Relationship to young person:

Please use the back of this form if more space is required

Note: The medical profession takes the view that the parent's/carer's consent to medical treatment cannot be delegated. This view is explicit in The Children's Act 1989. Thus, medical consent forms have no legal status and a doctor or nurse insisting on the consent of a parent/carer to a particular treatment has the right to do so.

For this reason we do not recommend that Leaders insist on parents/carers signing the statement above. However, it can be a comfort to medical staff to have general consent in advance from parents/carers or to have a Leader on hand able to sign forms required by medical authorities.

Kit List.

The young person will need to bring their personal equipment and should be encouraged to pack it him or herself. Kit to be packed in carrier bags **inside** a rucksack. The young person should be able to carry all of their kit.

This List is only a guide. and additional equipment for specific activities may be required. Think what you might need.

All items should be clearly labelled with the young person's name, either in biro on labels, nametapes, or permanent marker pen/ nail varnish on cutlery.

If there are any queries regarding this kit list, please contact the Camp Leader or your Section Leader.

Any medicine being taken – this will be carried by the young person
