff/volunteers by encouraging them to adhere to agreed standards of practice
- sets out for children and parents/carers the standards of practice which they and the organisation should expect from those who work/volunteer with children.

British Canoeing supports and requires **all** staff and volunteers involved with children and young people (under 18) within Paddlesport to observe the following standards of practice, including verbal and non-verbal actions when involved in activities with children.

All concerns about breach of this Code of Conduct will be taken seriously and responded to in line with the relevant Home Nation policies.

The standards of practice given below are indicative not exhaustive, and serve to highlight key areas.

If it is necessary to enter rooms, knock and say that you are coming in.
