

## **Hilton AED**

Hilton now has an Automated External Defibrillator (AED) that is for emergency use by anyone in need in the parish.

The AED has been installed on the wall of the Prince of Wales Public House, PE28 9NG, that faces the post office and shop.

It has been logged with the East Anglia Ambulance Service.

Information regarding the use of the AED and related training events are advertised on the Hilton Community Website, the notice boards and by leaflets, which will be distributed to households in the village.
