The Recreation Ground Committee would like to thank all those who have contributed so generously to the playspace project, and to those who have offered their help. Repair work will be going ahead shortly, and in the meanwhile we need to set up a working group to plan a future replacement Playspace. This will be an exciting exercise and we hope that there will be many Peasmarshians – particularly those with young children – who will want to get involved.

"Having a bit of a Moan "

Last week we held our Annual Parish Assembly – perhaps not one of the most exciting events on the calendar, but this year the Parish Council had invited the Speed Watch Group to come and talk about their work in the village over the past year, and two of the Rother First Responders came to show us how to save a life with CPR, and how the defibrillators work. They are so easy to use! They "tell" you exactly what you have to do. Did you know there was one in Jempson's ? This was a really instructive demonstration.

The councillors came. The First Responders came. 5 Speedwatch volunteers came..... And ONE member of the public.

Shame on you, Peasmarsh !

and Jan Weston writes:

"Although people seem to be picking up their dog's droppings more often now there is a horrible lot of litter about in Peasmarsh. I am going to take a bag with me now every time I go for a walk and pick up whatever catches my eye. I also check the road and pavement outside my house and dispose of any I find there. If everyone did the same Peasmarsh would be a much tidier place!

Don't be a litter-bug!
