

Farringdon Neighbourhood Plan

“Have a say in the future of your area”

What is a Neighbourhood Plan?

- A community-led planning document.
- It will outline the local aspirations and shape how your area develops over the next 15 years.
- Produced by communities with your local parish council.
- Once adopted, holds legal weight when determining planning applications in your area.

What's the benefit?

- Have a say on things like new housing, open space provision and community facilities.
- Start thinking about what makes your village a great place to live and work!
- Fosters links within the community and gets people talking to each other.
- Potential for additional investment in your community if you complete a Neighbourhood Plan.
