248/17-18 Police Report

As some of you may be aware, PCSO Mike Froment has moved on to become a Police Officer. My name is Glen and going forward, I'll be the local officer

covering your area along with Shane. Please don't hesitate to get into contact if

you require anything.

During this time period, there was 1 isolated incident of theft, and 1 isolated incident of criminal damage. The offenders have not yet been identified. There

have been no other issues in the area. Contact with the primary school

continues as usual, with regular school patrols in place.

If you have any concerns please don't hesitate to get into contact with myself, or

Shane.

- b) Gate to Cemetery has dropped and is not opening and closing very easily. It was Proposed by Cllr Chapman, and AGREED that he has a look at this and attempts a repair

Agreed Cllr Chapman

# 264/17-18 GDPR Update:

a) Update from Clerk re attendance at workshop on 15<sup>th</sup> March was given NALC lobbying the government to help with the funding of providing Data Protection Officers for Parish Councils.

Printed copy of NALC GDPR Toolkit received

Designate Data Protection Officer discussed.

There are 2 new principles under GDPR:-

- 1. Transparency, which means you have to tell people if you are processing their data
- 2. Accountability, which says you have to document how you deal with peoples data e.g the purpose and the legal basis.

Cyber Security will become a very important issue, if a Parish Council is hacked there is a large cost for the recovery of data.

Recommendations are not to use names in Agenda's and Minutes and the Clerks Salary should be labelled as such and not include individual name.

Parish Council should consider encryption for emails and also documents stored. CAPALC is currently trialling the use of .gov for Councillors emails and and websites.

There are 6 steps that are recommended for Parish Councils to work through to enable compliance with GDPR:-

- 1. Do a data audit which involves listing all the different purposes e.g Meetings, newsletters and the reason that the data is used for e.g public interest
- 2. Take the audit info for each category e.g employee and work through the basis for holding this information. This may include removing data of old contacts etc
- 3. Develop Data Privacy Notices and work through the Internal Processes required for people to exercise their rights e.g to be forgotten
- 4. Do a risk assessment of data regarding breaches e.g cybersecurity
- 5. Work out actions to be taken should a data breach occur, as this has to be notified to ICO within 72 hours
- 6. Get the Data Protection Officer to come in and audit everything to make sure you are fully compliant.

Email received from CAPALC 9th April 2018 states:-

County wide DPO scheme.

The cost of being part of the county wide scheme will be an annual cost of:

- £25 for councils with an annual spend not exceeding £25,000
- £50 for councils with a spend above £25,000 and less than £200,000
- £75 for councils with a spend above £200,000

This fee includes a triage arrangement based on telephone support for member councils to help them through the initial paperwork in line with the NALC GDPR Toolkit when a breach is suspected and a referral for the council to negotiate further professional support at their cost from CAPALC's support partner for GDPR issues.

b) GDPR permission for notification of Civic Events from FDC discussed It was Proposed by Cllr Chapman, and AGREED, that contact be agreed to.

Agreed Clerk
