Organisation (if applicable):		
Address:		
Post Code:		
Telephone:		
Email:		

We ask a number of questions within the consultation document on which we would like your views. When making your comments please use the following format:

- All Comments within **column A** must reference a chapter and/or Section
- Policy Comments: In **column B** Include the draft Policy reference number (this is located in the top left hand side of each draft Policy box). Then in **column C** indicate the question you are responding to.
- Site Comments: In **column B** use the site reference number (found on the top of the sites summary tables in Appendix 1).
- Comments on individual paragraphs: In **column C** indicate the question or paragraph to which your comments relate

Recording your comments in this format is important as this will enable us to ensure that your responses are logged correctly. If it is not clear to which section / policy or site your comment relates we may need to contact you for clarification. Please continue on a separate sheet if necessary.

	Chapter and Section	Preferred Policy Option or site reference	Question / Paragraph	Do you support the Policy/ Site?	Response
		MJP14		Yes	The Parish Council has no objections to the expansion of Ripon Quarry in line with the proposed preferred areas. However, the Parish Council notes its preference that restoration to agricultural land be promoted as it considers that there is sufficient open water in this area as a result of quarrying.
		MJP39		Yes	The Parish Council supports this site not being designated a preferred area.
		MJP38		Yes	The Parish Council supports this site not being designated a preferred area.
		MJP10		Yes	The Parish Council supports the discounting of Potgate Quarry as it considers that the proposed area is too extensive a tract of land, would take the quarry too close to residential properties and would be visually intrusive from the adjacent road.
	Any Other Comments: Please use the Space below to provide any other comments you may wish to make relating to minerals and waste policy matters				

Thank you for providing us with your comments.

All responses should be returned by 5pm Friday 15th January 2016

by email to: mwjointplan@northyorks.gov.uk
